مع اقتراب نهاية عام دراسي آخر، أجد نفسي أتأمل في الرحلة الرائعة التي خاضها كل واحد منكم. سواء كنت تختتم عامًا آخر في مغامرتك التعليمية أو تتقدم كخريج مستعد لمواجهة العالم، فإنك جزء من مجتمع استثنائي مبني على الفضول والمثابرة والشغف المشترك بالنمو.

إن مسؤوليتكم عمارة الأرض، وهي مسؤولية كبيرة في ظل مستجدات علمية وتقنية متسارعة ومن أهمها الذكاء الاصطناعي لذا من واجبكم أن تواكبوا هذه المستجدات بعقول منفتحة، وروح متطلعة إلى الإبداع، مع التمسك بقيمكم الأصيلة التي تشكل البوصلة الأخلاقية في تعاملاتكم العلمية والعملية. اجعلوا من التكنولوجيا وسيلة لخدمة الخير والصالح العام، وكونوا على وعي أخلاقي مسؤول في استخدامكم للذكاء الاصطناعي وغيره من أدوات العصر، بما يضمن تحقيق التوازن بين التقدم التكنولوجي والالتزام الإنساني.

إلى طلابنا الخريجين، هذه نهاية وبداية في نفس الوقت. أنتم تودعون ممرات مألوفة ومعلمين محبوبين وإيقاع الحياة المدرسية اليومي، لكنكم تتقدمون نحو مستقبل مليء بالفرص، حيث يمكن لأحلامكم وطموحاتكم أن تتحقق. ستكون هناك تحديات جديدة في المستقبل، ولكن إذا كان هناك شيء واحد أنا متأكد منه، فهو أنكم جاهزون. لقد أثبتتم بالفعل أنكم تتحلون بالمرونة والشغف والقدرة على التكيف مع التغيير— وكلها صفات ستخدمكم جيدًا في رحلتكم القادمة.

بينما تواصلون طريقكم، أشجعكم على البقاء متعلمين مدى الحياة. ابحثوا عن المعرفة ليس فقط من أجل الإنجاز، ولكن من أجل متعة الاكتشاف. ابقوا فضوليين، وتحذوا أنفسكم، واستمروا في النمو بطرق تلهم وتثري حياتكم. الأهم من ذلك، احملوا روح مدرستنا معكم وإيمانكم برب العالمين وواجهوا كل فرصة جديدة بنزاهة وتعاطف والتزام يجعل العالم مكانًا أفضل.

إلى طلابنا العائدين، صفحات قصصكم لا تزال تُكتب، وهناك الكثير في المستقبل. كل عام يجلب فرصًا جديدة للتعليم والقيادة والتعبير عن صوتكم في المجتمع. افتخروا بما أنجزتموه، وانظروا إلى الإمكانيات التي تنتظركم. مدرستنا أقوى بسبب الطاقة والتفاني والحماس الذي يقدمه كل واحد منكم، وأنا متحمسة لرؤية كيف ستواصلون تشكيل مجتمعتنا. تذكروا دائمًا أنكم جزء من شيء أكبر. الصداقات التي بنيتموها، والتحديات التي تجاوزتوها، والذكريات التي صنعتوها ستبقى دائمًا جزءًا منكم. أثناء فتحكم لصفحة جديدة في الحياة، افعلا ذلك بثقة وأمل ومعرفة أنكم طلبة مدرسة الحكمة الدولية وقادرون على تحقيق أهداف مميزة.

تهانينا لخريجينا، وأطيب التمنيات للجميع. المستقبل مشرق، وهو ملك لكم.

As another school year comes to a close, I find myself reflecting on the incredible journey that each of you has undertaken. Whether you are concluding another year in your educational adventure or stepping forward as graduates ready to embrace the world, you are all part of a remarkable community that is built on curiosity, perseverance, and a shared passion for growth. Your responsibility is to cultivate the earth, which is a significant duty in light of the rapid scientific and technological developments, the most important of which is artificial intelligence. Therefore, it is your duty to keep up with these developments with open minds and a spirit aspiring for creativity, while adhering to your original values that form the ethical compass in your scientific and practical dealings. Make technology a means to serve the good and the public interest, and be aware of your ethical responsibility in your use of artificial intelligence and other modern tools, ensuring a balance between technological advancement and human commitment.

To our graduating students, this is both an ending and a beginning. You are leaving behind familiar hallways, beloved teachers, and the daily rhythms of school life. But you are stepping into a future filled with promise, one where your dreams and ambitions can take flight. There will be new challenges ahead, but if there is one thing I know for certain, it is that you are ready. You have already demonstrated resilience, passion, and the ability to adapt to change—all qualities that will serve you well as you embark on your next journey.

As you move forward, I encourage you to remain lifelong learners. Seek out knowledge not just for achievement, but for the sheer joy of discovery. Stay curious, challenge yourself, and continue to grow in ways that inspire and enrich your life. Most importantly, carry the spirit of our school with you, keep your faith strong in God—approach each new opportunity with integrity, empathy, and a commitment to making the world a better place.

To our returning students, the pages of your story are still unfolding, and there is so much more ahead. Each year brings new opportunities for learning, for leadership, and for finding your voice in the community. Take pride in what you have accomplished, and look ahead to the possibilities that await you. Our school is stronger because of the energy, dedication, and enthusiasm that each of you brings, and I am excited to see how you continue to shape our community.

Whether you are graduating or returning, always remember that you are part of something greater. The friendships you have built, the challenges you have conquered, and the memories you have created will always be a part of you. As you turn the page to the next chapter, do so with confidence, with hope, and with the knowledge that you are an AHIS Shark who is capable of incredible things. Congratulations to our graduates, and best wishes to all of you. The future is bright, and it belongs to you.

First of all (الحمد لله). High school has been an unforgettable journey, marked by both challenges and triumphs. It has been a time filled with memorable moments that have greatly influenced my development. I owe a great deal of gratitude to the amazing individuals who supported me throughout this experience. To my beloved Mama and Baba, words fall short in conveying the depth of my gratitude, love, and appreciation for all that you have done for me. From the start, you placed your faith in me, even when I struggled to believe in myself. I could never have reached this milestone without your constant support and the sacrifices you made along the way. Thank you for encouraging me to push my boundaries and for your unwavering belief in me. I will never be able to fully repay you for everything you've given me. All that I am and all I've accomplished is a reflection of your love and guidance. To my wonderful siblings, Abdulla, Basma, and Asma, you have been amazing sources of support and strength throughout my journey, and I am truly thankful for the bond we share. I appreciate how you have always been there for me in your own special ways, cheering me on every step of the way. I treasure the memories we've created together, including our amusing arguments that I will always remember fondly. As your big brother, I want you to know that I will always be here for you, just as you have been for me, and together we can tackle any challenge that comes our way. To my incredible friends, you have truly become my second family. I am deeply grateful for your unwavering support during every challenge I've faced, for being my rock in difficult times, and for celebrating both the small victories and the significant milestones alongside me. You have filled these years with so much joy, laughter, and unforgettable memories. Your friendships have transformed high school into a journey that I will cherish forever. Thank you for being the light in my life. Special thanks go to all my teachers, whose dedication and guidance have been instrumental in my success. Thank you for challenging me to grow, encouraging me to think critically, and inspiring me to dream big. As I embark on the next phase of my journey, I carry with me the invaluable lessons I've learned and the treasured memories I've created along the way. This chapter of high school has been a rich tapestry of highs and lows, each experience shaping me into who I am today and preparing me for what lies ahead. I understand that the future will present its own unique set of challenges, but I am fully ready to face whatever comes my way. I approach this new chapter with confidence, knowing that I have an amazing foundation of support from those who believe in me. With their encouragement and the resilience I've developed, I eagerly anticipate the adventures and opportunities that await me in the near future.

As I sit down to write this letter, I reflect on the profound impact this school has had on my life and the lives of so many others. It is with immense gratitude and heartfelt appreciation that I dedicate this letter to the incredible experience in the school that has shaped us, nurtured our talents, and inspired us to reach our full potential.

Firstly, I would like to thank the teachers. Each day, you bring your passion, energy, and expertise into the classroom, creating a spark of curiosity and a love for learning in all of us. Your belief in our abilities pushes us to aim higher and strive for success. Whether through long hours spent crafting engaging lessons or the time taken to listen and guide us individually, you make us feel valued, supported, and truly understood. You are not just educators but mentors and role models who inspire us to dream big and work tirelessly to achieve those dreams.

To my friends, who have always been there since the beginning of school. Together, we shared laughter and fun that echoed in the hallways, supported one another through challenges, and celebrated big and small victories. You have been my source of strength and comfort; the memories we've created here will forever hold a special place in my heart, reminding me of the joy, friendship, and trust we've built together.

I would like to thank team Jawik for the experience of a lifetime. Getting to work together could not have been more exciting and fun as it is. From the hardships and challenges we faced winning Company of the Year, and finally reaching Dubai for the Regional competition. I could not be more grateful to have you all as amazing friends. Thank you for making this journey unforgettable.

Finally, to my incredible parents who have always stood beside me, your unwavering support makes all of this possible. Your belief in the importance of goodwill has always been a motivator for me. You are the unseen pillars that are the foundation of our success. You are the guiding light illuminating our path, reminding us that anything is possible with love, encouragement, perseverance, and faith. I am forever grateful for your patience, wisdom, and boundless care.

This school is more than a place of learning; it is a second home, a sanctuary, and a place where dreams become a reality. It is where friendships are forged, skills are honed, and character is built. Each brick of this institution tells a story, and each story contributes to a legacy of excellence and resilience.

As I conclude this letter for my Senior year, I pledge to carry forward the values and lessons learned here and to honor the many contributions of those who make this school exceptional. It's not always about being the best or perfect, it's about learning from the mistakes of the past to be better than who you were before.

With deepest gratitude and respect,

## Abdulla Farooq Alrafaei

Before I begin my dedication, I'd like to share a phrase that has guided me through the most challenging times during my high school years: "الحمد لله". This simple yet profound phrase has instilled in me a sense of gratitude, reminding me daily of how fortunate I am to lead a life of comfort and stability. High school has been a transformative journey, one that has shaped me in countless ways. It is the unwavering support of those around me that has fueled my growth and helped me become the person I am today.

First and foremost, to my parents, Mama and Baba: Without your endless love and support, I would not be the person standing here today. Through every mistake, every setback, you remained steadfast by my side, offering guidance and encouragement. Your strength has been the foundation of my life, and I will forever be grateful for the pillars you both are.

To my beloved grandmother, your wisdom has been a guiding light, and your unwavering presence has made even the darkest days brighter. No matter how down I may feel, your comforting words have always steered me in the right direction. Without you, I would surely be lost, and I will forever treasure the lessons you've imparted to me.

To my sister, Reem: Thank you for always being my rock. You've been there for me through thick and thin, offering a listening ear, and knowing exactly how to make me laugh when the world felt heavy. Your support has meant the world to me.

To my little brother, Hamood: Watching you grow has been a constant source of pride. I'm so glad to have you by my side, and I'm excited for all that the future holds for you.

A heartfelt thank you to all my teachers, whose unwavering support and dedication have shaped me into an accomplished student. Each of you has played a pivotal role in my development, and I am deeply appreciative of the guidance you've offered.

To my friends, each and every one of you who stood by me through this high school journey: Thank you. You've been there for the laughter, the late-night study sessions, the triumphs, and the struggles. A special thank you to Isa, Ali, Ward, Mahdi, Ahmed, and Alex – your friendship has been a constant source of strength.

And to Team "Jawik": Our journey together was far from easy, yet it has become one of the most cherished memories of my life. From our victory at nationals, where we secured first place in the country, to the tireless effort we put in to represent Bahrain, to the unforgettable week we spent traveling together — these moments will forever remain close to my heart.

As I reflect on my high school journey, I am filled with immense gratitude for all the people and experiences that have shaped me. This chapter of my life has not always been easy, but it has been rich with lessons, growth, and unforgettable memories. The love, support, and guidance from my family, friends, and mentors have been invaluable, and I am excited to carry these lessons with me into the future. I look forward to the next chapter with confidence, knowing that I am surrounded by a network of incredible people who have helped me become who I am today. Thank you all for being a part of my story — I am forever grateful.

### الحمد لله رب العالمين

Thank you, Allah, for granting me the strength and patience to endure every step of this journey. High school has been an experience I will never forget, one filled with challenges and hardships, but also countless unforgettable moments that have shaped who I am today. This journey would not have been possible without the incredible people who stood by me through it all.

To my dearest Mama and Baba, no words can truly express my feelings of gratitude, love, and appreciation for everything you've done. From the very beginning, you believed in me, even when I had doubts about myself. Reaching this point would never have been possible without your unwavering support and sacrifices. Thank you for believing in me, pushing me beyond my limits, and for never doubting me, not even for a moment. No matter what I do, I'll never be able to repay you. Everything I am and everything I've achieved is because of you. And I promise to continue making you proud in everything I do.

To my brother, Nasser, you have been a constant source of support and strength. I am extremely grateful for the incredible bond we share. Thank you for always being there in your unique way, for always cheering me on throughout this year's long journey, and for the memories we've created together, even the moments from our funny arguments, which are ones I'll carry with me forever.

To my amazing friends, you've truly been my second family. Thank you for standing by me through every challenge, for being the people I could lean on during the tough times, and for celebrating every little and big success with me. You guys have brought so much light into these years, filling them with laughter and unforgettable moments. Your friendship has made high school a journey I will always treasure.

Special thanks go to all my teachers, whose dedication and guidance have been instrumental in my success. Thank you for challenging me to grow, encouraging me to think critically, and inspiring me to dream big.

As I prepare to move forward, I carry with me the lessons I've learned and the memories I've made. This chapter of high school has been full of ups and downs, but every moment has prepared me for what lies ahead. The future will bring its own set of challenges, but I face it with the knowledge that I have an amazing foundation of people who believe in me.

## Alhanoof Ali Ahmed

بِسْمِ اللّٰهِ الرَّحْمٰنِ الرَّحِیْمِ الْحَمْدُ لِلّٰهِ رَبِّ الْعَالَمِیْنَ

Reflecting upon this concluding odyssey in my life, I find it is time for a trip down memory lane.

(الحمد لله رب العالمين).

Indeed, all praise be to Allah, the Lord of the Worlds. I offer my everlasting gratitude to the Almighty for every opportunity which came my way. Truly, it is He who provides me with the faith, strength, and resilience I need to keep walking my path. The road may be rocky, but He is the rock upon which I lean. To Allah, the Omniscient, I dedicate my achievements and accomplishments.

To my dear father, for dearest you will always be, words fail to depict how thankful I am for your being and your light in my life. You tell me, "Verily Allah, Most High, loves for you to perfect a good deed when you perform it." To you, I dedicate my achievements, for they are only reality because of your guidance. Trust that your sacrifices don't go unnoticed; you deserve to be thanked daily. I find myself resonating with Jane Austen when she said, "If I loved you less, I might be able to talk about it more." I don't know what I would do without you.

To my lovely mother, for loveliest you will always be, you are my comfort and security. Days may feel like stagnant waters, and nights may feel like cold winters, but you are the star which illuminates those blues in my life. My accomplishments are your accomplishments. You make me incandescently happy, and I wish you incandescent happiness. Thank you. I love you most ardently.

اللّٰهُمَّ صَلِّ وَسَلِّمْ وَرَبِّكَ عَلٰى نَبِيِّكَ وَحَبِيبِكَ مُحَمَّدٍ وَعَلٰى آلِ مُحَمَّدٍ.

To my precious sisters, Al-Jazi and Al-Khayal, I thank your mere presence in my life. You are so young yet so wise. You teach me the answers in life may be simpler than they appear. I love you very much and eagerly await the day you graduate.

To my favorite cousins, Zainab and Narjes, thank you profusely. You are my sisters from another mister—waterfalls of love inhabited by devotion. You are my trustworthy secret keepers, my confidantes, my consolation. Indeed, Agatha Christie wrote a line in her novel *The Secret Adversary*, which, I find, reflects how our kinship carries on through the ages, "[You are] my girl[s]! I've always loved [you], from the time we played together as kids. We grew up and it was just the same." Whatever our souls are made of—yours and mine are the same. We are the Three Musketeers, as we call ourselves.

To my closest companions, Yasmeen and Hanaa, thank you for your endless support. Our lasting friendship makes the troubles more tolerable. Thank you, Yasmeen, for kindling my love for movies. I appreciate all you have recommended to me, and I promise to watch them someday! Thank you, Hanaa, for you always cheer my brain on! You have infused my world with happiness and companionship. I recall our fellowship with this quote from Jane Austen's *Emma*: It's such a happiness when good people get together.

Finally, to my much-esteemed AHIS family, thank you all immensely for allowing me to discover much of my hidden potential. A big thank you to Mr. Mahmoud Bedier, Mrs. Vysakhi, Mrs. Fatima Saleh, Mrs. Batoul, Mrs. Emna Romdhan, Dr. Saeed, Mrs. Lisha, Mrs. Sowmya, Mrs. Deena, Mr. Mahmoud Shetewy, and Mrs. Adreen. Furthermore, a profound thank you to Mrs. Maya, Mrs. Rana, Mrs. Rasha, and Mr. Mohamed Ibrahim for your dedication to the students of AHIS. Class of 2025, congratulations! We made it! We have sweated blood and tears for the past fourteen years to pay off now. An earnest thank-you to everyone who made this trip worthwhile. Together, we embarked on this long journey. Now, our ship is set to arrive at its next port. As William Shakespeare once said, "All's Well That Ends Well!"

## Hanaa Farlis Awf

As I reflect on my high school journey, I am filled with gratitude for the experiences that shaped me. High school was not just a time of learning academically, but a profound period of personal growth and unforgettable moments.

One of my favorite memories is the countless times my friends and I gathered to play Uno during breaks. Those simple moments of laughter and friendly competition brought us closer together and created bonds that I will cherish forever.

Throughout these years, I have grown significantly. I've developed self-confidence, learned the importance of time management, and discovered the value of speaking up for myself. I've come to appreciate that my voice matters, and that embracing my thoughts and feelings is an essential part of who I am.

I want to express my deepest gratitude to the people who have supported me along the way. To my parents, thank you for your unwavering love and encouragement; your belief in me has been my foundation. To my grandparents, your wisdom and stories have inspired me to strive for greatness. To my brother, I appreciate your support and the fun we've shared; you've always been my confidant. I also want to give credit to myself for persevering through challenges and never giving up, even when things got tough.

A special thank you goes to my teachers, especially my biology teacher. Your passion for the subject ignited my own interest in biology and helped me consider a future in medicine when I was uncertain. You've made a significant impact on my educational journey, and I am grateful for your guidance and support.

I would like to express my deepest appreciation to my high school supervisor who was always there for me during tough times. Your kindness and understanding helped me navigate moments of uncertainty and sadness. Your support made a significant impact on my high school experience, reminding me that I was never alone.

Looking ahead, I see myself evolving into a more forgiving, calm, and helpful individual. I aspire to carry the lessons I've learned into the future, striving to make a positive difference in the lives of others. As I leave high school behind, I am excited for what lies ahead and will hold these memories and lessons close to my heart.

To the underclassmen, embrace every moment. Cherish your friendships, explore your passions, and never be afraid to speak up. Your high school experience is what you make of it, so make it count.

## Ali Fuad Maki

High school has been a journey I'll never forget, filled with challenges, growth, and unforgettable moments. These years have taught me resilience, confidence, and the importance of perseverance. Every experience, whether big or small, has shaped me into the person I am today.

This journey wouldn't have been possible without the incredible people who supported me along the way. To Mom and Dad, thank you for always believing in me, being my rock, and teaching me the value of hard work and dedication. To my sisters Zahra, Zainab, and Leena, your constant love, support, and encouragement have been my greatest source of motivation. You've inspired me to push forward, even when things got tough, and for that, I am endlessly grateful.

Special thanks to my teachers, whose dedication and guidance have been instrumental in my success. You not only taught me important lessons in the classroom but also encouraged me to think critically and approach life with curiosity and determination. Your influence has helped shape my path, and I am so thankful for your hard work and care.

To my incredible friends, thank you for standing by me through every challenge and celebrating every success. You've brought so much laughter, joy, and unforgettable memories into my life. The fun we've had, the lessons we've shared, and the support we've given each other will always hold a special place in my heart.

As I look ahead, I'm excited to see what life has in store. I know there will be both triumphs and challenges, but no matter how hard it gets, we should always persevere.

فَإِنَّ مَعَ الْعُسْرِ يُسْرًا

Here's to the memories we've made and the bright futures ahead of us.

## Ward Fadhel Saleh

Writing this, my heart feels heavy, because it means saying goodbye to friends who have inspired me, teachers who have guided me, and so many incredible people who have left an indelible mark on my life and the lives of my fellow students. This moment is bittersweet, filled with gratitude and an aching sense of farewell.

These past years my life has been filled with joy, sadness, guilt, and resilience, and to that, I owe my mother and aunt, the dazzling women from whom I received my name and my life's purpose. As they guided me through these incredible 16 years, I don't know if they ever realized that the person I most wanted to make proud of was them.

To my dad, you've seen my best qualities when no one could and helped me nurture them, your wisdom and wise words never failed to guide me to the right direction. Thank you for turning our house into a home.

Hamood, Zayoon, Ahmedoo, Salooma, and Lalo: thank you for everything. Watching each of you face their own struggles taught me so much about strength. When I felt lost or uncertain, you were there to remind me that I'm not alone, and that's something I'll never forget. We've all been through our own journeys, but I know that we'll always have each other, and that's the one thing that truly keeps me going. I'm beyond grateful for you all, for the love and support you've always given me, no matter what.

My friends, words cannot express how much your love, support, and kindness left an imprint on my heart. I appreciate you more than words could ever explain. Thank you for sticking by my side through the most chaotic times.

And finally, class of 2025. We never imagined the day we would finally be able to say we've finished school. We prayed for it to come, marked off the days on our calendars, and counted down the hours, minutes, and seconds. But now that it's here, I just want to say that you've become my home away from home. I appreciate every single one of you, and I'm forever grateful our paths have crossed.

Live, love, laugh.

With all my love and gratitude,

## Zain Nadim Siddiq

Stepping into a new school was like being the lead character in a movie I hadn't read the script for. I remember my first day so clearly, feeling like a complete stranger in this place that everyone else seemed to know by heart. I kept looking around, wondering if I'd ever feel as at home as they all seemed to. And then, slowly, things started to change.

First, it was small moments, a friendly smile from across the room, someone saving me a seat in class, a classmate giving me a high five after a PE class, even if I messed up more than once during the match. The school that once felt so big and unfamiliar started to shrink, one friendship at a time. Before I knew it, I was surrounded by people who I wasn't just seeing in the hallways but actually sharing moments with: those late-night study sessions that turned into laugh sessions, random lunch table talks that somehow felt like therapy, and all the last-minute pep talks before a test. Each day brought new memories, new people, and a new feeling that maybe just maybe I had found my place.

Looking back, I realize that this school isn't just a place I go to learn. It's become a second family, full of people who've taught me more about life than I could've imagined. To everyone who made me feel welcome, who listened to my weird stories, who laughed with me (and sometimes at me), who stayed up late talking about our dreams, our fears, and everything in between, thank you. Each one of you turned this experience from strange and intimidating to something truly unforgettable.

As we say goodbye, I know these halls won't feel the same without all of us here together. But no matter where life takes us, the memories we've shared will always remind me that I wasn't just a new kid here, I was part of something bigger, something like family. Thank you, and here's to never forgetting the best days we've had together.

## Arwa Jamal Alrowaijeh

First, I'd like to thank الله for his guidance throughout my whole life, but most importantly my academic life. Without his blessing I wouldn't have been able to accomplish the things I did. I'm forever grateful to have a place where I could go to let everything out.

Mama and Baba, thank you for everything. For pushing me to always do better and to be better. I know that I give you a hard time sometimes (most of the time) but you always put up with me. You both showed me what hard work and success is, and motivated me to always keep going. Again, thank you. Mama and Baba, I love you so much.

To my only sister, Um Rashid, Dua'a, you always put up with my mood swings, especially when I was studying for math. You made my high school life a bit more bearable. Being my only sister means that you have a special place in my heart, which also means a special type of love.

Our doctor, Salem, my competitor. Thank you for always being the role model I look up to. You made me challenge myself to always do better, well, better than you. You made me strive and excel in my school work while still having a friendly competition with you to be the "best". I love you but I'm still better ;).

Hamad, Bu Jamal, where do I start? I have lived with you the most out of all of my siblings. You and I have a bond where it feels like a friendship. I thank you for always being a shoulder I could cry on whenever I want and a friend, I can talk to about anything. I love you.

My babies, Jamooly and Rashoody, whenever I needed a break from all that was going on, I came to you for a hug. You are forever my favorite and I cannot imagine going through high school without having you two to cool off with.

جمال: احبك وايد و احب ان اسمي كان اول كلمة لك حبيب عمك انت!  
راشد: اموت عليك و على خدودك و ابتسامتك ياروح خالتك

And to my teachers who taught me what I know and who guided me through what I didn't, thank you all.

To sum up my 7 years in AHIS, it's been a rollercoaster, but having the people I had with me throughout every step, made it the most entertaining rollercoaster I have ever been on!

Class of 2025: Thank you for all the happy memories and laughs, you made my senior year truly a special one. I wish you good luck with your future and careers. أتمنى لكم التوفيق وبن ما كنتوا.

And just like that we reached the end of this journey. Class of 2025 WE DID IT!

## Ahmed Nadeem Baig

As I stand on the brink of graduation, it's hard to believe how quickly the years have flown by. Each moment spent together whether in the classroom, on the field, or at school events has woven a tapestry of unforgettable memories that I will carry with me for the rest of my life. From my first day of school, filled with excitement and uncertainty, to the confident individual I've become today, every experience has profoundly shaped my journey. The laughter we've shared, the challenges we've overcome in sports and performances, and the friendships we've formed will forever hold a special place in my heart. Let's cherish those moments as we enter the future, knowing they have prepared us for whatever lies ahead.

I owe a tremendous debt of gratitude to our teachers and mentors, whose guidance has been instrumental in my growth. Your dedication and passion for education have inspired me to strive for excellence in academics and character. You have challenged me to think critically, to question the world around me, and to pursue my passions with vigor. Each lesson you taught me went beyond textbooks, you instilled in me the values of hard work, resilience, and compassion. From your valuable insights during class discussions to the encouragement you offered during difficult times, you have truly made a difference in my life. Thank you for believing in me, for encouraging me to push my boundaries, and for showing me the importance of kindness, perseverance, and integrity.

To my beloved parents, thank you from the bottom of my heart for supporting me throughout my journey. You've been my pillar of strength during tough times and have helped me navigate every hardship. Mom, you've always been by my side, providing comfort and encouragement. I'll never forget when I broke my hand; you were the first person to rush to my side, and your presence instantly made me feel safe and reassured. Your love and support have brightened my spirits, and I hope to make you proud.

Dad, your unwavering support has pushed me to be the best version of myself. You always ensured I had everything I needed for school, striving to give me the best tools to succeed. You've been there, always ready to listen and offer guidance whenever I face challenges. I truly appreciate your checking in on me, and asking about my day and any problems I might have. You are the best dad I could ask for, and I love you so much. As I move forward into this next chapter, I carry your love and support with me. I hope to make you both proud of the person I am becoming. Thank you for everything!

لله الذي أكرمنا بالعلم وجعلنا من التاجحين، اللهم اجعل هذا  
التخرج بداية لنجاحات قادمة، وامتلاً حياتي بالتوفيق والسعادة.

School is a student's second home. We learn, socialize, and form memories with the ones we meet throughout this journey. However, as twelve years pass, I end my journey with gratitude, unforgettable people, lessons learned, and a new chapter to begin. I carry these cherished memories with me as I step into the future, excited for the adventures and opportunities that lie ahead.

To my parents, thank you for raising me to be the person I am today. I carry all your guidance, lessons, unwavering support, and love in my heart, always. To my mother, thank you for being my problem solver, my role model. You have taught me that taking action is what makes us improve and change. You find a way to protect me by teaching me as I grow older and wiser, while providing me all the love and affection a mother can give. To my father, thank you for being the one to comfort me. You taught me that by facing life's struggles with patience, Allah Almighty will reward you without measure. Your faith in me gave me the confidence to grow and flourish as a person, reminding me that every challenge is an opportunity to grow. To my sister, thank you for being the one to brighten the room. Your confidence and kindness inspire the ones around you. I'll miss the times when my friends would call you "mini Layan". I hope your school journey brings you countless opportunities and makes you shine even brighter.

To my family, thank you for your endless love and support. Your wisdom, stories, and guidance have shaped a big part of who I am. And to my cousins, I've enjoyed all the little moments when I've stumbled across you during breaks, and I'm proud to be known as your family across school. The comfort of knowing you has made my school years even more special.

To my friends, thank you for being the ones to stay by my side for all these years. Our laughter, support, and bonding moments have made my school experience incredibly unforgettable. I'll miss the times we'd talk during sessions, our lunch breaks, the jokes we shared, the trips, the activities we joined, and seeing you five days a week. From the ones I've known since I joined AHIS to the ones I recently befriended, I will carry a piece of everyone in my heart as I start this new journey. Thank you for being my family in my second home; your friendship will forever be cherished.

To my teachers, thank you for your dedication and support throughout all these years. Your commitment to teaching has had a great impact on my life and has taught me perseverance and curiosity.

Finally, to the class of 2025, I'm forever grateful to end this journey with you all. We've had wonderful, exciting, stressful, and unforgettable moments that I will cherish forever. We have supported each other through our ups and downs in this academic journey and celebrated our achievements together. We have built memories and connections that will last a lifetime. As we leave our second home for the last time, no matter what part you played in my life, I will remember each of you. Good luck to everyone on their new journey, and I hope we cross paths again.

Congratulations, class of 2025!!!

## Fahad Abdulhakeem Alyahya

As I stand on the brink of graduation, I find myself reflecting on the incredible journey that has shaped me into the person I am today. Over the years, I have faced struggles that tested my limits. Yet, through each trial, I have emerged stronger and more resilient, with a renewed perception of life. I have learned that every setback is an opportunity for growth, and today, I embrace the future with hope and determination.

In this moment of celebration, I want to express my deepest gratitude to the people who have been my pillars of strength, beginning with my mom. Mom, your selflessness knows no bounds. You have always put my needs before your own, demonstrating an unwavering support for every decision I make. Your strength inspires me daily, and your kindness is a light that guides me through the dark times. You are not just my mother; you are my best friend. Your love nurtures my spirit, and I cherish you more than words can convey. Thank you for believing in me even when I doubted myself. I love you beyond measure.

Your belief in hard work and perseverance has instilled in me the values I hold dear. I am grateful for your presence and the lessons you've taught me, which have shaped my character.

To my friends, Ali Alanni, Ali Bahman, Hassan Janahi, Mohammed Sulabi, and Mohammed Shams, you have been my companions through every step of this journey. Each moment spent with you has reminded me of the joy that life can bring and the strength that comes from friendship. From late-night talks to spontaneous adventures, we've faced challenges together that have shaped us in profound ways. Without you, this journey wouldn't have been nearly as enriching or fulfilling. You've taught me the value of loyalty, the importance of support, and the power of laughter. Each of you has played a vital role in helping me realize my potential and has made me stronger in ways I never expected.

A special thanks goes to Banan. Your support throughout my academic year has been invaluable. Without you, I would have struggled so much more, and I appreciate all the ways you've helped me stay focused and motivated. I'll never forget the late nights when I kept you awake just so you could help me study. Your dedication and patience during those times meant the world to me, and I know you sacrificed your own rest for my success. You've made a significant difference in my life, and I am truly thankful. Your kindness and unwavering belief in me have inspired me to push through my challenges, and I am forever grateful for our time together.

As I close this chapter and step into the next phase of my life, I carry with me the lessons learned, the laughter shared, and the love that surrounds me. I am deeply grateful for each of you—my family, friends, and mentors—who have shaped my journey. Together, we have created memories that will last a lifetime, and I look forward to what the future holds, knowing that I am stronger because of you all. Thank you for being a part of my story.

## Badoor Saber Albastaki

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ  
(يَرْفَعُ اللَّهُ الَّذِينَ آمَنُوا مِنْكُمْ وَالَّذِينَ أُوتُوا الْعِلْمَ دَرَجَاتٍ وَاللَّهُ بِمَا تَعْمَلُونَ خَبِيرٌ)  
...للـكـل بـدأـة نـهـائـة، وـلـكـل جـهـد طـيـب ثـمـرة طـيـبة

Since starting high school, I have experienced significant personal growth. I've become more confident in my abilities, particularly in public speaking and leadership. I've learned the value of collaboration and how to work effectively with others, especially during group projects and extracurricular activities. Facing challenges, whether academic or personal, has taught me resilience and the importance of perseverance. Additionally, I've developed a deeper understanding of empathy, learning to appreciate diverse perspectives and experiences through my interactions with classmates from different backgrounds.

As I close this chapter of my life and look back on the incredible journey that high school has been, I'm overwhelmed with gratitude, growth, and excitement for the future. These years have been a whirlwind of unforgettable memories—from late-night study sessions to cheering at games, from tackling challenges to celebrating victories with the amazing people who stood by my side.

I've learned so much about myself and the world around me during this time. I've grown into someone who is stronger, more determined, and ready to face what's ahead. Whether it was figuring out how to navigate complex assignments, manage my time, or find my voice, every experience has helped shape the person I am today.

## Humam Mohanad Alfiras

As I close this chapter of my high school journey, I reflect on the moments that shaped me, the people who stood by me, and the dreams that propel me forward.

High school was a mosaic of unforgettable memories. I'll never forget the pride I felt after scoring 1300 on the SAT—a moment that reminded me of the power of perseverance. Qualifying for the STREAM fair was another milestone, where I saw my hard work and curiosity come to life. And, of course, the countless hours spent studying with Ms. Batoul, whose patience and wisdom taught me the value of dedication and teamwork.

Over these four years, I've grown in ways I never imagined. High school taught me more than academics; it helped me develop critical thinking skills to navigate challenges and social skills to build meaningful relationships. These lessons have prepared me for the journey ahead.

In the next few years, I see myself pursuing my dream of becoming a pharmacologist. I hope to contribute to the world of medicine, using science to make a difference in people's lives.

This journey wouldn't have been possible without the unwavering support of those around me. So, a big thank you goes to my father, for always believing in me and showing me the importance of hard work, to my brother, for being a constant source of encouragement, to Ms. Batoul, for inspiring me to push past my limits, to my friends, for filling my days with laughter and unforgettable memories, and to my mentors, for guiding me and helping me discover my potential.

Thank you all for being a part of my story. As I move forward, I carry your lessons, your support, and your love with me, always.

With gratitude and hope,

## Yasmeen Sameer Masalmeh

High school has been a mix of “Did I really do that?” and “I can't believe we survived that!” I still remember my first day of 9th grade, walking into school with masks on as the world slowly emerged from the shadow of COVID-19. Then came 10th grade, a year marked by new teachers and a fresh wave of excitement as things returned to normal. By the first day of 11th grade, everything started to feel more real, and the idea of graduation was no longer distant but something I thought about regularly. Now, all those moments are treasured memories tucked away, ready to resurface and fill me with nostalgia. And here I am, stepping onto that stage and closing a chapter that started 14 years ago.

There's a quote that perfectly sums up my high school journey: “You gotta make your own kind of music, even if nobody else sings along.” It reminds me of how I approached these years—finding my rhythm, having fun, and working hard even when it felt like no one else was. But I wasn't alone on this journey. I had two incredible people singing the same tune: Al-Hanoof and Hanaa. Those two are truly the most wonderful women out there. I'd be surprised if you, the reader, have never heard of them before. We shared so many moments, from the last-minute panic of quizzing each other before tests to the laughter that made everything worth it.

And where in the world would I be without my dear mother, Enshad, and my amazing father, Sameer? Their endless support, sacrifices, and words of wisdom kept me going through every late night and stressful exam. And let's not forget my brothers—Omar, Ali, and Abdallah—who managed to bring chaos and joy into my life in equal measure. Through every challenge and triumph, they reminded me to keep my head up and my heart light.

To future graduates: Never say, “I'll do it tomorrow,” because tomorrow comes fast. Make the most of every moment, take chances, and chase after what sets your soul on fire. These years fly by, so be present, be bold, and don't hold back. Your future is built on what you choose to do today. And so, with a smile and a dramatic bow, I close this chapter, thankful for every wild ride, late-night laugh, and unexpected plot twist. To everyone who made this journey, one for the books—here's to the memories that we'll talk about for years and the stories that will only get better with time. Let's keep composing our symphony, even if no one else is listening.

## Arwa Jasim Alkuwaiti

الحمد لله الذي أكرمني بهذا النجاح

As I reflect on my 14 years at AHIS, I remember every detail from my very first day stepping into the school, feeling shy as I entered my classroom. All the friendly greetings quickly eased my shyness, making me feel at home. I realize that this school has been so much more than just an institution; it has been my second home. From my most shy first steps as I entered the classroom to the countless memories made with friends and teachers, AHIS has shaped who I am today. The support, encouragement, and sense of community I found here have been crucial to my growth, both academically and personally. I am deeply grateful for the experiences and friendships that have defined my journey, and I carry with me the lessons learned, and the love shared. I'll always be thankful for everything this school has given me, and AHIS will always hold a special place in my heart. My parents and family, thank you for all the support you have given me. You have always been there to encourage, listen, and help me. After Allah, I could not have done this without you and I will forever be grateful and carry your lessons with me as I step into the future. Mama, you have always believed in me and given me the biggest encouragement. Every time I was disappointed, you were the one calming me down and trying to change my mood. You would take me out on car rides, talk to me, or find ways to help me improve myself. I love you more than words could express. Baba, where do I even start? You have always shown support with words and actions, getting me anything I wanted, listening to my problems, and understanding me. You always make me laugh when I feel the worst. No one has ever made me feel my worth and how high my standards should be as much as you did. Thank you for all the opportunities you have given me through my school years. You will forever be my greatest blessing. To my brother, the most hard-working person, you have always helped me, from saving me with last-minute projects to giving me opportunities that led to amazing memories. We've shared countless days discussing everything going on at school, and you've always been there whenever I faced challenges. I appreciate everything you've done for me, which will always hold a special place in my heart. I will miss being in the same school as you, but it will be a relief not having to call you during home time. You know me better than anyone else, and I'm grateful to have a brother like you. As your older sister, I will always be here to support you. To all my best school friends, you know yourselves, thank you for the countless memories we've created and for supporting each other through every challenge. I will truly remember every memory, especially with the ones during the start of my AHIS journey and I will definitely be missing all the jokes we've shared. You'll all always have a special place in my heart. It's sad to know that we'll be going our own ways, but I can't wait to see where our paths lead us. Class of 2025, the day has come. As we step into the future, I hope we cherish these memories and continue to support one another. This is not the end, but a beautiful beginning. Lastly, AHIS has been a very special part of my life, and I want to extend my heartfelt gratitude to everyone who has been a part of it. Each interaction, every lesson learned, and all the support I received have helped me into who I am today. I will carry these memories with me as I step into the next chapter which I cannot wait for. Until next time...

## Hashim Amjad Alhashimi

As I look back on my high school journey, I'm filled with a mix of emotions: gratitude, nostalgia, and excitement for what lies ahead. These past few years have been more than just academics and school events—they've been a time of growth, discovery, and connection that have shaped me into the person I am today.

One of my favorite memories will always be the moments we spent playing football on the field during break time. The laughter we shared with friends was the highlight of my day, reminding me of the joy that comes from simple, carefree moments. Afternoons spent hanging out after school deepened the bonds of friendship and created memories I'll cherish forever. School events and celebrations were milestones that brought us together.

High school taught me more than just academics. Over these years, I've become more social and accepting of others. I've also learned to dedicate myself wholeheartedly to the things that truly matter, whether they be personal passions or goals. These lessons have made me more resilient and have prepared me to face whatever challenges the future holds.

None of this journey would have been possible without the people who stood by me. First and foremost, I owe everything to my parents, whose unwavering support and encouragement have been my foundation. To my teachers, who believed in me and pushed me to do my best, thank you for your guidance and patience. My friends and classmates, you've been my source of laughter, understanding, and companionship; you've made high school an unforgettable experience. To my relatives, thank you for your love and belief in my potential.

As I look ahead, I dream of a future where I can make a difference. I see myself continuing to grow. While the future is uncertain, I'm excited for the journey and confident in the lessons high school has taught me.

To my fellow students, I leave you with this: cherish every moment, even the small ones. They will one day be the memories you hold closest. Thank you, high school, for the lessons, the laughter, and the foundation for my future.

## Shaikha Hamad Alkaabi

I still remember my first day stepping through these doors, eager for it to be over before it even began. Yet now, as I reflect on my 11 years here, I can't help but feel an overwhelming sense of gratitude. I entered through these doors alone but left with unforgettable memories. Each classroom, each lesson, and each challenge has shaped me into who I am today. I owe much of my growth to the amazing teachers who guided me with patience and wisdom.

I'm especially thankful for my dearest friends, Bedoor and Ghadeer, my joy that never ends. You are the keepers of my secrets, the laughter in my days, always there when I needed you, in so many ways. I love you both dearly.

A big thank you goes to my parents who never gave up on me even during my most difficult days, to my sister who always cared about me, who helped me with studies and never looked down on me, and to my brothers who were also my best friends. I thank you all for having made my existence easier.

As I look to the future, I carry with me the lessons learned, and the friendships forged. My aspirations are high, and I am excited about the adventures that lie ahead. To the underclassmen, cherish every moment, embrace challenges, and rely on each other. Thank you, everyone, for being a part of my journey. As Robert Frost once said, "In three words, I can sum up everything I've learned about life: it goes on." Goodbye, and here's to new beginnings!

## Maryam Ali Al Farsi

بسم الله الرحمن الرحيم  
الحمد لله على وصولي لهذه المرحلة واشكر الله سبحانه  
وتعالى على التوفيق والنجاح ومن ثم اشكر خالتي و جدتي  
لما قدموا لي من دعم واسأل الله أن يطيل في أعمارهم

Words cannot explain how I am feeling at this moment... It's very hard to leave this school that shaped and impacted my life. I would like to start with thanking God for helping me reach this new stage of life and for strengthening my aplomb and faith always and when I need it the most.

As an AHIS graduate, I can assure you that this amazing school has changed my life. It is the product of the good encouragement of countless professional staff, faculty members and my peers who have become my AHIS family. I have been amazed at the love I have received and the knowledge that I have gained that far transcend the classroom. The opportunities that I have been given at AHIS are more than I could have ever imagined. I have not only been allowed the opportunity to see the world anew, but I've been shown how important it is to do my part in changing the world for the better. At AHIS, I have created relationships and participated in activities that will forever change and inspire my life

Auntie Khulood and Grandmother, my love for you never changes. In fact, it always increases when I mention you. You were always supportive of me at a time of need, and I will always be in great debt to you. I LOVE YOU.

My little sister, Noor, you are the best sister a person can ever have, and I love you. I always remember that you helped me with designing a project and that you've lied to save me from trouble. We ride together; we die together.

My friends, I need to write a book about you guys. It's impossible not to talk to you guys for an hour. We've made history with all those memories that we created in Al Hekma. Let me start with my best friend, Mariam Saleem. You have been with me since I joined Al Hekma, from day one in Grade 2 and we have never been apart. Your unwavering support has been my anchor. I couldn't have done this without your encouragement and belief in my potential. And here's a shout-out and a special thank you to my close friends: Hala Alabbasi for the help, the nice moments, and the unforgettable memories and Fatema Al Alawi for being there through the challenges and triumphs. Your friendship has made all the difference in my life. I would also like to thank the rest of my classmates.

Last but not least, I would like to thank the people who inspired me every day. These people brought out the greatest potential in me: Dr. Saeed, Mr. Mahmoud Ahmed, Mr. Mahmoud Setiwy, Ms. Amna, Mr. Nasr, Ms. Fatima Saleh, Ms. Deena Matar, Ms. Batoul, Ms. Vysakhi and Ms. Sowmya. You were like my parents, brothers, and sisters. I will always be grateful to you

This is not the end; rather, it marks the beginning of a new journey in our lives. Let us chase our dreams, hoping that one day our paths will cross again. Wherever life takes you, may you thrive in love and truth.

## Mohamed Obay Aldajani

"It's not about the destination, but the journey and those who walk it with you."

Looking back on my high school years, I'm struck by how each moment, each challenge, and each friend has left a unique mark on my life. I remember the countless afternoons spent playing football with my classmates. Those weekly games taught me about teamwork, resilience, and how to find joy in both winning and losing. The laughter we shared in class created a bond that made even the longest days feel lighter, reminding me that no day is ever truly bad when shared with good friends. And those post-school hangouts, where we could finally unwind after the grind of exams and assignments, will always hold a special place in my heart. They were the moments that made school feel more like a second home.

High school has been more than just academics or sports; it's been a place where I've grown in ways I never anticipated. I've learned to believe in myself, even when things seemed tough. Every project, every late night, and every test pushed me to think critically and persevere, qualities I'll carry forward with pride. I discovered new interests, developed skills I never knew I had, and became a person who's ready to face whatever the future holds.

But I couldn't have done any of this alone. My parents, Mom and Dad, have been my greatest supporters. Their love, encouragement, and constant belief in me are what got me through the hardest days, and I am forever grateful for their guidance and strength. My friends Yousif, Hussain, Hashim, Moayad, and Ahmed made every day brighter and every memory better. They stood by me through every up and down, turning ordinary days into unforgettable experiences. To my cousins, Yazan, Qabas, and Saja: thank you for always being there, like family and friends, always cheering me on and helping me see the best in myself.

As I look to the future, I'm filled with excitement and hope. I don't know exactly where life will take me, but I know that I'm ready to meet the challenges and opportunities head-on. I want to leave a bit of advice for those coming after me: don't rush through these years. Embrace every challenge, celebrate every victory, and treasure the friendships you make. They are what truly make high school unforgettable. Here's to the future, to new dreams, and to making every moment count.

## Fatima Mohsen Ali

I would first like to thank Allah, the All-Mighty, for all the blessings and opportunities that He has given me. We never believed that today would come. We prayed for its quick arrival, crossed days off our calendars, and counted hours, minutes, and seconds. Now that it's happened, I'm sorry it did because it means saying goodbye to friends who inspire me and teachers who have been my mentors, as well as a great number of other people who have had a significant impact on my life.

I'd like to take this opportunity to thank my amazing family, my sister, two brothers and my little nephew. To my beautiful Mama, we finally did it; I graduated! Here I am, making both you and Baba the proudest parents. I can't thank you enough for making me the person I am today, from manners and intelligence to shaping me up to be the best version of myself. You always wanted what was best for me, and you still do. I still remember you being so happy and proud, even for the slightest things. I will continue to be the person you always wanted me to be.

I am here today because of my Mom. I will always cherish the moments we spend together, from making jokes to asking you endless questions about anything. I love you so much, Mama.

To my idol, Baba, thank you for being my backbone. Seeing you so proud of me made me feel accomplished. You would always support me through anything I did. Baba, having great talks together always makes my day. I will always continue to make you proud. I love you. My journey at Al Hekma International School started 14 years ago. I still remember the good days in school when nothing truly had a meaningful significance and everything you did was just because you wanted to. I remember being just a kid in KG1, and now I'm graduating! To my lovely best friends, Yara Jahromi and Arwa Alkuwaiti, there are no words to describe you. All those years, you have just been the best. I can't thank you both enough, from our laughs about the lamest things to creating unforgettable memories. You've been there for me through everything, always offering your support, your laughter, and your love. I am so lucky to have you in my life.

I want to thank everyone who has been with me on this amazing journey. To my friends Shaikha, Bedoor, Layan, Yara, Noor, Haya, Waad, Banan, AlHanouf, Yasmeen, Ward, Arwa and Noof, who've been with me from the start, I can't begin to explain how much you've made this experience special. You've been part of the good times, the tough times, and everything in between, and each moment we've shared has made this journey unforgettable. Thank you for being a part of this chapter in my life. I will never forget you, and I'm excited to see what's ahead for us.

This experience cannot be put into words for how life-changing it was, from the days I was playing with my friends in kindergarten to stressful nights studying for exams. Days I would be sad to see the end of due to all the fun I had with my classmates and teachers.

To my fellow graduates of the class of '25, we finally made it! I remember way back in middle school, we were always talking about our graduation, and it's finally here. Congratulations to all of us for completing this journey and moving on with our lives.

Al-Hekma, I will miss you.

## Ali Maher Rustam

As I reflect on my incredible journey through school, I am overwhelmed with gratitude for the many people who have shaped my experience. From the first day I walked through the school gates in grade 9, I felt a mix of excitement and nervousness. But thanks to the warmth and kindness of my friends and family, I quickly found my place here. The laughter, the challenges, and the unforgettable memories have all played a pivotal role in my growth.

First, I want to thank my parents for their unwavering support and love. Your guidance has been my foundation, and I am eternally grateful for the sacrifices you've made to help me succeed. Your encouragement has been a constant source of strength, and I couldn't have asked for better role models.

To my amazing friends: Ali AlAnni and Hasan Janahi, thank you for giving me such a warm welcome when I first started my journey at this school. Ali Alaali, Fahad Alyahya, and Mohammed Sulibi, your support has been invaluable. Each of you has brought something unique to my life, and I am thankful for the memories we've created together.

I would also like to extend my heartfelt gratitude to my teachers. Your dedication, passion, and commitment to our growth have made a significant impact on my education and personal development. Thank you for believing in us and pushing us to be our best selves.

To my brother, Hassan Bahman, your presence in my life has been a gift. You always know how to lift my spirits and encourage me when I need it most. Your support means the world to me, and I am proud to call you my brother.

And to my cousins Mohammed Shams, Abrar, and Fatima Shams, you all have played such important roles in my life. Mohammed, you have always been there to lend a hand and share a laugh. Abrar, your uplifting spirit and positivity inspire me every day; you remind me to see the beauty in every moment, and your encouragement has helped me navigate challenges with grace. Fatima, your compassion and strength are a constant source of support, and your wisdom has guided me through many tough times.

This journey has been truly remarkable, filled with laughter, learning, and love. I am grateful to each person who has been a part of it, and I carry the lessons and memories with me as I look toward the future. Thank you all for making these years unforgettable!

## Banan Talal Airout

As I write down my thoughts, I find myself immersed in all the memories from these past four years. This journey is a memorable one; if only I could etch every smile, tear and laugh into my memory, for I really wish to never forget them.

I would like to start off by saying Al Hamdu li Allah. When I came to Bahrain 7 years ago, I used to fantasize about the moments I'm living today. Indeed, they plan but Allah is the best of planners. I'm filled with gratitude towards the outcome of my efforts, and I'm thankful to Allah for helping me with every hardship.

Mama, it took me a while to find the proper words to thank you for all that you have done for me, but I fail in finding enough words. I love you more than anything. Thank you for being my mother and my best friend, for giving me all that you have, and most importantly, for making me who I am today. No matter how many times I thank you, I still owe you. I love you, mama.

Baba, as I try to muster up the proper words to tell you just how much you mean to me, I want you to know that I love you. Thank you for giving me the life I'm living, for supporting me, being my support system, for making me the happiest daughter, and most importantly, for being my dad. I love you, baba.

To my brothers, Abdulrahman and Mahmoud, thank you for being my best friends and making every day feel a little lighter. Abdulrahman, despite you being annoying majority of the time, I don't know how to live without you. Mahmoud, my little ray of sunshine, I thank Allah every night that he made me your older sister. I love your silly jokes and even your little tantrums when you don't get what you want. I love you both so much.

To my best friends, Rayan, Fatoom, Waad, thank you for always being there and for making me smile on days that felt heavy. Rayan, my brother, I don't think words are enough to express just how much you mean to me. You know me better than I know myself, and I love you for being your true self. Thank you for always defending me when I wasn't there, for never letting anyone get to me, and reminding me to keep my head high; I love you.

Fatooma, my sister, Allah knew I needed you in my life and I'm very grateful for you. I pray every day for us to never be separated. I love you with everything in me, and I'm so thankful I have you. You always know how to cheer me up and make me smile. You always have my back, and know I always have yours. I can't imagine life without you.

Waad, my twin flame, I don't know how I would've gotten through these past years without you; thank you for listening to me talk about the same things repeatedly and for being there for me. I love you.

A special I love you to my dear friends Janjoona and Dan. You make life just that little smidge more worth it. It's always laughs and smiles with you guys around.

Lastly, I want to thank myself. I've been through a lot, but I'm proud of myself for getting up better and stronger. Life never seems to slow down and give you a break, and that means you must match the pace. It wasn't easy, and it won't get easier, but I know I'm strong enough to push through.

I wish I could freeze time and soak up all the moments. Time seems to be in a rush to pass by. It is a bittersweet moment; however, I'm excited to see what the future has in store for me.

## Rayan Zaher Baidas

First off, I would like to thank AHIS for helping me through my journey in Bahrain. This school taught me not only lessons but ways to grow myself and personality.

However, I can't help but acknowledge that I would never be where I am today without my family as well. My mom has always been there for support, cheering me the whole way and never leaving my side, giving me all I need to go on with life. Meanwhile, my dad has played a pivotal role leading me through life, giving me the advice, I need, and knowing which way is the right way. Finally, I can't but thank my brother who is far away but always seems to be the most helpful, always keeping me on his mind and acting as the emotional support I always have when I need. He has never doubted me and knows what's best for me.

Another big part of my journey is my friends. Without my friends, my journey would have been a lot harder, so I would like to thank every one of my schoolmates who has been there and helped me when I needed them, specifically Banan, Abdulrahman, Yousif, Hussein, Ward, and Waad who have always been there for me. They are the people that always stuck by my side and stood up for me. I will never forget them, especially Banan and Abdulrahman, my Friday people who have never broken my trust and have been by my side every weekend. I love them so much, and I will never forget the good times we had.

As I come to the end of my time at this wonderful school, I want to express my heartfelt gratitude to my school and its members once again. The lessons I've learned and the friendships I've made will always hold a special place in my heart. Saying goodbye is never easy, but I am excited about what lies ahead. I will carry the experiences and values I've gained here into the next chapter of my life. To my teachers, thank you for your guidance and support. To my friends, thank you for the laughter and memories. I will miss each of you, but I know our paths will cross again. Let's cherish the moments we've shared and look forward to bright futures. Farewell, and may we all continue to grow and succeed in our journeys ahead!

## Noof Hasan Mohamed

“With every step I take towards my future, I carry the love and lessons imparted by those who have walked beside me.”

Reflecting on my high school experience, I cherish key moments that have shaped my journey. Being honored as the AHIS “Golden Girl,” moments like the AHISMUN VII closing ceremony filled me with pride as I stood alongside my fellow seniors, celebrating our shared accomplishments. Meeting my best friend, Rayan Baidas, who stood by my side with full support has also been a special moment. Over these years, I have transformed into the best version of myself, excelling academically and as an athlete, thanks in part to the encouragement I received from my school. I am profoundly grateful for the incredible people who have supported me. My mother, who always stood by my side, helped me with anything I needed and never gave up on me, who showed me what love is and who made me independent, who gave me my name and my life, the only person I ever needed and the one who always fought for me. My father always gave me everything and showed me how to stand up for myself; my “baba” made me feel like a princess and a warrior. My sister Alhanooof is not only my blood sister but also my best friend, the girl who grew up too fast, who never made me feel like I was alone, and never failed to make me smile or laugh. And how can I not mention and express my gratitude to my brother Nayef, whom I didn’t get a chance to get closer to but was the first boy who made me feel loved and safe? He will always be the first sibling and young boy I called “brother.” I am proud of the man he has become, knowing he’s the rock I can rely on and one of the few people who would give up anything for me.

I’ve also had the privilege of meeting incredible people who have become like family to me. Noor Alaani, my twin in spirit, shared countless late nights of studying, laughter, and shared dreams. I’m grateful to Haya and Arwa Jamal, my first friends here, who guided me through challenges and showed the true meaning of friendship. To Waad, Yara Jahromi, Shaikha, Arwa Alkuwaiti, Ward Saleh, and Layan Amin, thank you for the study sessions, makeup tips, and emotional support. Abrar Mohamed, though not in my batch, my closest companion, I’ll miss you the most; thank you for being my friend and for trusting me to be yours. Yousif Baroudi (brodi), and Rayan Baidas, always knew how to bring out my inner child and shared countless laughs. I also want to acknowledge my classmates, friends and brothers—Ali Alanni, Hasan Janahi, Isa Alkhayat, Hussain Alqaed, Mohamed Shams, Moayad, Ali Alaali, and Zain Siddiq—who made learning fun and supportive. Each of you left a lasting mark on my high school journey, and I will forever cherish the memories.

I want to express my gratitude to my high school teachers: Ms. Vyshaki, Mr. Shetawy, Ms. Batoul, Ms. Lisha, Ms. Amna, and especially Ms. Eman Ibrahim. Ms. Eman has been instrumental in my growth, boosting my confidence in Arabic and helping me communicate effectively, which was invaluable during my time on Bahrain National Television. I also appreciate Ms. Rasha, Mr. Mohamed, and Ms. Maya for their unwavering support in my athletic career, allowing me flexibility to balance school and competitions. Thank you all for your guidance and encouragement! Finally, a piece of advice for my underclassmen, you don’t need a close circle of friends to enjoy school or life—embrace who you are, steer clear of unnecessary drama, and treasure your high school years, as the moments will become memories and in the end, you’ll always have yourself to rely on.

Viva La Vida Class of 2025, until next time!

## Moayyed ElMarsafawy

One of the highlights moments that shaped me, but a few stand out as the most meaningful. One of the highlights was when my friends threw me a surprise birthday party. It wasn’t just about the celebration itself, but the thoughtfulness behind it, reminding me how lucky I am to be surrounded by such caring people. Another significant experience was my stream project journey. It challenged me in ways I never expected, pushing me to grow not only academically but also personally, as I learned to tackle obstacles and work towards long-term goals. Lastly, I’ll always cherish the fun times we had after final exams, when we could finally relax and just enjoy being together, leaving behind the stress and pressures of school for a little while. When I think about how far I’ve come since I started high school, I realize how much I’ve changed. I used to be more reserved and unsure of myself, but over the years, I’ve really come into my own. I’ve matured a lot and learned how to take on responsibility, whether it’s for my studies, my relationships, or my future. High school has been a space where I’ve grown socially as well, learning how to build meaningful connections with others, communicate better, and just be more confident in who I am.

Looking ahead, I’m both excited and a little nervous about what the future holds. In the next few years, I expect to take on even more responsibility, especially as I prepare to study abroad. Living on my own in a new country is going to be a huge step, but I’m ready for the challenge. I’m looking forward to the independence it will bring and the opportunity to experience new cultures and perspectives. Despite the challenges, I hope the next chapter will be just as enjoyable, fulfilling, and growth-filled as my time in high school has been. Of course, I wouldn’t have made it this far without the incredible support system I’ve been lucky to have. First and foremost, I want to thank my mother, whose love and encouragement have been my constant source of strength. My older brother has also been there for me, always ready to offer advice or just be a listening ear when I needed it. My father, stepmother, and younger siblings have provided invaluable guidance and support, each playing a special role in helping me navigate these years.

I’m also deeply grateful for my friends—Yousif, Youssef, Ahmed Ramzi, Mohamed Obay, and Hashim. You guys have made high school so much more than just a place of learning—it’s been a place of laughter, fun, and unforgettable memories because of you. Whether it was helping me through tough times or just enjoying each other’s company, you’ve been such an important part of my journey. Lastly, I owe a huge debt of gratitude to my teachers, especially Mr. Mahmoud Shetwy and Ms. Lisha Joyal. Your support and guidance have made such a difference in my life, both academically and personally. You believed in me, challenged me to do my best, and were always there to help me when I needed it most.

To everyone who has been part of this chapter in my life, thank you from the bottom of my heart. I’m excited for what’s next, but I’ll always carry these memories and the lessons I’ve learned with me as I move forward.

From business talks to life's struggles, you've shown me true loyalty and ambition. Ali Alaali (El Professor), your wisdom and support mean the world to me. You've always been there to guide me, challenge me, and push me to do better. Fahad Alyahya (The Box), your adventurous spirit opened my eyes to so many new possibilities. Hasan Janahi (The Baguette), your loyalty has been a rock for me, and I can't thank you enough for always being there. Every one of you has made my journey richer, and I carry each of you with me as I move forward.

A special shoutout to JA: Words can't fully capture how much your encouragement has meant to me. You've believed in me when I struggled to believe in myself. Your ability to see my potential has motivated me to reach higher, and your kindness has been a source of comfort during the hardest moments. You've been a true source of strength, and I'm deeply grateful for every moment you've been by my side.

To my teachers, especially Ms. Lisha, Mr. Mahmoud Shetiwy, and Mr. Mahmoud Ahmed: Your dedication to shaping my mind and instilling a love for learning will stay with me forever. You've taught me valuable lessons in and outside the classroom. Your support has meant more than I can say. A special thank you to Ms. Rasha Al Najjar, who has been a source of unwavering support and encouragement. I'll always be grateful for how you've nurtured both our academic and personal growth.

Programs like Injaz, Trade Quest, and MUN have opened my eyes to new possibilities, taught me teamwork, and strengthened my resilience. I'm forever thankful to Ms. Deena and Ms. Sowmya for their invaluable guidance.

As I step into the next chapter, I carry all these lessons, memories, and people with me. Thank you to everyone who's been part of this journey. I'll forever cherish the time spent here. Here's to the future and new adventures!

## Mariam Mohamed Saleem

It feels like yesterday I walked into AL HEKMA INTERNATIONAL SCHOOL and felt welcomed and excited to meet all my teachers and friends. Today, I'm proud to announce that Al Hekma 2025 graduates and I am looking forward to celebrating the end of a chapter and the beginning of a new one with everyone. We wouldn't have come all the way had it not been for the help and support of many.

Dear mom and family, I'd like to begin by thanking you and everyone who helped me during those years. It has been a long and exciting journey over the last few years, as we've gone through a roller coaster of emotions before finally reaching our goal. If words can express my joy and excitement at the prospect of attending college in the coming months! You both instilled confidence and passion in me, which was an amazing and outstanding skill to practice. I am so grateful to have you both by my side throughout this entire process, and I am proud to be your child. Thank you, mom, for everything you've done for me and all the help you've given me, which has led to my success and the opportunity to share this moment with you and with everyone else. I would also like to extend my appreciation to my beloved grandmother, for she was my supporter throughout the way, encouraging me to forge that better version. Grandma, thank you for believing in me.

I'll miss the school environment and everything I have learned there, including the skills I learned and the friends I made. Now that I have mentioned my friends, I'd like to thank my BEST FRIEND, Mariam Alfarsi, for she was the most supportive of me, and she was with me in the ups and downs, making every moment in school enjoyable with her unwavering friendship. I would also like to thank my CLOSE FRIEND, HALA ALABBASI, for being the kindest friend.

I'd like to express my gratitude to my teachers for always standing by my side, assisting me whenever I encountered a challenge, and teaching me what is best for me and what suits me. I've realized that my teachers, Miss Vyshaki, Miss Batoul, Miss Lisha, Miss Fatima, Miss Amna, Mr. Bacem, Dr. Saeed, Mr. Mohammed, Mr. Mahmoud Shawish, Mr. Mahmoud Shetiwy, Miss Deena, and Miss Sowmya used to feel like our parents when I was younger, but as we got older, they turned out to be our friends who watched us grow up in front of their eyes. Many of our teachers saw my friends and me mature and grow up together. I'd like to thank all my old and new teachers throughout the years for everything they taught me and all the teaching, help, and kindness they provided me with. Finally, I want to express my gratitude to everyone who has stood by my side and supported me throughout this journey as my school journey comes to an end and I embark on a new chapter in my life. We did it!

## Noor Mohamed Al Anni

I want to start by thanking Allah for the incredible journey. Oprah Winfrey once said, “You define your own life. Don’t let other people write your script,” and this resonates deeply as I reflect on the memories we’ve created. Saying goodbye is harder than expected; my classmates are more than just friends—they are my second family. Each laugh, challenge, and moment shared means so much, and I am truly grateful. As we part ways, you will always have a special place in my heart. Thank you for being such an important part of my life. Yes, we had our disagreements, but our class is truly exceptional.

**My Parents:** You mean everything to me. I can’t express how much I appreciate all you’ve done. You’ve been there for me through the ups and downs. Mama, your kindness and strength have shaped who I am. I aspire to be as amazing as you. Baba, you’ve been my guiding light and biggest supporter. Your encouragement has made a significant difference, and I’m grateful to have you both. Your love is my greatest treasure, I carry it with me always.

**My Siblings:** I love you all so much! I cherish our late-night gossip sessions, and the car rides filled with laughter. You ensure I have everything I need, and I can’t express how much that means. You will always be my best friends. Muna, you’re my second half and the person I trust with my secrets. Khalid and Salah, thank you for being my personal bodyguards and always being there.

**My Family:** Thank you for your constant encouragement and belief in me. I especially want to acknowledge my grandmothers, the strongest women I know. Their love has shown me that I’m capable of so much more. I feel fortunate to have such remarkable role models guiding me. A special thank you to my wonderful aunts for always being there.

**My Best Friends:** Haya, I love you sooo much; you always know how to lift my spirits, and your laughter brightens even the toughest days. I cherish every moment spent together and will forever hold our memories close. I love our spontaneous hangouts and deep conversations. Waad, your ability to make everyone feel understood is remarkable. I appreciate your kindness and how you always know what to say. Yara, you are the most loyal friend I’ve known for 14 years. Your unwavering support and determination inspire me.

I can’t believe how much we’ve grown and embraced all our unique phases. I’ll miss those moments in class where we would chat about anything. Every detail created memories I’ll treasure. I feel so lucky to be part of this beautiful friend group.

**My Batch:** I will always cherish the wonderful memories we’ve created. Thank you to Layan, Fatima, Arwa Alkuwaiti, Yara Jahromi, Hala, Mariam AlFarsi, Mariam Saleem, Noof, and Banan for the incredible moments, especially in P.E. I’ll never forget our after-school programs and fun activities—MUN, Injaz, BYE (MAMLAKATNA IS ON TOP), and more.

**Teachers:** To my teachers who have shaped me over the years, thank you for your patience and support. I appreciate you keeping up with me, even when I can be a bit chatty! Miss Amna, Mr. Nasr, Miss Lisha, Miss Fatima, Mr. Mahmoud Shetivy, Miss Vysakhi, and Miss Eman Soliman, thank you for your encouragement and for making learning enjoyable. Your belief in me made a lasting impact.

**Juniors:** I’ve loved getting to know many of you this year. I encourage you to always challenge yourselves—you might be surprised by what you can achieve. Trust me.

**Finally, the class of 2025:** I wish you all the best in your future endeavors. Inshallah, we’ll see each other in a few years and reminisce about the wonderful memories. Let’s promise to stay in touch no matter what life brings our way.

And so, the senior 2025 season comes to an end... Goodbye!

Two highlights of my high school journey were being Head of Resources at AHISMUN VII, where I won Best Head, and participating in the Injaz program, which gave me invaluable business experience. These memories hold a special place in my heart.

As I move on, I’ll miss the friendships, lessons, and unforgettable moments that made high school so special. Thank you all for being an essential part of this journey. I’ll always carry these memories with me.

## Ahmed Ramzi Al Shawafi

### الحمد لله الذي بنعمته تتم الصالحات

As I write these words, I think of the memories and great experiences I had in this school... Seniors of 2025, we have graduated! I never expected this day to come so quickly, so easily.

This wouldn't be possible without the guidance of Allah the Almighty; all praise be to Him. And, without the help of my amazing parents, I wouldn't be where I am today. Thank you, baba and mama, for the immense help that I strive to return. I will never forget my father dealing with my recklessness at times, and my mother trying to genuinely help me become a role model for everyone. Their struggle made me realize how much they meant to me. How am I supposed to live without them in the next few years!? And, to my sister Aseel, I see you as a reflection of my younger self. I hope you make the family proud by making your dreams come true.

To my amazing friends and classmates, thank you for making this journey a remarkable one! Since 4th grade, I never ever thought of leaving any of you, and you played a big role in developing who I am as a person. To my close friends, I would like to remind you that you have a special place in my heart for all the experiences we have had together, and I hope graduation doesn't separate us!

And, lastly, to my outstanding teachers, thank you for all the help and struggle that you've gone through for the sake of us, for the sake of our future. Mr. Osamah Izzeldin, Mr. Mahmoud Shetiwy, Mr. Nasr Nasreldin, Mr. Shawesh, Dr. Saeed, Ms. Lisha Joyal, Ms. Adreen, and all my teachers, thank you for making the school such an enjoyable place. You made learning an entertaining part of my life, and I will never forget your aid when I needed it the most.

سُبْحَانَ رَبِّكَ رَبِّ الْعِزَّةِ عَمَّا يَصِفُونَ وَسَلَامٌ عَلَى الْمُرْسَلِينَ  
وَالْحَمْدُ لِلَّهِ رَبِّ الْعَالَمِينَ

## Waad Abdelmohsen

Mom and Dad, I honestly can't thank you enough for all the support, love, and guidance you've given me throughout my senior year. Your constant encouragement, understanding, and belief in me have made all the difference and helped me get through the toughest times. I'm so grateful to have you both by my side, always there when I need you the most. Your presence means the world to me, and I couldn't have made it this far without you. My sister: Jomanh, I just want to take a moment to thank you for always being there for me. Whether it was offering advice, making me laugh when I needed it most, or simply being my biggest supporter, you've made this year so much easier. Our bond means the world to me, and I'm so lucky to have you as my sister. Thanks for being my rock through it all!

Yara, Noor, and Haya looking back to when our friendship started in grade 9, I realize how lucky I am to have had you all by my side throughout high school. From our casual hangouts to those countless hours of studying together, we've shared so many unforgettable memories. I'll always smile when I think of our inside jokes, the way we'd burst into laughter in class, and the unspoken support we gave each other. Our group was truly one of a kind, and I'm so thankful for the bond we've built over the years. No matter where life takes us, I know we'll always carry these memories with us.

Banan and Rayan, words can't even begin to express how much I'll miss you both. The laughs, the memories, and the incredible times we shared during the school year will always hold a special place in my heart. I'll never forget when Rayan first came to school – our random conversation turned into one of the best friendships I've ever had. And Banan, since grade 11, our bond has only grown stronger, and I'm so grateful for every moment we've spent together. You both have made this journey unforgettable, and I can't wait to see what the future holds for all of us.

Yara, Hussain, and Ahmed looking back on senior year, I can't help but smile thinking about all the fun we had—whether it was the games during breaks, the endless jokes, or those random moments that turned into unforgettable memories. Each one of you made this year so much more enjoyable, and I honestly couldn't have asked for a better group to share these moments with. The laughter and support we shared made everything so much better. I hope our friendship only grows stronger from here, and I'm excited to see where life takes us, knowing we'll always have each other.

To my amazing class 12B, you've truly been the best class ever, and I'm so grateful to have gained such incredible friends this year. From our class hangouts to the laughs we shared, and those inside jokes that no one else ever seemed to get, every moment with you all has been unforgettable. I'm going to miss you guys so much, but I'll carry these memories with me forever. Thanks for making this year so special! And I'd like to thank Mohammed shams for making math and science the funniest classes ever and for always asking me for homework!

To my dear friends Mariam Saleem, Arwa, Fatima, and Yara Jahromi, this year wouldn't have been the same without you. I'll always cherish our moments together—whether it was our breaks filled with endless conversations or our hangouts that were full of laughter. You all made every day brighter, and I'll really miss those times. Thank you for being such amazing friends!

Thank you, Mr. Nasr, Mr. Mahmoud Shetewei, and Ms. Amna. I'm so grateful for the amazing year. Your lessons were always fun and stress-free and made learning enjoyable. You helped create memories that I'll always treasure. Thanks for making this year the best!

## Ali Mohamed Aljaser

High school was a journey, full of challenges and triumphs, but it was the moments shared with friends and mentors that made it unforgettable.

Throughout my high school years, I've learned a lot—about myself, about life, and about what really matters. From school trips with friends to the excitement of graduation day, every memory has shaped who I am today. I'm grateful for the people who have supported me along the way: my amazing friends, my teachers, and especially my family.

Mr. Nasser, thank you for always believing in me and making PE so enjoyable. Mr. Ali, your guidance helped me grow academically. And to my parents, your constant love and support gave me the strength to get through even the toughest days. Each of you has made a difference in my life, and I'll never forget it.

As I move on to the next chapter, I am excited to pursue my dreams in aviation and conservation. To anyone reading this: believe in yourself, stay resilient, and always keep pushing forward. The best is yet to come.

## Hala Yaser Alabbasi

First of all I would like to start off by saying الحمد لله .

I've always been someone who can find the right words, but as I write this, I find myself at a loss. I can hardly believe this moment is finally here! After reading almost every dedication letter from graduates over the years, it still feels unreal that I'm writing my own. By the time you read this, I will have graduated.

I still vividly remember my first day of kindergarten, tears streaming down my face as I faced the newness of first grade. Back then, I was told I would be graduating in 2025, and it felt like a lifetime away—too soon, too real. I didn't want to grow up and embrace adulthood like my peers seemed to. To them, it was just a distant milestone, but now, here we are.

For the fact that I have come this far, I have many people I would like to thank.

To my mom: Thank you for being my steadfast support throughout my school years and for making countless sacrifices for me. You've taught me that great things take time. You are my first best friend, and I aspire to be as positive, as strong, and as patient as you are one day. I truly hope to make you proud. I will never forget all the times you drove me to finish projects and school activities. Your support means everything to me, and I'm so proud to call you, my mother.

To my Dad: Thank you for inspiring me to live life to the fullest and for encouraging me to try new things, even when they seem scary. I'm grateful for your support and for giving me the freedom to take risks and for always supporting me and helping me live life and experience life to its fullest.

To my sister Maya: Although I don't say it often, your strength and courage inspire me every day. I hope to be as strong as you are one day and I'm grateful to have you as my (sometimes annoying) little sister.

To my brother Talal: Thank you for always being in my corner and lifting me up when the stresses of school felt overwhelming. I'll never forget all the times you lent a helping hand, even with those school projects that never quite turned out as planned. Your unwavering support and encouragement have meant the world to me.

To my teachers: Mr. Mahmoud Shetiwy, thank you for never giving up on me and for believing in me even when I struggled to believe in myself. Miss Lisha, your lessons on discipline have shaped my approach to life, and I am truly grateful for that. To Miss Vyshaki, your endless kindness has been a constant source of inspiration. To all my teachers, I will miss you dearly.

To the friends I met along the way: Shooq, Mariam, Mariam, Yara, Rawan, Yasmeen, Noor, and Natalie—thank you for the unforgettable memories we've created together. You stood by my side when I needed support the most, and I will be forever grateful for your friendship. The moments we've shared in school will always hold a special place in my heart.

To my best friend and sister, Sara: It hurts to know we won't be graduating together, but you will always be with me in spirit. Thank you for being by my side, no matter the time or place, and for showing me the true meaning of friendship. Without you, I wouldn't be the person I am today, and for that, I am eternally grateful. I love you so much and miss you more than words could ever describe.

To my soul sister Lara: Thank you for being everything I needed. You are not only my cousin but my sister and best friend. Thank you for always being there by my side through the best of times and the worst of times. I'm so lucky that Allah sent me someone like you to be in my life. I love you so much.

To the class of 2025: I CAN'T BELIEVE THIS IS FINALLY HAPPENING!!

"Sometimes I wish that I could freeze the picture and save it from the funny tricks of time".

We've shared countless moments over the years, growing up together through every stage. As I reflect on our journey from elementary to middle school and now to senior year, I feel incredibly grateful for this class. Despite its many flaws, I realize that in this moment, our class is truly perfect to me. I couldn't have asked for a better group of people to share this experience with. I can't wait to see what the rest of our lives will hold for us. GOOD LUCK AND CONGRATULATIONS TO EVERYONE! WE DID IT!!!!

## Ahmed Abduladhim Alhassan

Once these halls echoed with memories with my friends. Now, here I am, with a gown and the diploma.

As I drop my pen for the final time, as I leave the school for the final time, as I put away my uniform for the final time, I reflect on the days I spent in there, studying, learning, and making memories with the best people I met.

My experience within these walls has shaped who I am. I now know how to deal with difficult situations, how to talk with people with more confidence, and many more things.

Thank you to my parents for pushing me to try harder.

Thank you to my sister for supporting me.

Thank you, Mr. Mahmoud Ahmed, for inspiring me.

Thank you, Mr. Anthony Kuykendall, for helping me understand the people around me.

Thank you, Ms. Lamis Amhaz, for helping me embrace my creativity.

Words do not come close to describing my appreciation for you.

Finally, I would like to thank my friends AbdulWadood Muzammil Abdurahman Bashir Ahmed Mohammad Deen, for all the good he has done during my time knowing him, from helping me in studying for my tests to standing alongside me during difficult times.

I enjoyed my time with you at the Model United Nations, as we immortalized our memories in photos that we took.

You showed me how wonderful your talents and creativity can be.

I will never forget your heart of gold, as it lit my darkest days.

We made many great memories together, along with Yahya and your brother.

Whenever Yahya came along, it was always a blissful time.

Those are memories I will cherish until my last breath. What I would do to experience those times one more time is beyond me.

## Haya Mohamed Abdulrahman

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ  
{وَمَا تَوْفِيقِي إِلَّا بِاللَّهِ عَلَيْهِ تَوَكَّلْتُ وَإِلَيْهِ أُنِيبُ}

Four years ago, I was scared but also excited to start a new chapter of my life at AHIS. Little did I know it would turn out to be the best change of my life, or that I would meet so many amazing people. Looking back at all the memories I've made in just four years, it's hard to believe how quickly time has passed. Now that the moment has finally come, I don't feel ready to let go. But **الحمد لله** for blessing me with the strength, guidance, and opportunities that have allowed me to reach this point. I'm truly grateful for how far I've come.

As I sit down to write this dedication, all emotions hit me. As I move forward, I will carry with me the memories, the friendships, the lessons I've learned. Saying goodbye is never easy, but I know it's a part of the journey, and I'm grateful for those who've been by my side along the way.

Most importantly, I would like to thank **الله** for giving me my parents, the greatest gift and blessing in my life. I don't know what I would do without them. Thank you both for always being there for me. I love you more than words can express.

Mama, my best friend and the person I could tell everything to—you mean everything to me. You've always been there with love, support, and advice, especially when I felt overwhelmed and stressed. I feel so lucky to have someone as patient as you in my life. Baba, my hero and the greatest father I'll ever know. I'm beyond grateful to have you in my life. Your encouragement is what made me who I am today—believing in me and trusting that I could accomplish anything, no matter what. You've always motivated me to become the best version of myself, and for that I'm forever thankful. I can never thank you enough for everything you've done, and I hope to continue making you proud every day.

To my siblings, Omar and Alyah, yes, we may argue a lot, and you both drive me crazy at times, but I wouldn't change it for the world. Having you both is the best thing in my life. Thank you for being there for me and for always making me laugh and putting a smile on my face when I needed it most.

To my best friends, Noor, Waad, and Yara, I would have never asked for a better group of friends to experience all of this with. I'll always cherish the moments we had in class—whether it was the teachers yelling at us for being too loud, laughing together, or sitting together during breaks. We've shared so much, and these memories will stay with me forever.

Noor, you're like a sister to me, and I'll forever thank Allah for giving me this friendship. Through all the ups and downs, we've always been there for each other. I hope we continue to stay inseparable, no matter where life takes us. I will miss the inside jokes, understanding each other with just a look, the late-night study sessions, and the comfort of just being around each other. I love you so much.

To my friends: Layan, Hala, Fatimah, Arwa Alkuwaiti, Yara Jahromi, Mariam AlFarsi, Noof, Mariam Saleem, and Banan, I'll miss each of you. It's hard to imagine not seeing you every day, sharing laughs, and spending time together. Though we may not see each other daily, I hope we'll always stay friends.

To my teachers: Thank you for your patience, encouragement, and dedication over the years. Your support has made such a difference in my life, inspiring me to work hard and never give up. I will forever be grateful for having you as my teachers. Thank you for everything.

To my classmates in 12B, the best class anyone could ask for. You're not just my classmates but my second family. I will never forget every joke, laugh, and stressful moment spent helping each other before a test or quiz. I will miss every moment we shared in class, and I'm so thankful for the memories we've made together. Class of 2025, saying goodbye is bittersweet. It's been an incredible journey with all of you—creating unforgettable memories and supporting one another. I couldn't ask for a better batch to call my classmates and friends. Here's to the future and everything it holds for us!

## Hasan Mohamed Janahi

بسم الله الرحمن الرحيم

As I stand at the end of this incredible 14-year journey at AlHekma International School, I feel overwhelmed with gratitude and love for the people who have shaped these years. From the first day I walked into school, crying in Mama's arms, to my final days as a senior, each moment has been filled with support, laughter, and unforgettable memories. I could never have made it here without the people who have been by my side through it all.

First and foremost, Mama, your love and kindness have been my constant since day one. You've always been there for me. Whenever I had a bad day at school, you'd make my favorite meal and would talk to me about my day. What I admire most about you is your strength. You've shown me that true power lies in persistence, in working hard for what you believe in, and in making sacrifices for the people you love. You worked tirelessly, always putting your energy into ensuring me and my sister had everything we needed. You've raised us to be as strong, independent, and determined as you are, and for that, I am forever grateful. You define what it means to be a powerful woman, and your example will always be my guide.

Baba Mohammed, thank you for all the sacrifices you've made for our family. From driving me to school every day to picking me up when I "called in sick" just to take me to Yum Yum Tree. Your care and dedication to making sure me and my sister were always okay will never be forgotten. You've always had my back. I also want to thank you for helping me with my Arabic homework, no matter how late it got, and for staying up to help me finish my science project, even when you had your own long day ahead. Your patience and hard work have meant the world to me.

To my older sister, Layal, thank you for being there for me through everything. Your stories about high school and advice helped guide me. You've always been my role model, and I'm lucky to have you by my side.

To Mama Sabah, my second mom, thank you for being there every day, providing a comforting presence while our parents worked, and always looking out for me like I was your own. You've been my second mother, and I'll forever be grateful for the love and support you gave me. Your strength and care made a world of difference in my life.

To my late grandfather, Baba Majeed, I wish you could have seen me grow. You taught me everything from kindergarten to middle school and were always there to help me with my homework. I'll never forget the times you helped me prepare for math tests while watching Manchester United lose—you taught me multitasking at its finest. Your patience, humor, and wisdom shaped my academic journey, and I carry your lessons with me every day. I know you're proud, and I miss you deeply.

To my amazing friends, Mohammed Sulibi, Ali Alanni, Fahad Alyahya, Ali Alaali, Ali Bahman, Mohammed Shams, and Essam Almawaly, thank you for making high school unforgettable. Your support, laughter, and friendship have meant the world to me. I will cherish the moments we shared and the bond we've built over the years.

To Mr. Mahmoud Shawesh, you've been like an older brother to me. Thank you for all the life advice, laughter, and unforgettable moments we shared in class. You made Arabic fun in a way no other teacher ever could, and I'm forever grateful for the impact you've had on me.

To Mr. Mohammed, our supervisor, thank you for being a steady presence throughout our high school journey. Your patience and understanding were a guiding light for all of us, and I truly look up to you for how you've supported me and my friends.

And finally, to Ms. Rasha Alnajjar, thank you for being our wonderful Assistant Principal and for the strong support you've given us as seniors. From being my 5th-grade science teacher to now being the Assistant Principal, you've always been there for me. I'm thankful for your guidance and for being a trusted person to talk to whenever we needed help.

To wrap it all up, I'd like to address my future self. Life and success are not about money but about creating a strong relationship with Allah and with your religion, building meaningful memories, and cherishing the people who stood by you. Stay humble, keep your loved ones close, and always remember what truly matters: love, faith, and the bonds you've created along the way.

## Faisal Nawaf Alghanem

I want to be as honest as possible when writing this letter. The thing I enjoyed most about school was the connections I made along the way. Throughout my journey at Al Hekma International School, I met incredible people who motivated me and inspired me to dream bigger. These friendships taught me an important lesson: choose wisely who you surround yourself with. High-quality friendships encourage you to give your best and help you grow.

Even now, with the few close friends I have and my own determination, I am more motivated to achieve my dreams than ever before. Schools offer a wonderful social environment that fosters such connections, and I am grateful for the bonds I've formed.

As I move forward, I look ahead to the adventure and wonders that life holds. Though the future may be uncertain, I'm determined to follow my heart and stay authentic to myself. Challenges are part of the journey, but they bring growth and learning.

Thank you, Al Hekma International School, for being part of my story.

## Rayyan Adeel Khaksar

This dedication is a heartfelt reflection of my high school journey, filled with invaluable experiences and cherished memories.

To my parents, thank you for your unwavering support and encouragement. Your love has been the foundation of my success, and your sacrifices have inspired me to strive for greatness.

To my teachers, you have ignited my passion for learning and challenged me to think critically. Your guidance has shaped my understanding and ignited my curiosity.

To my friends, thank you for the laughter, support, and countless adventures. Together, we navigated the ups and downs, and those moments will stay with me forever.

As I look toward the future, I hope to embrace new challenges with the same determination and resilience I developed in these halls. I am excited to continue growing, exploring, and making a positive impact on the world.

This dedication is not just a reflection of the past, but a celebration of the journey ahead. Thank you all for being a part of it.

## Ali Mahmood Alaali

As I sit here writing this, it's hard to believe that the journey I started so many years ago is finally coming to an end. Fourteen years ago, I walked into this school as a nervous child, unsure of what the future held. Now, in the blink of an eye, I find myself in my graduation gown, reflecting on everything I've learned, experienced, and achieved. These years have been filled with growth, challenges, and memories I will carry with me forever.

First and foremost, I want to thank my family for being my constant source of strength and support. From the beginning, you've helped me reach my potential and become the best version of myself. Your love, guidance, and sacrifices have given me the courage to face challenges and the drive to succeed. I wouldn't be where I am today without you.

To my mom, words alone can never fully express my gratitude. A simple "thank you" doesn't cover all that you've done for me. You've been there every step of the way, guiding me with love and support. Through every success and setback, you've always encouraged me, reminding me of my potential. Your unwavering support has inspired me in countless ways.

To my dad, thank you for being my guide, role model, and biggest fan. You've supported me in countless ways—pushing me to aim higher, teaching me the value of hard work and resilience. Your belief in me has given me the confidence to face any obstacle. Your wisdom continues to inspire me every day.

To my sister, Faten, thank you for always being there to lift me up. Your advice and encouragement have brought joy to my life, and your presence has made these years unforgettable. You've always been there to make every moment brighter. I'm lucky to have you as my sister.

To my friends, thank you for standing by my side and filling these years with laughter, support, and unforgettable memories. You guys are more than friends—you're my brothers for life.

To Hasan Janahi, thank you for being a loyal and dedicated friend. Your attention to detail has pushed me to strive for better, and your loyalty, dedication and sense of humor have always inspired me.

To Ali AlAnni, your energy and toughness are remarkable, but it's your deep care for others that truly stands out. You've been by my side through thick and thin, ready to tackle life's challenges together. I'll always value the memories we've made.

To Mohammed Shams, your humor has been a constant source of laughter. I still remember when you mistook me for a new student, despite me having been at this school my whole life. Moments like that show your ability to make the ordinary unforgettable.

To the Grade 12B family, thank you for making this final year unforgettable. You've been more than classmates—you've been a true family. Through laughs, challenges, and countless shared moments, you've made this year one I'll always cherish.

To my teachers, thank you for the knowledge and guidance you've shared. Special thanks to Mr. Mahmoud Shetiwy and Mr. Mahmoud Ahmed for your mentorship, encouragement, and for always pushing me to do my best. Your dedication has left a lasting impact, and I'm deeply grateful for everything you've taught me.

As I look ahead, I'm filled with gratitude for everyone who has been part of my journey. Each person has shaped me in unique ways, and I carry the lessons, memories, and love with me as I move forward. The road ahead may be uncertain, but with the foundation you've all given me, I'm ready for whatever comes next.

Thank you to my family, friends, teachers, and everyone who has supported me. This chapter may be closing, but the bonds we've built will last a lifetime. Here's to new beginnings and to the people who make life worthwhile.

## Hussain Ali Alqaed

For the past 14 years, AlHekma has felt like a true second home, and I'm beyond thankful to be graduating from the very school where my educational journey began. My time at AHIS has been about more than just learning; it's been filled with memorable experiences and the chance to meet incredible people along the way. Thank you to all my teachers for your guidance, support, and dedication. I wouldn't be here without you.

To my mom and dad, thank you for constantly motivating me throughout my school years. I wouldn't be where I am today without your hard work and the choices you've made for me. To my sisters, Noora and Sara, I'm grateful for all the times you took me places and for always being there whenever I needed your help and support.

To my cousin Yara, we started this journey together in preschool, and now we're graduating from high school side by side. It's strange to think we won't be spending almost every day together anymore. Thanks for all the good times and for being there through everything. These years wouldn't have been the same without you.

To my friends Ali Faud, Mohamed Obay, Ahmed, Abdulla Farooq, Shams, Bahman, Hasan Janahi, Rayan, Isa, and Ali AlAali, I'm truly grateful to be graduating alongside such great people. I'll miss all the laughs and good times we've shared over the years. Yara and Waad, I'm going to miss all our break-time chats, the laughs, the gossip, and, of course, all the times I annoyed you both in class.

To the amazing Class of 2025, thank you for being such an unforgettable part of my high school journey. We've shared countless memories, from school events to late-night study sessions, and your support and camaraderie have made every moment special. I'm grateful for the friendships we've built and the laughter we've shared.

## **Yousef Jaffar Baroudi**

Throughout my 14 years at AHIS, I've realized how much I've grown as a person. One of the most valuable skills I developed is time management, which has helped me balance academics, extracurricular activities, and personal interests.

Among the many memorable events, two stand out the most. The first was my STREAM journey in Grade 11, where Moayad, Youssef, Ahmed, Mohammed, and I collaborated on an incredible project. We had so much fun throughout the process, and winning an award in the competition made it even more special. The second unforgettable experience is AHISMUN. From staying late after school, preparing, and ordering food together to the excitement of the MUN day itself, it was an experience filled with learning, teamwork, and enjoyment.

First and foremost, I want to thank my parents, Mama and Baba, and my brothers, Mohammed, Jamal, and Abood, for their unconditional love and encouragement. Mama, you've always been by my side, taking care of me like I'm still your little baby, no matter how old I get. Baba, thank you for giving me a healthy and happy life and for being my role model. I aspire to become the incredible person you are today. Mohammed, being close in age to me, you've always been my partner in crime—whether it was playing games on our iPads or celebrating wins together, and we still share that bond. Jamal, even though you're younger, we've shared countless moments playing football and video games, arguing over Fortnite but always having fun. And little Abood, at just two years old, you light up my mood with your laughter and the adorable way you say my name ("Yoyo"). You're the cutest baby, and I love you so much.

To my best friends, thank you for always lifting my spirits and sharing the highs and lows of high school. Moayad, my closest friend since fourth grade; Ahmed Ramzi, who never fails to make me laugh with our inside jokes; and Mohammed Obay, who has supported me through tough times. Hashim, thanks for taking us to the most random yet fun places, and Youssef and Rayan, for sharing countless gaming moments and laughs. Banan and Noof ("Brodi"), thank you for your honesty, advice, and making me laugh. And to my classmates who feel like siblings—Hussain, Waad, Yara, Haya, and Ali Jasser—thank you for making our group the best and funniest out of all.

A special thank you to Mr. Mahmoud Shetiwy, whose guidance and support throughout my academic journey have been invaluable. Mr. Mahmoud, you've known me for years and always know the best way to connect with me. Your ability to balance everything perfectly makes you the best teacher I've ever had.

## **Youssef Mohamed ElBardakheny**

To the Class of 2025, my family, teachers, and friends,

As I stand on the threshold of graduation, I can't help but reflect on the moments, challenges, and growth that have shaped me over the past four years. High school has been a whirlwind of experiences, lessons, and friendships that I will cherish forever.

Looking back, three moments stand out as highlights of my journey.

The first was when I first participated in the Tradequest and STREAM Competitions. These moments taught me the value of hard work and teamwork. Second, I'll never forget the endless laughs and late-night study sessions with my closest friends, where we turned stress into motivation. Finally, INJAZ taught me resilience and leadership, lessons I know will carry me forward.

Through these experiences, I've grown in ways I never imagined. Four years ago, I was shy and unsure of myself, but I've learned to step out of my comfort zone and embrace new challenges.

Whether it was speaking up in class, taking on leadership roles, or simply being present for others, I've developed confidence, empathy, and a determination to pursue my goals.

Looking ahead, I see endless possibilities. In the next few years, I hope to pursue a career in medicine. Whatever path I take, I'm excited to keep learning, growing, and giving back to the world.

None of this would have been possible without the support of the incredible people in my life.

To my parents, thank you for being my rock. Your love, sacrifices, and encouragement have been my foundation. To my siblings, thank you for being my first friends and for always having my back. To my teachers, thank you for inspiring me to think critically, dream big, and believe in myself. Your lessons have gone beyond textbooks and prepared me for life. To my friends, you've made this journey unforgettable. Thank you for your laughter, support, and for being by my side through every high and low.

Finally, to the Class of 2025: thank you for being a part of this journey. Each of you has left a mark on my life, and I'm proud to be graduating alongside such an incredible group of people.

As I turn this page and step into the future, I leave with a heart full of gratitude and hope. To those following in our footsteps: savor every moment, take every opportunity, and don't be afraid to make mistakes. High school is a chapter you'll never forget.

Here's to new beginnings and lifelong memories.

With love and gratitude,

## Yara Aqeel Husain

I've been in a different school my whole life and never thought I'd leave. In grade 9, I left that school and joined Al Hekma International School, and when I first joined AHIS, I was afraid that I wouldn't get along with the students. But I am incredibly grateful for joining this school, for it has given me the chance to enjoy the best high school years I could've ever imagined.

As I embark on a new chapter of my life, I would like to thank my mom and dad from the bottom of my heart. Words are not enough to express how much you have done for me. I love you more than anything. Your love and support have meant everything. You've been there for me through it all, celebrating my successes and helping me through the tough times. I owe you everything. Without you, I wouldn't be where I am now. I would also like to thank my auntie Zahra; you are like a sister to me; you've been there for me through everything, and I wouldn't have reached all the way here without you, love you lots and lots.

And another thank you goes to my brother Hussain from the bottom of my heart. I am so grateful for your support and advice. You've been my friend and my biggest supporter. I couldn't have made it this far without you. I would also like to thank all my family members, my grandparents, uncles and all my cousins. I love you a lot; thank you for everything.

As I think back on my time in high school, I had no idea four years ago that I would meet such amazing people and make friendships like this. Thank you to all the seniors who have been there for me through those years. A special thank you goes to Arwa Alkuwaiti; you have become like a sister to me. No one understands me like you do. I'm so grateful to have you in my life. Fatimah, another sister of mine, you were always there for me when I needed you. You have always supported me in good times and bad times. For that and much more, thank you so much. Shaikha and Bedoor, I'll never ever forget all the fun we had together. Layan, where would I be without you? You're the best. Noor, Yara, Waad, Haya, Banan, Ward and Arwa, you guys made my senior year the best. To all the other girls, thank you all so much. I don't know where I'd be without all of you. Without all of you girls, my high school year would've never been the same. I will never forget all the memories we made together. You have become like a family to me. I will never forget you guys. Love you all.

I also want to give a special thank you to my best friend Zena, who is now in Turkey. Zena, I miss you so much! You are an important part of my life, and I honestly don't know where I would be without your support. Thank you for always believing in me and for being an amazing friend.

I'm grateful to my teachers that were teaching me throughout those 4 years. Thank you so much!

As I close this chapter and step into the future, I carry the lessons, memories, and friendships from these years. I look forward to new adventures and hope to make you all proud. Thank you for making high school such a special and unforgettable experience.

## Yara Ismaeel Alkooheji

AlHekma has been my second home for 14 years, and I'm beyond grateful to be graduating from the same school I began my learning journey in. My AHIS experience hasn't just been about learning but also had many exciting adventures, and I got to know many new people.

Mom and Dad, thank you so much for all the hard work you've done to give me everything I needed and wanted. You've always been there to help and guide me, and I can't thank you enough for that. I hope I've made you proud, and I'll always appreciate everything you've done for me. My siblings Hamood and Maya, Hamood, thank you for always having my back and being my personal driver, taking me everywhere I want. Maya, thank you for always being there for me and supporting me.

To my cousin Hussain, we've been in the same class for 15 years, starting from preschool to grade 12. I'm very happy to be here and graduating with you by my side. Thank you for all the times you spent hours helping me study math. Having you with me in class was a very nice experience, and I'm very sad that we won't be together during university.

To my best friends Waad Mohamed, Noor AlAnni, and Haya Abdulrahman, I couldn't have imagined a better group of friends. I've enjoyed all the times we've spent laughing at Noor's house and all the late-night study calls. I will for sure miss how much we talk in class. It's so sad to think about how all the laughs and fun we had in class will soon just turn into memories. Not seeing you guys almost every single day will be very weird and hard to get used to. And to Hussain, Waad, and Ahmed Jassim, the people who always know how to make me laugh, no matter what we're talking about, it's always filled with funny stories. We might be cringe and weird, but in the best way possible. I'll miss our weirdness during break. Honestly, I can't imagine a better group to share these unforgettable moments with. Lastly, Layan Amin, Fatmah Mohsen, Arwa Alkuwaiti, Yara Jahromi, and Mariam Saleem, the memories we've created together over the years, especially the ones during PE, are ones I will treasure forever. Thank you for being such an important part of this chapter in my life. I'm so thankful for each of you. Grade 12B, I've been with most of you since KG, and it's been such a privilege to grow up together and share so many milestones along the way. We've been through so much together, and I'm so grateful to each one of you for making every class unforgettable and full of laughs. And of course, thank you to Mohamed Shams for all the times he made us laugh with his 'dad jokes.' I'll always remember the times we crammed for tests and quizzes during breaks. It's those little moments that made this journey so special. Thank you all for being such an amazing part of my school experience!

To my teachers, Mr. Mahmoud Shetiwy, Ms. Fatima, and all the others, I want to sincerely thank you for your dedication and unwavering support throughout the years. I truly appreciate all the time, effort, and encouragement you've given me, which have played a major role in my success.

As senior year ends, I feel a bittersweet mix of emotions. I'm excited for new adventures, but I also feel sad thinking about all the memories from high school. The laughs with friends, and special moments like our graduation, MUN, last first day, last days of school, and all the other fun adventures we've had are things I will always treasure. Saying goodbye is tough, reminding me of the friendships I've built. While I look forward to what's next, I can't help but think about this journey filled with ups and downs, making this part of my life truly memorable. Class of 2025, we made it!

# رحلة سحرية خلال أسبوع القراءة والكتابة!

يا له من أسبوع رائع وملهم احتفلنا فيه بفرحة القراءة والكتابة! لقد كان أسبوع القراءة والكتابة تجربة لا تُنسى، مليئة بالإبداع، والاستكشاف، والتعلم الهادف. أقيم هذا الأسبوع المميز من ١٦ إلى ٢٠ فبراير، وكان هدفه غرس حب القصص، وتعزيز مهارات القراءة والكتابة، وتشجيع الأطفال على التعبير عن أنفسهم بثقة.

بدأنا الأسبوع بـ يوم البيجامات، حيث تحولت صفوف الروضة إلى زوايا قراءة دافئة ومريحة. ارتدى أطفالنا الصغار بيجاماتهم المفضلة واستمتعوا بيوم مليء بالقصص، وجلسات القراءة التفاعلية، والألعاب الممتعة التي عززت مهاراتهم اللغوية. كان من الرائع رؤية الأطفال منغمسين تمامًا في عالم الخيال، مما عزز فكرة أن القراءة ممتعة ومريحة في الوقت نفسه.

إحدى أبرز فعاليات الأسبوع كانت جلسة قراءة القصة العائلية، حيث دُعي أولياء الأمور لزيارة فصل طفلهم وقراءة قصة للطلاب. لم تسهم هذه الفعالية في تقوية العلاقة بين البيت والمدرسة فحسب، بل منحت الأطفال أيضًا فرصة مميزة لرؤية أحبائهم يشاركونهم فرحة التعلم. كانت تعابير السعادة على وجوه الأطفال وهم يستمعون إلى أصوات مألوفة تبيح القصص أمرًا لا يُقدَّر بثمن!

يوم شخصيات الكتب كان لحظة سحرية أخرى خلال الأسبوع، حيث أتى طلابنا الصغار إلى المدرسة مرتدين أزياء شخصياتهم المفضلة من القصص والكتب، مما جعل القصص تنبض بالحياة بطريقة مدهشة. من المستكشفين المغامرين إلى شخصيات الحكايات الكلاسيكية، امتلأت الفصول بالألوان والحماس، وساد شعور مشترك بحب الكتب. كما أتاحت لكل طفل الفرصة للحديث عن شخصيته المختارة، مما عزز ثقته بنفسه وساعده في تنمية مهاراته اللغوية والإبداعية.

واحدة من أكثر الفعاليات إثارة وإبداعًا خلال الأسبوع كانت مبادرة «قصص علب الأحذية المعاد تدويرها». في هذا النشاط، تعاون الأطفال مع عائلاتهم لابتكار مجسمات ثلاثية الأبعاد لقصصهم المفضلة باستخدام علب أحذية معاد تدويرها. سواء كان ذلك قطعة من قصة خيالية، أو غابة ساحرة، فقد أظهرت هذه المشاريع ليس فقط مواهب الأطفال الفنية، بل أيضًا فهمهم العميق لفن سرد القصص.

وللاحتفال بختام هذا الأسبوع الرائع، قدم طلابنا عرضًا مميزًا في تجربة «عرض وتحدث» على المسرح، حيث وقفوا بثقة أمام زملائهم في نفس المرحلة الدراسية، خلف الميكروفون، ليقدموا قصصهم باستخدام مشاريع علب الأحذية المعاد تدويرها. قاموا بسرد قصصهم، وشرح اختياراتهم الإبداعية، ومارسوا مهاراتهم في التحدث أمام الجمهور. لقد كان هذا لحظة فخر عظيمة للطلاب والمعلمين، حيث رأينا طلابنا الصغار يعبرون عن أنفسهم بحماس، ويطورون مهاراتهم في التواصل بطريقة تفاعلية وممتعة.

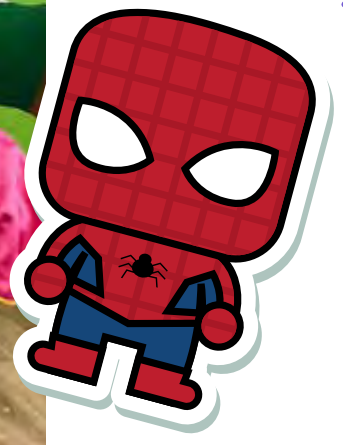

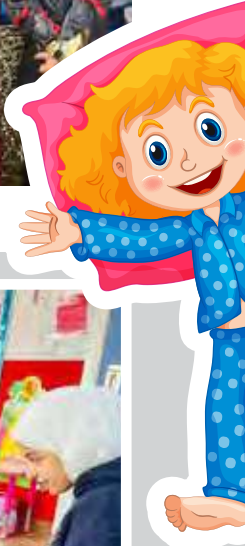

نتقدم بجزيل الشكر لجميع أولياء الأمور على دعمهم ومشاركتهم الفعالة في جعل أسبوع القراءة والكتابة تجربة لا تُنسى، غنية وممتعة لأطفالنا.

معًا، نعمل على غرس حب القراءة، وتعزيز الإبداع، وتنمية الثقة بالنفس في نفوس متعلمينا الصغار.

# A Magical Journey Through Reading & Writing Week!

What a wonderful and inspiring week we had as we celebrated the joy of reading and writing! Reading & Writing Week was an unforgettable experience filled with creativity, exploration, and meaningful learning. This special week, held from February 16th to 20th, aimed to instill a love for stories, strengthen literacy skills, and encourage self-expression among our young learners.

We kicked off the week with Pajama Day, where our Kindergarten classrooms transformed into cozy reading corners. Dressed in their favorite pajamas, our little readers snuggled up with their books and enjoyed a day of storytelling, interactive read-aloud sessions, and fun literacy games. It was a heartwarming sight to see the children fully immersed in the world of imagination, reinforcing the idea that reading is both enjoyable and relaxing.

Another highlight of the week was our Family Story Time, where parents were invited to visit their child's classroom and read a story to the class. This activity not only strengthened the bond between home and school but also provided children with the excitement of having their loved ones actively involved in their learning. The joy and engagement on the children's faces as they listened to familiar voices bringing stories to life were truly priceless! Book Character Day was another enchanting moment of the week. Our young learners arrived at school dressed as their favorite book characters, bringing stories to life in the most magical way. From adventurous explorers to classic fairy tale figures, the classrooms were filled with color, excitement, and a shared love for books. Each child had the chance to talk about their character, promoting confidence, language development, and creativity.

One of the most exciting and creative projects of the week was the "Recycled Shoebox Stories" initiative. In this activity, children, with the support of their families, created 3D story representations using recycled shoeboxes. Whether it was a castle from a fairy tale or an enchanted forest, the projects showcased not only artistic talent but also a deep understanding of storytelling.

To conclude this remarkable week, we hosted a Show and Tell Stage Experience, where students took center stage to present their shoebox projects in front of their grade-level friends. Standing confidently behind the microphone, they narrated their stories, explained their creative choices, and practiced their public speaking skills. This was a moment of immense pride for both students and teachers, as we watched our young learners develop their communication abilities and express themselves with enthusiasm.

We extend our heartfelt gratitude to all parents for their support and active participation in making Reading & Writing Week a memorable, engaging, and enriching experience. Together, we are fostering a lifelong love for reading, creativity, and confident communication in our young learners.

As part of this initiative, the school will participate in the upcoming Walkathon on October 25, further supporting the Bahrain Cancer Society through donations. Together, these events aim to raise awareness while equipping students with essential skills such as teamwork, leadership, empathy, and social responsibility.

# كل شيء عن المثابرة: احتفال نهاية العام بالمواهب والنمو

يا لها من طريقة رائعة لاختتام العام الدراسي! لقد كان احتفال مرحلة الروضة لهذا العام تحت عنوان «كل شيء عن المثابرة» تجربة ساحرة بكل المقاييس، احتفالاً حقيقياً بالصمود، والإبداع، والنمو، يجسد جوهر ما حققه طلبتنا الصغار على مدار العام.

في قاعة امتلأت بوجوه الأهل الفخورين، والمعلمين المخلصين، وقف طلبتنا بابتسامتهم الرائعة على خشبة المسرح بكل ثقة وتميز. ومنذ اللحظة الأولى، كان واضحاً أنهم لا يؤدون فقط، بل يعبرون عن أنفسهم كمُتعلمين مدى الحياة، ويعرضون بكل فخر المهارات التي اكتسبوها خلال عام كامل من التعلم.

وقد تجسّد موضوع المثابرة بشكل جميل من خلال سلسلة من العروض المستوحاة من قصص الأطفال. سواءً من خلال الكلمات المؤثرة، أو التمثيل المعبر، أو الأغاني الصادقة باللغتين العربية والإنجليزية، أو الرقصات الحيوية، فقد أظهر طلبتنا ثقتهم المتنامية بأنفسهم، وقدرتهم على التحدث أمام الجمهور، وذكاءهم العاطفي الذي بُني بالصبر والمثابرة.

كل زي ارتدوه حمل رسالة، وكل حركة على المسرح كانت نتيجة ساعات من التدريب، وكل عبارة نطقوا بها عبّرت عن رحلة مميزة قطعوها معاً. لقد كان من الرائع أن نشهد هذا التقدم الملحوظ، ليس فقط في المهارات الأكاديمية، بل في قدرتهم على التعاون، والتعبير عن المشاعر، والوقوف أمام الجمهور بفرح.

ولم يكن هذا الإنجاز ليتحقق لولا الدعم المتواصل من جميع أفراد مجتمعنا المدرسي. كل الشكر والامتنان لمعلمينا الرائعين الذين عملوا بكل صبر وشغف، ولأولياء الأمور الذين كان تشجيعهم خلف الكواليس سبباً في إشراق وجوه أبنائنا على المسرح. لقد كان لدعمكم وثقتكم الدور الأكبر في نجاح هذه اللحظة الاستثنائية.

إلى نجومنا الصغار: أزيائكم كانت متألقة، وكلماتكم شجاعة، وأغانيتكم مليئة بالحيوية. لقد جعلتمونا فخورين بكم بكل ما للكلمة من معنى.

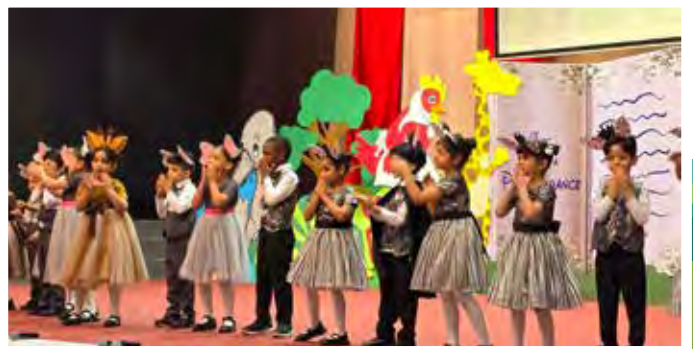

وإلى مجتمعنا المدرسي العزيز، شكراً لكم على مساهمتكم في تحويل هذا الحدث إلى ذكرى ستبقى محفورة في قلوبنا جميعاً.

لم يكن هذا مجرد عرض مسرحي؛ بل كان تذكيراً بأن الأصوات الصغيرة تستطيع أن تُحدث أثراً كبيراً، وأن المثابرة في أي عمر قوة جميلة تستحق الاحتفال.

# ONCE UPON A PERSEVERANCE

# All About Perseverance: A Year-End Celebration of Talent, and Growth

What an extraordinary way to conclude the school year! Our Kindergarten School-Wide Event, titled “All About Perseverance,” was nothing short of magical — a true celebration of resilience, creativity, and growth that reflected the essence of everything our young learners have achieved throughout the year.

In a hall filled with proud parents, devoted teachers, and smiling faces, our KG students took the stage with remarkable confidence. From the moment the event began, it was clear that the children were not just performing — they were expressing themselves as lifelong learners, proudly showcasing the skills they’ve gained across the year.

The theme of perseverance was beautifully brought to life through a series of storybook-inspired performances. Whether it was through moving speeches, expressive acting, heartfelt songs in English and Arabic, or energetic dances, our students demonstrated their growing self-confidence, public speaking abilities, and the emotional intelligence that comes from months of hard work and guidance.

Every costume told a story, every movement on stage echoed hours of practice, and every line spoken reflected the incredible journey our students have taken together. It was a joy to witness how far they’ve come — not only in academic skills, but in their ability to collaborate, express emotions, and perform in front of an audience with pride and joy.

None of this would have been possible without the unwavering support of our entire school community. A heartfelt thank you to our amazing teachers, who prepared each child with patience and passion, and to our parents, whose encouragement from behind the scenes helped light up every face on stage. Your trust and support have played a vital role in nurturing this moment of celebration.

To our young stars: your costumes were bright, your words were brave, and your songs were full of spirit. You have made us incredibly proud. And to our community — thank you for helping us turn this event into a memory we will all treasure.

This celebration wasn’t just a performance; it was a reminder that even the smallest voices can speak volumes, and that perseverance, at any age, is a powerful and beautiful thing. Here’s to a year of growth, joy, and unforgettable moments.

## Celebrating Health Week in KG: A Joyful Journey to Wellness

Our KG department came together to celebrate Health Week—a vibrant and meaningful initiative, designed to promote lifelong wellness habits in a fun, age-appropriate way.

Each day of the week carried a special theme and purpose, nurturing different aspects of physical and emotional well-being. We kicked off the week with a Healthy Breakfast Picnic, where students enjoyed nutritious meals outdoors in a cozy, picnic-style setting. The laughter and joy shared on picnic rugs with baskets filled with fruits, sandwiches, and yogurt reminded us that healthy eating can be both enjoyable and bonding.

On Mental Health and Wellbeing Day, children expressed their personalities by wearing their favorite outfits. Through calming activities and reflective conversations, we focused on emotions, empathy, and mindfulness—fostering a safe space for students to simply be themselves and celebrate who they are.

Hat Day added a delightful touch of creativity as students arrived in colorful attire and proudly wore their handmade 3D hats representing healthy or unhealthy food choices. It was a joy to see their imaginative creations spark conversations about balanced diets and smart choices.

Midweek, we shifted gears with Physical Health Day, filled with fun movement and outdoor play. Dressed in their PE uniforms, our little learners participated in active games that promoted teamwork, coordination, and, most importantly, a love for staying active.

We concluded the week with our exciting Health Stations Day, where the entire KG floor transformed into nine engaging stations. From hygiene and nutrition to movement and safety, students rotated through each station, exploring new ideas and skills while having a wonderful time.

Health Week was a true highlight of the term. It blended fun, creativity, and education in a way that left lasting impressions on our students. We are proud of how they embraced each theme with curiosity and enthusiasm.

A special thank you goes to our teachers, staff, and families for their cooperation and spirit. With your support, we were able to create a memorable and meaningful experience that reflects our shared commitment to raising happy, healthy, and confident children.

## الاحتفال بأسبوع الصحة في قسم الروضة: رحلة ممتعة نحو صحة سليمة

اجتمع قسم الروضة لدينا للاحتفال بأسبوع الصحة، وهو مبادرة مفعمة بالحياة والمعنى، وهدفت إلى تعزيز العادات الصحية مدى الحياة بطريقة ممتعة ومناسبة لأعمار الطلبة.

كان لكل يوم من أيام الأسبوع طابع خاص وهدف محدد، حيث عملنا على تنمية جوانب مختلفة من الصحة الجسدية والعاطفية. بدأنا الأسبوع بنزهة إفطار صحي، استمتع خلالها الطلبة بتناول وجبات مغذية في أجواء صافية دافئة. وقد أضفت سلال الفواكه والمكولات على بساط النزهة جوًا من الفرح والتفاعل، وأكدت أن الأكل الصحي يمكن أن يكون ممتعًا.

في يوم الصحة النفسية والرفاهية، عبّر الطلبة عن شخصياتهم من خلال ارتداء ملابسهم المفضلة، وشاركوا في أنشطة هادئة ونقاشات تأملية ركزت على المشاعر، والتعاطف، والوعي الذاتي، مما ساعدهم على الشعور بالأمان والراحة في التعبير عن أنفسهم.

أما «يوم القبعات» فقد أضفى لمسة من الإبداع، حيث ارتدى الطلبة قبعات ثلاثية الأبعاد من صنع أيديهم، تمثل الأطعمة الصحية أو غير الصحية. وقد أثارت هذه التصاميم المبتكرة حوارات ممتعة حول أهمية الخيارات الغذائية السليمة.

وفي منتصف الأسبوع، خصصنا «يوم الصحة البدنية» للأنشطة الرياضية والحركة في الهواء الطلق. ارتدى الطلبة زي التربية الرياضية، وشاركوا في ألعاب جماعية عززت العمل الجماعي والتنسيق بين الأعضاء، والأهم من ذلك، حب الحركة والنشاط البدني.

واختتم الأسبوع بيوم محطات الصحة، حيث تحول قسم الروضة إلى تسع محطات تعليمية وتفاعلية، تنقل فيها الطلبة بين مواضيع متعددة مثل النظافة، والتغذية، والسلامة، والنشاط البدني، مما أتاح لهم فرصة التعلم بأسلوب عملي وممتع.

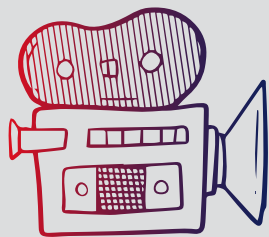

كان أسبوع الصحة محطة مميزة خلال الفصل الدراسي، جمع بين المرح والإبداع والتعلم، وترك أثرًا إيجابيًا في نفوس طلبتنا. نفخر بطلبتنا وبمدى حماسهم وتفاعلهم مع كل يوم من أيام الأسبوع.

## Beyond Borders: 6 Days of Discovery, Culture, and Growth in Oman!

Al Hekma International School recently partnered with the Challenger Team to offer middle and high school students a powerful 6-day educational journey to Oman, focused on adventure, cultural immersion, and personal development.

The trip featured a rich itinerary, with highlights including hiking and nature exploration, cultural visits, desert camping, adventure park challenges, and team-building sessions. Students experienced Oman's diverse landscapes, from the serene beaches and turtle reserves to the majestic mountains and vibrant markets of Muscat.

Throughout the journey, students developed essential life skills such as leadership, independence, teamwork, resilience, and cultural awareness. The experience strengthened bonds, sparked curiosity, and allowed students to grow beyond the classroom in meaningful and lasting ways.

AHIS is proud to continue offering opportunities that empower students to explore the world, embrace new challenges, and emerge as confident, globally minded individuals.

## ما وراء الحدود: ٦ أيام من الاكتشاف، والثقافة، والنمو في عُمان!

في مغامرة تعليمية فريدة من نوعها، تعاونت مدرسة الحكمة الدولية مع فريق التحدي لتنظيم رحلة خارجية لطلبة المرحلة الثانوية والمتوسطة إلى سلطنة عُمان استمرت لستة أيام، جمعت بين المغامرة، واكتشاف الذات، والتنوع الثقافي.

تضمنت الرحلة مجموعة من المحطات المميزة مثل المشي في الطبيعة، زيارات ثقافية، التخييم في الصحراء، أنشطة تحدي في المنتزهات الجبلية، وجلسات لبناء روح الفريق. تنقل الطلبة بين مناظر عُمان الخلابة من الشواطئ والمحميات الطبيعية إلى الأسواق التقليدية والمعالم التاريخية في قلب مسقط.

لم تكن الرحلة مجرد استكشاف لمكان جديد، بل كانت تجربة غنية ساهمت في صقل مهاراتهم في القيادة، الاستقلالية، العمل الجماعي، الصمود، والانفتاح الثقافي.

لقد عاد الطلبة المشاركين بشخصيات أقوى، ونظرة أوسع للعالم، وذكريات سترافقهم مدى الحياة. تفخر مدرسة الحكمة بتوفير مثل هذه الفرص الملهمة التي توسع آفاق الطلبة، وتُعدّهم ليكونوا مواطنين عالميين واثقين وطموحين.

# مسابقة شاركس ماثليتس: تحدي الأرقام!
