PRESIDENT'S MESSAGE

كلمة الرئيس

إلى أسرة مدرسة الحكمة الدولية،
مع ختام فصل جديد من مسيرة مدرستنا العزيزة، أشعر
بالفخر والامتنان لما حققناه معاً. فمدرستنا ليست
مجرد صفوف وممرات، بل هي بيت ثانٍ تُغرس فيه
القيم، وتبنى فيه الصداقات، وتصاغ فيه الأحلام.

إن مبادئ الاحترام والنزاهة والتعاطف هي الركائز التي
توجهنا، ومن واجبنا أن نحملها معنا أينما أخذتنا الحياة .
لقد أدركنا هذا العام أن الصعوبات ليست عوائق،
بل فرص للنمو والتطور. فبإيماننا بالله، وبعزيمتنا
وإصرارنا، أثبتنا أن لا شيء يمكن أن يضعف روحنا. لقد
أظهر كل فرد منا شجاعة وإبداعاً وتصميماً، وبنينا معاً
مجتمعاً يقوم على الوحدة والأمل.

تذكروا دائماً أن مدرسة الحكمة الدولية ليست مجرد
مكان للتعليم، بل هي عائلة. والدروس التي تعلمتموها
هنا، داخل الصفوف وخارجها، ستبقى منارات تهديكم
في حياتكم المقبلة. اعتنقوا هذه القيم معكم، ودعوا
إصراركم وإيمانكم يشكلان منكم القادة والمبدعين
والمواطنين المتعاطفين الذين سيخدمون المجتمع.
ولخيرجينا الأعزاء، مبارك لكم هذا الانجاز العظيم! ومع
انتقالكم إلى المرحلة القادمة من حياتكم، تذكروا دائماً
قيم الولاء والانتماء وخدمة الوطن. مستلهمين من
الرؤية الحكيمة والقيادة الملهمة لحضرة صاحب الجلالة
الملك حمد بن عيسى آل خليفة، ملك مملكة البحرين
المعظم، حفظه الله ورعاه، نسأل الله أن تواصلوا
السعي نحو التميز، وأن تساهموا بإيجابية في خدمة
مجتمعكم، وأن تحملوا روح الابتكار والتسامح والتقدم
التي ترسم مستقبل مملكتنا الحبيبة.

Dear AHIS Family,

As we close another remarkable chapter in the story of AlHekma International School, I am filled with gratitude and pride for the journey we have shared. Our school is more than just classrooms and hallways — it is a second home where values are nurtured, friendships are built, and dreams take flight.

The principles of respect, integrity, and compassion are the pillars that guide us, and it is our duty to uphold them wherever life may lead. This year has reminded us of the importance of resilience. Challenges, whether big or small, are not obstacles but opportunities to grow stronger. With faith in God and perseverance in our hearts, we have proven that no setback can diminish our spirit. Each of you has shown courage, creativity, and determination, and together we have built a community that thrives on unity and hope.

Always remember that AHIS is not just a school — it is a family. The lessons learned here, both inside and outside the classroom, will remain with you as guiding lights. Carry forward the values instilled in you, and let them shape the leaders, innovators, and compassionate citizens you are destined to become.

To our graduates, as you move forward into the next chapter of your lives, remember the values of loyalty, belonging, and service to your nation. Inspired by the visionary leadership of His Majesty King Hamad bin Isa Al Khalifa, King of the Kingdom of Bahrain, may you continue striving for excellence, positively contributing to your community, while carrying the spirit of innovation, tolerance, and progress that shapes the future of our beloved Kingdom.

**Abdulla Abdulaziz
Sherbiny**

Attending this school has been one of the experiences of my life, shaping not only my academic abilities but also my personal growth and sense of identity. When I first arrived, I was uncertain about my place and unsure of what I wanted to achieve. Over time, however, this school became a space where I could truly explore who I am and who I want to become. The supportive environment, combined with teachers who genuinely care about their students' success, has taught me that learning is not just about memorizing information, but about developing curiosity, resilience, and a passion for discovery. I've learned to push through challenges instead of avoiding them, understanding that failure is not a reflection of my worth, but a step toward growth.

Beyond academics, the friendships and connections I've made here have deeply influenced the way I view others and myself. Being part of such a diverse community has opened my eyes to new perspectives, helping me develop empathy, respect, and appreciation for people from certain walks of life. Group projects, extracurricular activities, and school events have all taught me the value of teamwork and communication, and they've shown me how collaboration can bring out the best in most people. These experiences have also helped me find confidence in my voice, learning to express my ideas with confidence, stand up for what I believe in, and listen to my peers with understanding.

Most importantly, attending this school has given me a sense of belonging and purpose. It has encouraged me to set meaningful goals and to believe that I can achieve them with hard work and dedication. I've grown not just as a student, but as a person who is ready to take on the future with courage, compassion, and confidence. This school has truly shaped the foundation of who I am today, and I am grateful for every lesson. Looking forward, I intend on enjoying the new beginnings that graduating will give me.

Additionally, I would like to dedicate this final paragraph to my hard-working parents, who have been there for me every step of the way, and supported me when I was at my lowest. They were the key behind my motivation and my drive to continue studying and improving, throughout not just high school, but life in general. I want to thank them for everything they've done for me, between paying for my education and bringing me to school every day from Saudi Arabia. I am truly happy to have them in my life.

**Shayenne Farouk
Hariz**

With a heart heavy from the bittersweet ache of time and a mind racing with memories, I write to you all. I will forever be grateful for every person I have gained and every goodbye that has stayed with me as a lesson. To my brothers bound by heart but not by blood, to my soul sisters, to my best friend, and above all, to my family, I thank you for the lessons you have taught me and for helping me find the person I have become.

Growing up, for a while it was just my mother and me every step of the way. Her gentle reassurance and the simple comfort of walking through the same school doors with her reminded me I would find my people in time. Looking back at old photos of my friends and me, I realize those memories, rooted in AHIS, built my sense of belonging. From preschool to my final year of high school, I found people I could truly be myself around—without Al Hekma, none of this would have been possible. I remember screaming and giggling with friends during break while playing FNAF and getting yelled at for making a ruckus. Now I see those “annoying kids” grown into young adults who will soon lead the next generation.

To the boys and girls who became my chosen family—Ali, Omar, Adam, Malak, Joree, Fatima, Rabab, Nouf—though we have our differences, thank you for being the ground I stand on when I lose balance, for finding joy in small things, and for your kind acceptance. You reminded me, even in uncertainty, that I am never truly alone. (And yes, my house is still open for hangouts.)

To Dana Anas, this dedication would be incomplete without you. I have and will continue to dedicate my heart and time to our friendship. Without you, I would not be the confident person I am today. In my darkest times you helped me see light when I thought it is impossible. Instead of making me feel small for mistakes, we learned and grew together. I remember meeting in the school garden, bonding over nerdy interests, I knew then our bond would be unbreakable. I am endlessly grateful to grow and learn alongside you, and I cannot wait to see where this journey leads us next.

After years of pain, silence, and misunderstandings, I see the world more clearly. Every hard choice and sacrifice was for me—even when I was too small to understand. In our toughest moments I recognize a younger version of my mother in myself and am reminded her decisions were meant for my best. I cannot put into words how grateful I am for her sacrifices. Seeing myself, I find more pieces of her woven into who I am, and I could not be prouder of the two of us. My mother has shown me that even the greatest challenges pass. She is the light at the end of the tunnel and the glimmer of hope in my eyes.

As I step into this new chapter, I cannot wait to see where this journey leads us. Thank you, everyone, for making my high school years unforgettable. Don't be a stranger.

**Abrar Mohamed
Abbas**

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Closing a chapter feels surreal. Time flew, filled with growth, lessons, and tears. Early mornings, late nights, and laughter shaped me. This journey was about becoming myself. Through every high and low, Allah's guidance carried me. Alhamdulillah for how far I've come and what's ahead. First and foremost, I thank my greatest supporters, Mama and Baba—the people I look up to and am proud to call my parents. I wouldn't be where I am today without you. You carried my stress alongside your own, believed in me when I doubted myself, and showed me a strength I never knew I had. You never left my side, even when the journey felt heavy. Thank you, Baba, for being my strongest backbone, and thank you, Mama, for giving me wings to dream and fly. Everything I am is because of you. I hope I've made you proud. I love you to the moon and back.

يَدْتِي سُلُوِي، الله يخليج ويحفظج لنا. كل نجاح وصلت له كان من دعواتج وبركاتج، ووجودج بحياتي نعمة ما تتعوض. الله يطول بعمرج ويخليج تاج فوق راسنا دايماً.

To Baba Ali, **اللهم يرحمك**. Though you are no longer here, I feel your support in every step I take. You were my role model and greatest supporter, and I know you are always watching over me. To my other halves—To my older sister, my forever role model and best friend, I'm endlessly proud of you. To my younger sister, your future is so bright, and I can't wait to watch you become everything you dream of. Thank you both for your love, support, and laughter. Just a few minutes with you turns all my stress into joy. Wouldn't trade you two for anything. To Aloooy and Hasoon, thank you for all the fights and laughs that helped me release stress (unfortunately you were always the victims)—you're the brothers I always wished for. To my cousins—my best friends—thank you for reminding me that life is so much more than studying, for the laughs, inside jokes, and even the worst advice that somehow always helped. You've all graduated, and now it's my turn. To the teachers who supported me—you know yourselves. Thank you for being mentors, guides, and constant encouragement. I will always be grateful.

They say save the best for last, but I saved the worst—the family I chose by heart: Small Hamad, Big Hamad, Bader, and Fatima. Thank you for the best high school memories: binge-eating, hysterical laughs, and almost forgetting academic pressure. Fatima, my sister from another mother, thank you for always listening and supporting me. Small Hamad, the crackhead brother I fight with most—thanks for the bullying that fixes my mood. Big Hamad, the “nonchalant” one who dies for gossip—thank you for the laughs, gossip sessions, and endless support. Bader, my day one, who gets my silence, screams, and bad ideas—thank you for everything. I'll never tire of advising and parenting you all, even if you hate it. **وإن شاء الله أشوفكم في أعلى المناصب**

I've always found comfort in quiet gratitude, trusting that everything unfolds in its time. Through patience, hope, and small prayers, I was guided to where I am today. Alhamdulillah for every step, every person, and all that's still ahead.

بِسْمِ اللَّهِ، والحمد لله الذي بنعمته تتم الصالحات. أقف اليوم والقلب يفيض حامداً شاكراً لرب السماء، الذي رافقني في كل خطوة، وكان لي عوناً في كل عثرة. الحمد لله الذي طوى لنا هذه السنوات بجميل ستره ولطفه، ومنّ عليّ بلحظة الوصول هذه التي كنت أراقبها من بعيد بقلبي يملؤه الأمل. الحمد لله.. على دمع مسحته وانبت بقلبي وعلى ضحكة غديت بظلمها.. طفلي ملك هالدار تركت بـ هالزوايا ذكريات.. تنور لي مدى دربي ذخرت له السنين المقبلة.. عن لهبة الأقدار.

Standing at the threshold of graduation, I look back at the winding path that brought me here. I still remember the “first day” butterflies when the school doors felt so tall and the world so vast. This journey has been the heartbeat of my youth, written in the ink of shared laughter and lessons that transformed my soul.

Mom, you are my soft landing and the warmth that gave me courage. Every success I claim is rooted in your sacrifices. Dad, you are my pillar; you taught me to stand tall and lead with kindness. I carry your strength with me. Taha, having you as my shadow and shield has been one of my greatest gifts. To my aunts, uncles, and grandparents, thank you for making our home a sanctuary and for being the lights that greeted me every day.

It is hard to say goodbye to this “second home.” My real education happened in the hallways and the quiet moments of growth. To Shannar, the buddy who found humor in everything—thank you for the joy. To Hamad, thank you for the news and endless chitchats. To the IB crew—Bader, Hamad, Abrar, Fatima Janahi, Ali Nemer, Shayan, Omar, Adam, and Rodayna—we didn't just survive the challenge; we conquered it together through late nights and shared goals.

To the family I found within these walls, you made this chapter vibrant. Albadra, meeting you was a great pleasure; you are a reflection of the truest self. Dana, you became the sister I never had, standing by me through every storm with a laugh that brightened the darkest days. Ghina and Fatima, our bond proved we are woven together by more than friendship—we are family.

To the brothers I've known since day one—Khalil, Hussain, Abdulrahman, Ali, Mohammed, and Omar—thank you for being the foundation of my world inside and outside these gates. To everyone who shared a classroom with me: you each added a brushstroke to the masterpiece of my memories.

استودعكم الله

Finally, to my teachers: thank you for being the mentors of my heart over these five years. I leave today with more than a diploma; I leave with bittersweet memories of the light hitting the desks and the sound of the halls. This chapter was defined by the souls I met and the days we spent together. As I start anew, I carry every one of you in my heart.

Hamad Ali Alaraifi

I don't even know where to start. It's hard to believe that the place I once walked into as a little kid in KG is now the same place I'm saying goodbye to as I close one of the biggest chapters of my life. This school has been my second home for as long as I can remember. I've grown up in these hallways, met people who became family, and learned lessons that shaped who I am today. Every classroom, every laugh, every challenge, they're all pieces of my story.

Being part of the first IB batch was one of the toughest and most rewarding experiences I've ever had. We were the ones trying to figure everything out, building something new from the ground up. There were long nights, stressful deadlines, and moments of uncertainty, but we never gave up. We faced it all together and made it through, stronger and prouder than ever. We didn't just complete the program; we made history.

To my parents, "thank you" doesn't even begin to cover it. Your endless love, sacrifices, guidance, and unwavering belief in me have been my foundation. You supported me when I doubted myself, celebrated every little victory, and carried me through the toughest times. Mom and Dad, everything I've achieved is because of the love and values you instilled in me. To my sister, your quiet strength, your support, and the way you always know when I need encouragement have meant the world. And to my little brother, your laughter, joy, and energy have reminded me to cherish every moment, even amidst stress and challenges. You all are my safe place, my inspiration, and my home.

To my best friends Hamad, Fatima, Abrar, and Bader, thank you for making this journey unforgettable. Hamad, you're one of a kind. Your fun spirit and unique sense of humor never failed to make me laugh, even on the hardest days. Fatima, your kindness, honesty, and loyalty make you someone I truly admire and trust. Abrar, you never fail to make me happy; you make us laugh always and somehow fill every room with joy. Your constant support of me was one of the main reasons I reached where I am today, and I am forever grateful for that. Bader, your motivation and humor lifted me through every challenge. Each of you made this year brighter, and I'm so grateful for our bond.

To my cousins — Hassan, Bader, Layal, and Fatima — thank you for all the unforgettable childhood memories. I'll never forget the countless hours we spent playing games at our grandmother's house, running around, laughing until our stomachs hurt, and just enjoying the simple joys of being together. Those moments taught me the value of family, friendship, and love. Your encouragement, laughter, and constant support have reminded me that family is not just about blood, but about being there for each other through every stage of life. From childhood games to late-night talks, every memory with you has been a treasure.

From KG to IB, it's been a long road filled with lessons, friendships, and growth. This year taught me that no matter how hard things get, with the right people beside you, you can get through anything.

Abdulrahman Talal Ariout

After all these years at AHIS, I have experienced so many things. This journey is something I will never be able to forget. I have made so many nice and fun memories. Everything I gained; the experiences, the lessons, and the moments is something I will appreciate forever. From the teachers to the students, everyone made an enormous difference in shaping my time here.

I also want to thank my friends for everything they have done for me: Jaffar, Hussain Alrashedi, Mohammed Shannar, Omar Abdulrahman, Aya Bahman, and Leyan. These people were always by my side no matter what. We made so many great memories together, like Senior Breakfast and much more.

I would also like to thank my parents for all their support throughout the years. They kept pushing me to be better and to do my best. I would not have made it here without them or their encouragement. They always had my back whenever I needed them, so I want to say thank you for being the best parents ever.

Banan & Mahmoud: I am so grateful to both of you. You always had my back, supported me through my ups and downs, and made me happy. Everything we share means so much to me. I love you both, and I could not have wished for better siblings.

Mohammed Jaffar & Hussain Alrashedi: These two are my brothers. We did everything together. We have always shared a strong bond, supported each other, and cared for one another. I will never forget all the memories we shared because they will always be the best memories I ever had.

Omar Abdulrahman & Mohammed Shannar: My best friends. The memories we made together in class were among the best moments. I remember sitting on the benches during break and laughing nonstop, all the times we went out together, and how Mohammed could not come to Amwaj because it was "too far." And no matter what I asked Omar, he was always down, and he never said no. Thank you both for always being there.

Aya Bahman & Leyan: I am so grateful that I have friends like Leyan and Aya. They made my year so much better. All the memories we shared together, especially Mission Impossible, meant so much to me. Thank you both for everything.

الحمد لله الذي بنعمته تتم الصالحات وصلت رحلتي الدراسية إلى نهايتها بعد تعب ومشقة.. وها أنا على باب التخرج أختتم فرحتي بكل همة ونشاط، وأمتن لكل من كان له فضل في مسيرتي التعليمية. إلى من أفضلها على نفسي، التي ضحت من أجلي ولم تدخر جهداً في سبيل إسعادي على الدوام، أمي الحبيبة. إلى رمز الرجولة والتضحية، إلى من دفعني إلى العلم وبه ازداد افتخاراً، والدي العزيز. إلى ذلك الرجل العظيم، جدي عايض الذي يفتخر كل من حكي عنه؛ وكل من فخر بأبني حفيده، أتمنى من الله أن أحذو على حذوه ووقاره، وإلي جدتي الغالية التي طالما كنت الحفيد المفضل لديها، بل الشرف لي أن أصل إلى مكانتهم العظيمة. إلى من هم سند حياتي وبهم أستمد.

My wonderful parents, no words can truly express what you both mean to me. Thank you for always supporting me, guiding me, and ensuring I receive the best education and knowledge possible. Your love and encouragement have shaped who I am today, and everything I achieve is because of you. I love you more than anything, and I hope to make you proud every day.

Special thanks to my sister, who has always helped me with my studies and stood by me through every challenge. Your support has been a constant source of strength, and I am so grateful to have you in my life. To my brother Mohammed, thank you for always being there for me. Your guidance, encouragement, and care have made a lasting impact, and I admire the amazing person you are.

I would also like to thank my classmates, who have been like a second family to me. Class of 2026, thank you for giving me some of the best years of my life. The laughter, shared struggles, late-night study sessions, and countless memories we created together have made my school experience unforgettable. I will miss seeing your faces every day and the bond we shared during these formative years.

Looking back, I have spent an incredible 14 years at AHIS, and it has truly been my second home. From the classrooms to the playgrounds, from small daily moments to milestones, each memory is precious and unforgettable. The teachers, staff, and friends I have encountered along the way have all contributed to shaping up the person I am today. I am deeply thankful for every lesson I learned, every word of encouragement, and every moment of support.

The Class of 2026 has finally graduated, ready to embrace the world ahead. Thank you to everyone who has been part of this journey. We made it, and the memories will remain in our hearts forever.

The day has come to close this chapter, not with hesitation, but with pride. This journey shaped me through challenges, growth, and perseverance, and I emerged stronger, ready for what lies ahead. I am grateful to Allah, whose guidance never left me. In every challenge and victory, I felt His presence steadying my steps. Everything I have experienced shaped me into who I am today, and it feels unreal yet special to leave my name in this yearbook.

My deepest gratitude goes to my parents. Thank you, Mom, and Dad, for being my safe place, my motivation, and my endless support.

Coming home to your hugs after school always lifted my spirits, and seeing your smiles made everything lighter. Every late night, stressful moment, and small success became easier because I knew you believed in me. Everything I achieve reflects your sacrifices and love.

To my siblings, I thank Allah every day for having you in my life. Your support, patience, and encouragement helped me face challenges with confidence. Knowing I have you beside me makes the future feel brighter and the journey easier.

I am deeply grateful to my teachers: Ms. Batoul, Ms. Javaria, Ms. Lisha, Ms. Vyshaki, Ms. Fatema, Ms. Sowmya, Ms. Deena, Ms. Adreen, Mr. Mahmoud Bedier, Mr. Mahmoud Shetwy, Mr. Bacem, Mr. Bader, Mr. Osama, and Dr. Saeed. Your guidance shaped not only our minds but also our character. You pushed us to grow, stood by us through highs and lows, and offered wisdom beyond your role as teachers. I also thank every staff member who made our school a supportive and caring place. Special thanks to Ms. Rasha, whose leadership inspired us, and Mr. Mohammad Ibrahim, whose guidance kept us focused and accountable.

To my friends, thank you for growing alongside me, for the laughter, support, and understanding you gave. Our shared moments, from classes to PE, football, and volleyball, made ordinary days unforgettable. Walking through this chapter with you has been a blessing, and our bond is something distance and time will never take away.

Now, as I am preparing to step into a new path, I carry every memory, lesson, and piece of love with me. This is not an ending, it is the beginning of a beautiful new journey. Whatever the future holds, I know we will chase our dreams, become who we are meant to be, and hold onto the connections we built.

I am so proud of each one of you. Congratulations, Class of 2026!

Rawan Abdallah Altahir

After nights of reading the past graduates' dedications, I'm finally here writing my own. There's a beginning and an end to each step in life, and this marks the end of a step out of many. As I stand here today, ready to take the next step into the future, I want to take a moment to reflect on the journey that had its challenges, triumphs, and countless memories that I will cherish forever, with the good people who were there throughout the entire time, as well as those who passed by and left.

My journey began on September 2, 2019, when I entered the hallways of my new middle school. Those unfamiliar hallways soon became my second home, where I created lasting memories. Middle school flew by, especially with half spent online due to COVID-19. Yet, the friendships I created during that time are what I am truly thankful for. Yasmin and Dana were my first genuine friends, and they kept me motivated throughout those middle years.

When I entered high school, I was initially apprehensive in a new environment filled with older students who seemed to know exactly what they wanted from life. However, deep down, I felt an unexpected sense of belonging. From a young age, I knew that I wanted to pursue medicine, and my science teacher, Ms. Vysakhi, helped solidify this aspiration. Her love for the subject inspired me and made me confident in my chosen path.

Grade 10 was a year full of laughter and good memories. That was when my closest friends, Alyaa and Yara, joined the school. Their presence made my high school experience even more meaningful, along with Yasmin, who has been with me since day one.

In grades 11 and 12, I faced new challenges and uncertainty in the International Baccalaureate (IB) program. Although I had to change classes and be apart from my close friends, I met Ghina and Fatima, who supported me during tough times. Even after leaving the IB program in grade 12, I gained lasting friendships and precious memories.

It's emotional for me to graduate from high school as my sister Retaj starts hers and my brother Mohammed begins middle school. I want them to enjoy their time and not wish for it to end, as I regret that it passed so quickly. My sister Razaz showed me that high school isn't the end; university is next. It feels strange that I'm the one graduating now when your graduation seems like it was just last year.

Mama, you cooked every meal I craved and helped me whenever I needed support. Thank you for being the mother I could never have asked for. You brought me into this world, and I hope to make you proud. Baba, you're like a best friend to me. You listened to me during our daily after-school rides without complaint. Thank you for all your sacrifices to give me the world. I'm here to tell you that your little girl isn't little anymore—she's graduating.

As I move forward from today, I take with me the lessons I've learned and the love I've received. I look forward to what life after high school has in store for me, and I am truly thankful for the memories I created along the way. Thank you!

Ali Andrew Nemer

الحمد لله الذي بنعمته تتم الصالحات.

It feels almost impossible to put into words what this school means to me. I've grown up in these halls, and they've seen my first steps into who I will become, my doubts, my victories, my lessons, my friendships, and my dreams. Remembering the fact that it's my last year feels surreal, like closing a long chapter I thought would never end. Yet, I know that every ending gives rise to something new.

To my parents, simply thanking you will never be enough. You are my foundation, and the reason behind every success and step I take. Your sacrifices, patience, guidance, and unconditional love built me into someone who believes in hard work, dreams, and always shoots for the stars. Thank you for reminding me to stay humble, to keep going even when things seem impossible, and for showing me how amazing support can strengthen a person. Everything I have and will accomplish carries a part of you in it.

To my two little sisters, Mayaan and Marian, you are my joy, my balance, and the laughter I always come home to. Each time I wanted to give up, I remembered that I am also carving a path for you as well. I hope I have been the role model you deserve, and I hope you know that you are my strength.

To my teachers, Ms. Lisha, Ms. Vyshaki, Mr. Bacem, Mr. Mahmoud Shetiwy, Ms. Adreen, Mr. Mahmoud Bedier, Ms. Sowmya, Mr. Nasr, Ms. Amna, Ms. Hoda, Mr. Osama, Mr. Saeed, and all other previous teachers over the years, thank you for the lessons, the patience, and the constant reminders to do better.

To the leadership and pillars of AHIS, Ms. Rima, Ms. Maya, Ms. Rasha, Mr. Saeed, Ms. Rana, Mr. Mohammed, and Ms. Deena, thank you for the guidance, discipline, and support that held everything together.

To my friends, thank you for making this journey unforgettable.

Adam, you have been part of my life for as long as I can remember.

Growing up together, sharing laughs, and making memories over so many years is something I will always cherish.

Hachicho, I still remember walking into the first day of school and immediately becoming friends with you. AHIS wouldn't have been the same without you by my side all these years.

Shayenne, thank you for always having my back. The memories, the laughs, and the fun we shared made school life so much brighter.

Haadi, even though our friendship began in Grade 10, in such a short time, you became someone I could truly rely on. Your loyalty, support, and energy made these last years even better.

And to all the friends whose names I couldn't mention, know that you all hold a special place in my heart. Every conversation, every laugh, and every shared moment contributed to the person I am today. Thank you all for being part of my journey.

Class of 2026, we made it. I'm truly grateful to have been part of this journey with you. Thank you for the memories and all the moments we shared along the way. I wish each and every one of you nothing but the very best in everything ahead.

Once again, thank you all.

Ali Nemer, signing out.

(وَأَخِيرَ دَعْوَاهُمْ أَنْ الْحَمْدُ لِلَّهِ رَبِّ الْعَالَمِينَ)

First of all, I would like to thank me for going through 12 years of school. Then I would like to thank my parents for providing me with this wonderful study ground. My one and only brother Abdulla, knowing everything I can think of, has an answer and solution to anything I ask, being a formidable Brother and incredibly grateful for him.

Thanks to my friends, Abdulaziz, Hamza Hassan, Ali Alkaabi, and Hamza Maged for being with me in my high school years, and especially my cousins, Isa bin Salman, Khalifa bin Salman, Khalifa bin Mohammed, Ahmed bin Talal, Abdulla bin Hamad, Salman bin Khalid, Isa bin Salman, and Isa bin Salman, Abdulla Bin Ali, Nayef Alabbasi, Fahad Alqaed and Faisal Almarri, my one and only brother Abdulla, following his footsteps I am now graduating from the same place he was in many years ago, and finally to top it all off My Uncle Mohammed with many countless memories of playing Jakkaro with him and my cousins many losses, many wins. Win or lose, they were filled with joy and happiness.

Lastly, I would personally like to thank Mr. Anas, Mr. Mahmoud, Mrs. Vyshaki, Mrs. Javaria, and Mr. Bacem. I would like to start by saying thank you to Mr. Anas. He was my physics teacher in grade 11 for the first semester. He made physics a joyful subject, making it one of my favorites before he sadly left in the second semester. Mr. Mahmoud, a teacher that was more of a brother than a teacher matching our vibes and understanding us, making us happy with every class. Mr. Bacem, an older brother, not a teacher, gives us life advice with every lesson and always being there for us and understanding us. Mrs. Vyshaki who is Among the best teachers, making students understand everything she explains without having a tough time understanding. Mrs. Javaria- a mother more than a teacher. Words cannot explain how grateful I am for her and for how much she helped us with Math, making it fun again like it was in grade 3.

It was a nice journey.

Yousif Ahmed Yahya

My years during this school have been wacky and wonky, but it is definitely an experience I will learn to cherish. Through my hard work and ability to carry on despite the odds, I can finally say that I made it! I made it, and now I'm here to share my message with all of you. I remember the first day I joined this school and how shy and flustered I was to meet all these new faces. Faces that I will come to respect. But it is during these turbulent times that I found a school so admirable, so encouraging, that I finally made my mark on the lives of my friends and admirers.

We've all had our battles and triumphs throughout this year. From academic challenges to personal struggles and even moments of doubt. But it is important to realize that all of those late-night snooze-fests where we crammed homework into our noggins will always lead to us growing and learning from them. Everything you will experience in school, no matter how hard, will only make university and college that much easier. You've dealt with worse during your high school years.

I continue to reflect on the myriad of memories I experienced in this school. All those times I went on stage and felt like a superstar. All those moments where I tried to rush my classwork assignments with little to no delay at the last moment.

As of the moment I'm writing this, I stand on the brink of graduation. Ready to embark on this journey, I encourage everyone to carry forward with a couple of bolts in hand and the human urge to find all the artifacts and anomalies this zone of a world wishes to surprise us with. We are all interconnected through the noosphere, and I want everyone to know that there is always a part of me inside all of you. So allow your brains to be scorched. Allow your psyche, through an emission of knowledge, to strive patiently in this world. Be tested, be challenged, and be mentally strong.

In closing, I want to extend my heartfelt gratitude to everyone who has been a part of this experience. To my friends, teachers, and family. Thank you for your unwavering support. I can't wait to see how each of us will continue to grow, remember the bonds we've created, and rise to the challenges ahead.

So here's to us, the Class of 2026. We made it through the wacky, the wonky, and everything in between. This isn't a simple goodbye. It's an eternal greeting for generations to come. A love for the life we will face ahead. An appreciation for the struggles that will come our way, because there is no such thing as humanity without a challenge to overcome.

الْحَمْدُ لِلَّهِ الَّذِي يَنْعِمَتِهِ تَيْمُّ الصَّالِحَاتِ، وَبِقَضِيهِ تَتَحَقَّقُ الْأُمْنِيَّاتُ وَالْقَائِمَاتُ

As I complete this important chapter of my life, I want to start by giving thanks to Allah. It is only through His will and guidance that I have been able to reach this achievement and find success in my studies. To my Mom, Dad, and siblings, thank you for being my constant source of strength. Without your endless support and encouragement, I would not be the person I am today. You stayed by my side through every long night of studying, and I am forever grateful for the love you have shown me.

To my sister, you are my heart and my safe place. More than just family, you are the person who truly knows me and feels everything I go through. When the work got too hard, you were the one who gave me the strength to keep going. I cannot imagine these four years without your support and your love. Thank you for being my soulmate and for always walking right beside me; I am so lucky to have you.

I joined Al Hekma International School in 9th grade. Although four years is a short amount of time, this school has become a place where I truly feel I belong. It provided me with a community that allowed me to grow and take on new challenges. One of the biggest challenges I faced was choosing to join the IB program in Grade 11. Taking this step was a difficult decision because I knew how demanding it would be. The last two years have been full of hard work, long hours, and stress; however, despite the pressure, I chose to push forward and never give up. I am so proud to say that I overcame those obstacles, and I am honored to be part of the first batch of students taking the IBDP at Al Hekma. Being a pioneer in this program taught me resilience and showed me that I am capable of achieving great things.

I also want to dedicate this success to my two soul sisters. You are more than just friends to me; you are my sisters. We have a soul-deep connection and have always understood each other perfectly. You were my support system through all the stress of the IB program. Even though we were separated into different classes in Grade 11, the bond between us never vanished and it never broke. Our friendship proved that distance doesn't matter when you have a connection as strong as ours. To my other friends who supported me through this journey, I am very grateful to know you—thank you.

Finally, I want to express my professional gratitude to my teachers. Thank you for believing in me and supporting me throughout these four years. Your guidance and your belief in my potential helped me navigate the challenges of my education. I leave this school with a sense of pride, knowing that I am part of a special group of students, and I carry with me memories and friendships that will last a lifetime.

(وَأَذِزْ دَعْوَاهُمْ أَنْ الْحَمْدُ لِلَّهِ رَبِّ الْعَالَمِينَ)

As I look back at my time in high school, I feel a mix of happiness and gratitude. These years at AHIS have truly been special, shaping who I am today.

From the very first day, I felt embraced by a warm and supportive community at AHIS. While I made many friends who became like family, I want to take a moment to express my deepest gratitude to my parents. Thank you, Dad, and Mom, for raising me with love and guidance. Your support has been invaluable, and you were always there to help me through challenges and celebrate my successes. I am especially thankful to my friends Ali Alghatam, Hamza Maged, Hamza Hassan, Khalil Ebrahim, and Ali Janahi. You stood by me during tough times, and we shared countless laughs together. Each moment spent with all of you has made my high school experience vibrant and truly memorable. Your friendship, combined with my parents' support, has enriched my life in ways I will always cherish.

Football has been a huge part of my life during these years. I played on the school team for several years and joined a club to further pursue my passion for the sport. The thrill of playing matches, practicing with my teammates, and celebrating our victories was incredible. I learned the importance of teamwork and dedication, and these experiences will stay with me forever. The joy of winning games and the bond formed with my teammates made each moment worthwhile.

I also want to thank my teachers for their guidance and support. A special shoutout goes to Mr. Anas, who left our school last year, for his inspiring teaching. He helped me grow academically and personally. I am also grateful to Mr. Mohammed, Ms. Vysahki, and Ms. Javaria for making learning enjoyable and motivating. Your encouragement made a significant difference in my life.

As I prepare to move on to the next chapter, I will carry the lessons and memories from AHIS with me. These years have given me the confidence to pursue my dreams, whether in football or other areas of my life.

Thank you all for being a part of this amazing journey. I look forward to what the future holds, but I will always cherish the time I spent at AHIS. I also want to take a moment to wish my brother Taym the best of luck. I hope he graduates with the best marks and continues to shine in all his endeavors.

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ
(وَأَنْ لَّيْسَ لِلْإِنْسَانِ إِلَّا مَا سَعَى)

Fifteen years ago, I walked into this school, I was small, overwhelmed, and completely unaware that these hallways would one day become the place where I found my voice, my people, and a version of myself I will carry forever. I begin by thanking God for His countless blessings. I am grateful for every success and every hardship which both played a role in shaping the person writing this dedication today.

I owe my entire life to my parents. Mama, I will never forget the late nights we spent revising for quizzes and tests, or the last-minute projects I wouldn't have submitted without your help. You believed in me when my own self-doubt was the loudest. Thank you for everything you sacrificed so I could succeed. Baba, I still cherish the simple joy of you picking us up from school and taking us to Hardee's in Isa Town. Those moments taught me more about love, consistency, and support than words ever could. Your hard work remains my greatest inspiration. To my sister, Arwa: it took me a long time to realize that constant fighting is simply our unique language. I miss our morning drives and even your endless spam calls at bedtime more than I admit. You are my battery, my energy, and I am deeply grateful to have you by my side. To my family, El DaySeen, Thursdays at Anti's house are the highlight of my week, I love you so much. And to my grandma, ٥٥٥, thank you for your endless prayers, your check-up calls, and of course, your machboos. To my best friends, my chosen family: Abrar, Hamad, Araifi, and Fatima, thank you for making my school years unforgettable. From studying together to our daily question, "Ha shbnakl ilyom?", you made everyday feel special. To Leyan and Aya, from our deepest conversations to the loudest laughs at Chili's Seef, I will treasure our memories forever. Kaabi and Bastiki, my "Gourmet Burger" day-ones, thank you for the constant support. Salman, Hala, Fatima Ali, Bayan, Fatima Hashim, Ghina, and Yousef Ashraf, thank you for bringing light into my darkest days. And to my IB people, thank you for being the best group to walk this journey with.

To all my teachers, thank you for guiding me throughout these years. Ms. Deena, you were my mom at school, my mentor, and a best friend when I needed one most. You saw potential in me before I saw it myself. Ms. Sowmya, the wisest person I know, thank you for your life-changing advice and for always pushing us toward excellence. Ms. Rima, thank you for your constant support and reassurance. Asa, thank you for the "good mornings" that always made my day brighter. AHISMUN, thank you for shaping who I am.

These fifteen years aren't measured by two diplomas, but by the memories that turned AHIS into a lifetime of lessons. I learned, stumbled, grew, cried, laughed, and found the best people along the way. As I step into this new chapter, I carry all of you in my heart. It now feels strange knowing that after today, my mom won't say, "You're at school more than home" anymore.

الحمد لله في كل حين، ولكل بداية نهاية، ولكل نهاية بداية جديدة

Ali Mohamed Janahi

As I look back on my school journey, I realize how special these years have been. The memories I made are not just events I attended, but experiences that helped me grow, learn, and become more confident. Each moment taught me something important about teamwork, responsibility, and friendship.

One of my most memorable experiences was INJAZ 2024. Through this program, I learned how to work with others and take responsibility for my role in a team. At first, some tasks were challenging, but working together helped us succeed. INJAZ showed me the importance of planning, communication, and effort. It also helped me understand how skills we learn in school can be used in real life. Another important memory was AHIS MUN 2025. This experience pushed me out of my comfort zone. Speaking in front of others and sharing ideas was difficult at first, but it helped me become more confident. I learned how to express my opinions clearly and listen to different viewpoints. AHIS MUN taught me that teamwork and respect are essential when solving problems and working with others.

The Senior Breakfast 2025 was a meaningful moment that allowed us to slow down and reflect. Sitting together with friends and teachers, I felt grateful for the support and friendships we had built over the years. It was a time to share laughs, remember old memories, and realize how quickly time had passed. This moment reminded me that school is not only about studying, but also about the people who make the journey special.

In conclusion, I am thankful to my teachers for their guidance, my friends for their support, and my family for always encouraging me. These experiences have prepared me for the future and given me confidence to move forward. As we begin a new chapter, I wish everyone success, happiness, and strength to follow their dreams while remembering the memories we shared.

Mohamad Omar Ahmed Hachicho

Before I begin, I say الحمد لله رب العالمين , for every blessing and every step that led me here. If time could speak, it would whisper every scraped knee, every trembling presentation, and every hand that reached out to lift me back up. From the first day of school in nursery, when my backpack was almost bigger than me, my parents have poured their time, strength, and love into making sure I succeed. The sacrifices they made weren't loud or dramatic, they were the quiet moments that only a parent could understand. The late-night study sessions they stayed awake through, the long work hours they endured just to give me opportunities, the way they hid their own exhaustion behind a smile so I wouldn't worry. Love you Mom, thank you very much. The countless achievements I've made carry yours and father's fingerprints, and are dedicated to you both.

There's a lesson my father taught me, a story I will never forget. He once told me that there comes a point in life when a person feels worn down, when moving forward feels almost impossible. Everything feels heavy, broken, and exhausting. In that moment, a painful choice must be made: endure the suffering required to change, or give up completely. Those words stayed with me then, but they mean even more to me now.

School has not always been easy. There were days when stress crushed me, when failure made me want to stop trying, when I felt too tired to keep going. There were moments I questioned my own strength and wondered if I was enough. But I learned that true transformation is painful. Growth demands discomfort. It asks you to break down before you can rebuild. And every time I doubted myself, my father's voice reminded me that I was not breaking, I was becoming stronger. I kept going, because quitting was never an option.

And I never walked this path alone. To my brothers, not by blood but by heart, Ali and Adam my two best friends. From kindergarten to grade 12, you have stood beside me through every laugh, every mistake, and every victory. You turned the darkest days into something bearable and the brightest turned into memories I will carry forever. Thank you for never letting me feel alone in this world. And to Shayenne Hariz, who has made me laugh from kindergarten through grade 12, thank you for all the laughs and bringing light, humor, and happiness throughout my school life.

And to the rest of the people who stood by me when it mattered most, Hamed Selim, Khalid Alhashimi, and Hamza Salamat, thank you for choosing to stay, for your loyalty, your support, and your kindness. You reminded me that friendship is not about how long you've known someone, but how deeply they stand with you. You are all incredible people, and I am grateful for every moment we shared.

As I close this chapter and look forward to the future of the unknown, I hold onto everything that has carried me here: my parents' sacrifices, my father's wisdom, and the unbreakable bond of my friends. If time could speak, it would say. You were loved every step of the way.

Dear Class of 2026,

As I reflect on my 15 years of school, I am filled with gratitude and joy. This journey has been about learning, growing, and creating memories I will cherish forever. AHIS has been my second home, and though leaving is bittersweet, the moments and friendships will stay with me always.

I want to start by thanking my amazing family. Mom and Dad, your constant support, encouragement, and love have been my rock. To my brother Ebrahim, thank you for being my partner in adventures and for the countless laughs we've shared. I miss you when you are abroad, but I will always treasure our bond. My grandparents (الله يرحمهم), Mama Mariam (الله يرحمها), and Mama Fawzia (الله يخليها), along with my aunts, uncles, and cousins, I feel incredibly fortunate to have such a loving family. You make every day brighter.

Mom, you have always been my number one supporter and cheerleader. Your kindness, strength, and guidance inspire me daily. Whether staying up late when I'm sick or simply listening to me, your love fills our home with warmth. Baba, my superhero, your dedication, resilience, and faith in me have guided me through challenges and taught me responsibility and courage. Thank you both for your sacrifices, wisdom, and unwavering support. I love you so much.

A special mention to my trio, Albadra and Dana. Albadra, my childhood friend and sister in spirit, our bond is unbreakable. I cherish every laugh, every adventure, and even every life challenge we've shared. Dana, though we've known each other for a shorter time, it feels like forever. I am grateful for the laughter, support, and memories we created. I love you both!

To my group "خليها على الله," thank you for being there through exams, projects, and every challenge. I will miss our jokes, talks, and the special bond we share. My classmates: many of you have been with me since KG. From bus rides to school events, you've made this journey joyful and unforgettable.

To end, الحمد لله for every blessing, my family, friends, teachers, and memories. Al Hekma will always hold a special place in my heart. Here is to the paths ahead and the beautiful moments that await us.

Class of 2026, WE FINALLY DID IT!

Yara Makram Maaiah

I would love to start by thanking God for all the blessings He has provided me with, the support, the guidance, and the love He surrounded me with. The greatest blessings are my parents. My appreciation for you cannot be put into words; the support you have given me and your encouragement throughout my life and school are something for which I am forever grateful. I love you, Mama and Baba; thank you for always being with me and raising me to be the person I am. To Awn, my amazing brother, thank you for always being there to support me, laughing with me, and brightening my days. Love you, little brother.

I remember always thinking being a senior was far from a point that was impossible to reach, yet here I am. I am reflecting on the achievements I have accomplished, the lessons I have learned, and the memories I have made. I feel incredibly happy and grateful for the journey I have had.

It is a part of my life I will miss. I am grateful for the opportunities, as they created unforgettable memories and helped me grow as a person, among which are being the MC and Head of Ceremonies at MUN, having BYE with friends, and school trips; those memories we created are among my most cherished.

To my amazing teachers, all this would not have been possible without you. Mr. Mahmoud Shetewi, Mr. Mahmoud Bedier, Ms. Lisha, Ms. Fatima, Ms. Adreen, and Mr. Bader, I am so grateful to have had you as my teachers, and I really loved being your student while it lasted. I have wonderful things to say about all of you. Ms. Eman, Ms. Safa, Ms. Amna, and Mr. Nasr, thank you for all the opportunities, encouragement, and support you gave me. I will miss your classes. Ms. Deena and Ms. Sowmya, thank you for all the opportunities you provided us with and the support; we would not be where we are without you.

To my friends and the great people, I met in Al Hekma: You made high school something great to look back at. Rawan, studying together, being the head of ceremonies together in MUN, and always being partners in school is something that I will miss greatly. Yasmine, I have never laughed as much as I laughed with you; you have never failed to brighten the days at school. To Fatima Ali, Haneen, and Bayan, sitting together in math this year was lovely; I will miss it. To the MUN ceremonies team, I and Rawan had you, and you were amazing, and it was wonderful working with you all.

Alyaa and Minha, I will miss you. To the girls in the grades below, thank you for all the sweet interactions. And of course, last year's graduate Hala missed you this year. Lastly, I am also grateful for the classmates I have had; it would not have been the same without you all. There were great moments shared.

Congrats to the class of 26' may we all have a great future ahead.

Natalie Daniel AlKerreh

Another year has passed, summer is approaching, and excitement is in the air; however, this year is unlike any other in that we will not be returning to school. Graduating has always felt like a distant dream, but now it is so close that it is bittersweet.

Primarily, I would like to thank God for His countless blessings and guidance throughout my journey. Through every challenge and success, His presence has reminded me to keep faith, trust the process, and never give up.

To my dearest parents,

Mama, thank you for your constant love and unwavering support. You have shaped me into the person I am today, and your unconditional care means more to me than words can express. I will always love and cherish you.

Baba, you have been an incredible role model, kind, patient, and hardworking. Your strength and encouragement have given me the motivation to overcome every obstacle in my path. I am so grateful to have you as my father.

To my siblings,

Josephine and Munir, I am truly blessed to have you both by my side. Thank you for your encouragement, laughter, and constant support through every high and low. Knowing I could always count on you, it made this journey even more meaningful. I love you both more than you know.

To my closest friends,

You all taught me that family is not only defined by blood. Our side quests will forever be remembered. Thank you for always being there for me. I am so grateful for the laughter, the memories, the challenges we faced together, and the growth we experienced along the way.

To my teachers,

Thank you for your dedication and for always going the extra mile to support me. Your guidance, encouragement, and belief in me have inspired a genuine love for learning. Thank you for pushing me to think deeper, work harder, and aim higher.

As I close this chapter and step into a new beginning, I carry with me the lessons, memories, and love from everyone who has been part of this journey. Thank you for shaping who I am today. Each one of you will always hold a special place in my heart, and I will forever be grateful for the role you played in my story.

This dedication is written with deep gratitude for the people and experiences that shaped my school journey. School has more than just classrooms and exams; it has been a place of growth, challenges, friendships, and unforgettable memories. Every step of this journey helped build the person I am today, and I am proud of how far I have gone.

First and foremost, I dedicate this achievement to my entire family. Their constant support, encouragement, and belief in me gave me strength during difficult moments and motivation during moments of doubt. Knowing they were always behind me made every challenge feel possible. I am truly thankful for everything they have done.

I also want to thank my classmates, especially my group. You turned ordinary school days into memories I will never forget. From laughter to joy, from teamwork to friendship, we shared moments that made school life enjoyable and meaningful. You created days that made school fun and enjoyable. I am grateful to my teachers, especially Ms. Lisha, Mr. Nasser, and Mr. Bacem, for their guidance, patience, and dedication. Your lessons went beyond academics and helped shape my character. I would also like to thank Mr. Mohammed, whose support and encouragement made a real difference in my journey.

My friends especially Mohammed Jaffar, Abdulrahman, Ali Janahi, Khalil, and Omar Abdulrahman have truly been one of the best parts of my school journey. You were always there for me when I needed support, whether it was during stressful moments, tough days, or just when I needed someone to talk to. Your presence made the school feel lighter, more fun, and more meaningful. From inside jokes to late-night laughs, shared struggles, and unforgettable moments, you helped create memories I will carry with me long after graduation. Thank you for your loyalty, your kindness, and for making this experience one. I'll always look back on with a smile.

Throughout these years, my school taught me important values such as confidence, discipline, and resilience. I learned to believe in myself, stay committed to my goals, and keep moving forward even when things become difficult.

As I step into the future, I carry these lessons with me. I am thankful for every person, every experience, and every challenge that helped shape my journey. I wish success, growth, and happiness to everyone moving forward, and I will always be proud to call this school a part of my story.

Joree Abbas Shaban

First of all, الحمد لله for everything I went through to finally reach this moment. Sometimes I still cannot believe I made it here. Graduation feels unreal. It is the end of one chapter and the beginning of another, and my heart is filled with emotions, memories, and gratitude.

My deepest gratitude goes to my parents, my mom and dad. Words cannot express how thankful I am for everything you have done for me. You were my strength when I felt weak, my motivation when I felt exhausted, and my hope when I wanted to give up. Every sacrifice, every sleepless night, and every prayer carried me forward. Whatever I achieve in life is because of you. I hope you feel proud because this milestone reflects your love, support, and belief in me.

This graduation is also emotional because it fulfills my grandmother's dream. Even though she is no longer with us, reaching this moment makes me feel close to her, and I hope she is proud. I carry her love and prayers with me every step of the way.

I would like to thank my school, AHIS, for giving me the chance to begin a new chapter. AHIS created a positive, supportive environment that encouraged us to present our best selves and prepared us academically and personally for the future.

To my friends, especially the Al Wardi group (Malak, Nouf, Rabab, Natalie, Fatima, Shayenne), I will miss you more than I can explain. From endless class talks to inside jokes and studying together, every moment made school life special. You turned ordinary days into unforgettable memories, and I will always carry our laughter and bond with me.

A special thank you to my cousins, Salma, and Zahraa, for always supporting me with my projects, offering advice, and motivating me. Whenever I felt down, you encouraged me to enjoy life. You were more like sisters than cousins, sharing every step of my journey with me.

To my best friend, Malak, you feel like my twin sister. From day one, we have navigated this journey together with all emotions; laughing, crying, and facing every challenge side by side. As we graduate together, I am filled with pride and joy. Your encouragement has lifted me up, and I treasure all our moments. I hope our friendship lasts forever.

Thank you to all my teachers, Ms. Lisha, Mr. Mahmoud Shetwy, Ms. Deena, Mr. Bader, Ms. Javaria, and especially Mr. Mohammed for your guidance, support, and dedication. You have shaped me into who I am today, and I am deeply grateful.

As I close this chapter, I do so with gratitude, pride, and hope. School taught me confidence, responsibility, time management, and maturity. I am ready to move forward, carrying the love, support, and memories of everyone who helped shape me. This graduation is not an ending but a new beginning, and I step into it fully prepared and deeply thankful.

الحمد لله على عطايه ونعمه التي أنعم بها على سبحانه ومنحني من فضله
وتوفيقه

As I reach the end of my senior year, I can honestly say that AHIS has played a huge role in shaping who I am today. It was more than a place for lessons and exams; it was a space where I grew, learned, and became a better version of myself. School pushed me to improve, believe in myself, and never give up. I learned so many things, not only from books, but from experiences, challenges, and the people around me. This year taught me responsibility, patience, and confidence. I learned how to face difficulties, how to learn from mistakes, and how to keep moving forward even when things felt hard. The memories I made here will always stay with me, and I am deeply grateful for everything this school has given me.

إلى أمي الغالية، الركن الأساسي وقوتي الأولى في حياتي، وصوت الطمأنينة الذي يرافقني في كل مرحلة. في لحظات التعب والقلق، كانت كلماتها وتشجيعاتها تمنحني القوة والثقة. تحملت عني الكثير وسهرت معي، ودعت لي في كل وقت دون ملل. وصولي إلى هذه المرحلة لم يكن ليحدث لولا صبرها وتضحياتها ودعمها اللامحدود. إلى أبي الغالي، الذي منه تعلمت معنى الاجتهاد والمثابرة. كان دائماً يوجهني بحكمته ويذكرني بأن الطريق إلى النجاح يحتاج صبراً وإصراراً. دعمه المتواصل وكلماته المشجعة منحاني شعور الأمان والثقة في أصعب المراحل الدراسية. وأفخر اليوم بكل إنجاز حققته لأنه كان حاضراً في كل خطوة من خطواتي.

إلى خالتي العزيزات، اللواتي كنّ مصدر دعم وتشجيع لا ينقطع خلال سنوات دراستي. بكلماتهن الصادقة وثقتنني بقدراتي، ازدادت إيمانياً بنفسي وبما أستطيع تحقيقه. كنّ يفرحن بنجاحي ويدعمنني في أوقات التوتر وكان إنجازي هو إنجازهن. وجودهن في حياتي أضاف دفئاً وأثراً جميلاً سيبقى في قلبي دائماً.

إلى أخواتي العزيزات (هميان، غزلان، وسارة) اللاتي كن رفاق رحلتي وأقرب الأشخاص إليّ في جميع مراحل حياتي. بدعهم ومساندتهم وضحتهم، خففوا عني الكثير من ضغوط الاختبارات والدراسة. كانوا دائماً إلى جانبي، يشاركونني التعب قبل الفرح، ويقفون معي في كل الظروف. ولا تكتمل فرحتي بهذا الإنجاز الكبير دون وجودهم ودعمهم الصادق

To my friends, I am truly thankful for making my senior year brighter and memorable. To Aya, who has been more than a friend, someone I could laugh with, trust, and lean on. To Leyan, with whom I shared countless laughs and fun moments. To Hala, who always comforts me when I'm down. To Salman, whose humor always brightened my day. And to Bader, who brought calm, positive energy to every moment. Your friendship made this year unforgettable.

To my beloved teachers Mr. Mohammed, Mr. Bader, Mr. Mahmoud Shetiwy, Mr. Saeed, Mrs. Lisha, Mrs. Deena, Ms. Sowmya, and Mrs. Lalitha, thank you for your patience, guidance, and unwavering support. You pushed me to do better, believed in me, and shaped not only my knowledge but also my character. Your lessons and encouragement will stay with me forever.

Dana Anas Ateeq

As I am writing this letter, I did not expect time to pass so fast. I never thought I would reach the point of wearing my own graduation cap and gown and saying I finally graduated, it feels like a dream.

First, I would like to thank Allah, the Almighty, for His guidance and help in overcoming every obstacle, which shaped me into the person I am today. I also want to thank my father for supporting me in every way he could despite the circumstances we faced. I am grateful to my classmates, who became like family to me. Even after switching classes twice, I got closer to more people and saw them as family. Lastly, special thanks go to my one and only, my mother. Without her sacrifices and support, I would not be here. This all feels surreal. I am no longer a little girl holding my mother's hand ready for elementary school. Instead, I am writing my own dedication letter.

Grades 8 and 9 would not have been the same without Fatima, Rawan, and Yasmine. We might not be as close now, but you two made my first two years in school so much fun. From ordering food to working together on art events, those memories hold a special place in my heart. A special thank you goes to Fatima for being my first-ever friend, helping me adjust to the school system.

This journey would not be complete without my close friends Shayenne, Haneen, Alyaa, and Gannah, I honestly would not know how I would survive school without you. I will forever miss our mornings, where we would be loud and laugh about the things we did over the weekend. No one could replace you in my heart. Especially Shayenne, we grew closer than ever. Words cannot explain how happy I am to still call you my best friend, though you are so much more than that, you are my sister. I will miss our days getting ready at your house, fixing hair and makeup, and making memories before school events. Shayenne, and I genuinely hope we stay close even after school.

I dedicate this last paragraph to my family, especially my brother, Baba, and Mama. I truly do not know what I would do without you. You have been my biggest supporters. My mother's endless sacrifices brought me to where I am today, and I am more than grateful. I love you more than words can express. Khalid, I will miss complaining to you about school exams. As for my Dad, he is the reason I am so funny. His open-mindedness and carefree mindset have shaped me in many ways, and I just want to say, thank you Baba, for being so chill. I love you both so much.

Salman Hamad AlDoseri

I would like to begin by expressing my deepest appreciation to my family, especially my parents, who have been my strongest support system throughout my years at Al Hekma International School.

My parents consistently pushed me to do my best although I did not always understand it at the time and even when I resisted. My father never gave up on me, even during the years when I neglected my schoolwork and lacked motivation. His discipline, strictness, and persistence, though difficult for me to accept back then were rooted in his belief in my potential. Looking back now, I realize how much it meant to my parents to see me succeed, and how their insistence shaped the person I am today. My mother's constant encouragement, patience, and emotional support balanced that discipline with care and understanding, and together they guided me through moments when I doubted myself. I am profoundly grateful for everything they sacrificed for my growth and education. I would also like to give a special mention to my uncle Faisal and sister Fatima Al Doseri, whose support and presence have meant a great deal to me throughout this journey.

I would also like to honor the friends who stood by me through both my highs and lows, and who became far more than just classmates. I want to begin by mentioning Aya Bahman, who deserves to be acknowledged first. Aya has helped me in countless ways, and the memories we shared throughout our school years are unforgettable. Words cannot fully express how grateful I am for her support and presence. Thank you, Aya. I am equally thankful to Ali Dashti, Abdul Haadi Ali Al-Kaabi, Leyan Mohammed, Hala Mazin, Bader Al-Kuwaiti, Ali Janahi, Mohd Jaffar, Abrar Mohammed, Hamad Abdallah, Omar Abdulrahman, Mohammed Shannar, and Abdulrahman Airout. Each of you played a role in shaping my journey, standing beside me during challenges and celebrating moments of success with me.

The memories we created together over the years will always remain close to my heart. From everyday moments in school to unforgettable experiences such as our Dubai Expo trip in Grade 8, one of the most intense and joyful trips of my life, each experience contributed to my growth. Without the people I have mentioned, I would not be the person I am today. They helped me mature, become wiser, and taught me the value of friendship, resilience, and loyalty lessons I will carry with me into the future.

I would like to express my sincere gratitude to the teachers and mentors who guided me throughout my academic journey. Ms. Lisha, Ms. Deena, Ms. Sowmya, Mr. Mohammed, Dr. Saeed, Mr. Bacem, Ms. Sakina and Mr. Faisal; each played a significant role in my growth, not only academically but personally as well. Your dedication, patience, and belief in my abilities motivated me to improve and push beyond my limits. Through your guidance, I gained knowledge, discipline, and confidence that will stay with me long after graduation. Thank you for your constant support and for leaving a lasting impact on my journey.

Rabab Zulfiqar

As graduation is approaching and we are near the end, I want to express my deep gratitude for the 13 years at Al Hekma. Primarily, I thank Allah for everything He has given me, the good, the bad, and all the experiences in between. Each moment shaped me, leading me to this point, and I would not have it any other way. I extend heartfelt gratitude to my parents, Baba and Mama. Baba, thank you for providing opportunities, believing in me, and showing me the importance of seizing them. Mama, your support, especially in helping me prepare for tests even when you start questioning my study habits, has shown me you put your trust in me. You both always believed in me, and you both are the reason I am who I am today, and I would not have it any other way.

To my sisters, Neenu and Babushka, thank you for being my greatest supporters throughout school. Whether helping me study, listening to my rants, or supporting me through challenges, you always had my back. Even if I surpass you someday, I will always be known as "Aleena and Anusha's little sister," and I embrace that identity.

To my Alwerdi group, Nouf, Shayenne, Malak, Joree, Fatima, and a special mention to Natalie, you have made these last few years among the best of my life. Thank you for being by my side and making me laugh. I will reminisce about the memories we made together. Special thanks to Pineapple. Having you beside me during these final years is truly exceptional, and I hope us all the best in the future. I love you all.

To my ASL group Natalie, Minha, Ali, Salman, and last but not least, Haadi, you always bring a smile to my face. Your high spirits make each day more bearable. Thank you for the laughs and conversations, I deeply appreciate having you in my life.

Finally, to my incredible teachers, Ms. Lisha, Ms. Lalitha, Ms. Vyshaki, Ms. Amna, Ms. Eman, Mr. Mahmood, Mr. Nasr, and Mr. Bader, thank you for making my school journey both challenging and rewarding. Your dedication to our success has provided us with a solid foundation for our futures. A special thank you to Miss Sandra, wherever she may be, I want to thank her for showing me the beauty of the relationship between a teacher and a student.

We often forget that we get caught up in what we could have done differently. We forget that these moments were meant to happen and that our choices have led to valuable experiences that helped us grow. Never feel regret, whether I was close to you or not, I believe every one of you who read this should embrace your decisions because they have shaped who you are!

As we prepare for new adventures, I carry with me the lessons, friendships, and memories from our time together. Thank you all for being part of my journey. I wish everyone the best. Once again.

Congratulations class of 2026!

«وَأَخِرَ دَعْوَاهُمْ أَنِ الْحَمْدُ لِلَّهِ رَبِّ الْعَالَمِينَ»

As I stand at the finish line of this journey, I am filled with gratitude to Allah for granting me the strength to reach this milestone. Graduation is often called an “ending,” but for me, it feels like a celebration of every challenge faced and every victory earned. Looking back at the person I was when I first entered AHIS and comparing him to the person I am today, I see growth, discipline, and readiness to face the world. This chapter may be closing, but the lessons etched into my character will stay forever.

School has been more than a place of learning; it has been a second home. Here, I discovered my passions, built lasting friendships, and learned that life is shaped by the goals we set. To those who follow, dedicate yourself to something meaningful. If you can dream it, you can achieve it.

To my parents, thank you for being my foundation. Every achievement reflects your love, sacrifice, and support. To my younger brother Younis and sister Mariah, I hope I have set an example for you to navigate your own paths. The journey is not always easy, but the view from the top makes every struggle worthwhile.

To my brothers Abdulaziz Alhawi, Ali Janahi, Ali Alghatam, and Khalil Ebrahim: we began as classmates and ended up as family. From exam stress to moments of celebration, your presence made school unforgettable. I will always cherish the laughter we shared, no matter the seriousness of the moment. I am deeply grateful to my teachers for encouraging excellence, especially Mr. Nasr, Mr. Bader, Ms. Vysahki, and Mr. Mohammed. You taught me that while motivation sparks the beginning, discipline carries you forward when excitement fades.

Football has been the heartbeat of my high school experience. Winning the U18 BAS League for the first time in our school history and scoring a hat-trick in the final against ARKIS is a memory I will treasure. Representing AHIS in the Nasser Bin Hamad Football Tournament taught me leadership, responsibility, and teamwork. I also fondly remember AHISMUN preparations, debating and collaborating long after school hours to achieve excellence.

Over Grades 9, 10, and 12, I have grown beyond expectations and earned certificates in Quran, Injaz, and other competitions. Leaving these halls, I carry the lesson that discipline endures, while motivation is fleeting. To the Class of 2026: stay focused and may your journey be filled with success.

Mohamed Jaafar Fardan

As I reach the final days of my senior year, I find myself reflecting deeply on time at AHIS has shaped the person I am. AHIS was always more than just a school; it was a safe haven that challenged me, supported me, and allowed me to grow into a more confident, resilient, and responsible person. Within its classrooms and hallways, I learned lessons that far exceeded academic subjects. I learned the art of managing my time, how to face daunting challenges with steady determination, and the importance of pushing myself far beyond my comfort zone. AHIS taught me patience, discipline, and the value of perseverance, lessons that will remain with me long after I walk across the stage at graduation. Every experience, every opportunity, and every bit of guidance I received here played a vital role in preparing me for the road ahead.

First, I want to dedicate this milestone to my mom and dad. Thank you for always believing in me, even during those quiet moments when I doubted my own potential. Your constant support, encouragement, and the many sacrifices you made gave me the necessary strength to keep moving through every challenge I faced. You were always there to guide me, to motivate me, and to remind me that hard work always pays off. Everything I have achieved is a result of your love, trust, and unwavering belief in my abilities, and I will forever be grateful for the life you have given me.

To my siblings, thank you for being my ultimate support system and my greatest source of comfort. You shared my stress, celebrated my smallest successes as if they were your own, and stood firmly by me during my most difficult moments. Having you by my side was a constant reminder that I was never alone on this journey, and I feel truly lucky to have such supportive siblings to grow up with.

I want to express my deepest gratitude to the friends who made AHIS unforgettable. Abdulrahman, thank you for being my anchor; your unwavering kindness and positivity were the lights I needed every single day. Hussain, your quiet strength, and support provided a sense of brotherhood that gave me the stability to succeed. Together, you both saw me through every exam and every high and low. Your friendship shaped me and made me a better person. You were with me through thick and thin. I also want to thank Aya for her contagious energy and for making every ordinary moment vibrant and helping through everything and for all the laughs and jokes and of course mission impossible with Leyan and Abdulrahman. To Mohammed Shannar, thank you for the endless laughs that made these halls feel like home. You have all left a permanent mark on my heart.

As I close this chapter and prepare for the next stage of my life, I carry with me the lessons I learned, the memories I have made, and the people who supported me along the way. This is not the end, but the beginning of a new journey, one that I will face with gratitude, pride, and confidence. Thank you for everything.

Haneen Reyadh Alarab

الحمد لله على كل خطوة قطعتها، وعلى كل تجربة صنعت مني شخصاً أقوى.
اليوم نطوي صفحة من رحلتنا، ونستقبل صفحة جديدة من طموح وأمل.
نغادر هذه المرحلة بخطوات واثقة وقلوب مليئة بالذكريات الجميلة.

Finally, I did it. There are no words that can truly describe the emotions in my heart at this moment. This achievement is the result of determination, patience, and never giving up on myself. Every challenge I faced, every late night of studying, and every obstacle I overcame brought me here today. This journey not only built my knowledge, but it also shaped my character, strengthened my resilience, and taught me what I am truly capable of achieving. I would like to begin by thanking my family, who have been my greatest source of strength throughout this journey. My mom and dad have always supported me and believed in me, especially during stressful and challenging moments. Their encouragement reminded me to keep going even when things felt difficult. I am also deeply grateful to my grandparents, aunts, uncles, and my only sister for their love, support, and constant encouragement. I am truly thankful to my entire family for standing by my side, believing in me, and being my safe place through it all.

I am also grateful to my friends who made this journey special. Fatima Ali, thank you for the motivation and for studying together, pushing each other to do better, which made studying more enjoyable. Alyaa, your kindness and constant support meant so much to me. Yara, I will never forget the times we spent together in the mornings, walking through the hallways and studying together; it made each day start with a smile. Dana, Rawan, and Yasmin, you brought so much fun and laughter into my school days and turned ordinary moments into memories I will always cherish. These friendships did not just make stressful days easier; they filled my heart with joy, laughter, and memories I will treasure forever.

My sincere appreciation goes to my teachers: Ms. Lisha, Mr. Mahmoud Bedier, Mr. Mahmoud Shetiwy, Ms. Adreen, and Ms. Javariya. Thank you for your guidance, patience, and belief in me. You did more than teach lessons; you inspired confidence, discipline, and a love for learning that I will carry with me into the future.

This journey has shown me the value of determination, patience, and believing in myself. Every challenge strengthened me, every success inspired me, and every lesson prepared me for what lies ahead. As I move forward, I carry these experiences with gratitude and confidence. I wish everyone continued success, growth, and happiness in the future. This is not the end; it is just the beginning of a new chapter.

Omar Hany Mehana

This dedication is for the people who have shaped, supported, and inspired me throughout my journey, especially my parents, whose constant effort and sacrifices allowed me to reach where I am today. Coming to Al Hekma this year as a Grade 12 student was a tremendous change, but their encouragement made every step easier and gave me the confidence to adapt, grow, and make the most out of my final school year.

One of the memories that will always stay with me is filming a movie with my friends, Yamen Mekawy and Hamza Alsalamat. It was not about the project itself, it was about the laughter, the teamwork, and the feeling of creating something together. That experience taught me how important it is to surround yourself with people who push you, support you, and make life more enjoyable.

This year also gave me achievements, which I am proud of. Being awarded Student of the Month in both the Science Department and in Discipline motivated me to keep improving and stay consistent. Another milestone was becoming one of the SAT top achievers in the school, which showed me what dedication, good habits, and resilience can lead to.

I also want to take a moment to thank the teachers who guided me this year, Mr. Bader, and Mr. Mahmoud Shetiwy, who pushed me to think deeper, work harder, and believe in my potential. I am equally grateful to the staff who supported us in countless ways, especially Ms. Deena, Mr. Mohammed, and Ms. Rasha. Their efforts, even the ones we sometimes overlook, create a positive and productive environment that makes real learning possible.

As I look forward to the future, I carry out the lessons Al Hekma has taught me. These values, responsibility, resilience, and accountability will guide me in university and beyond. I am thankful for my family, friends, teachers, and the staff for being part of my journey. This may have been my first year at Al Hekma, but it will always be one of the most memorable and meaningful chapters of my school life.

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

As I write my yearbook dedication, I realize that high school truly goes by fast, proving that my family wasn't exaggerating. It's not just about the time spent in school, but about the unforgettable memories created with amazing people, both inside and outside the campus.

الحمد لله for everything that has ever happened to me, from simplest to most complicated

To my amazing parents, I'm grateful to have the best parents I can ever ask for. I'm super proud to say that your little girl is graduating and will chase her dreams. To Mama, you are my best friend, mother, and the older sister I never had. Your support, love, and constant encouragement through my academic journey have shaped me into the person I am today. You both inspired me to work hard for what I want and to never settle for a 'decent' grade when I can achieve what others think is 'hard' or 'just for those who are born smart'. I love you and dedicate my achievements to you.

To my siblings, beloved cousins, and extended family members, your unwavering support has always been a source of strength in my life. I completed the first chapter of my life and am ready to open the next, knowing you will always be there by my side.

To my amazing friends; Malak, Rabab, Rawan, Nouf: thank you for being there for me for each and every step of the way. You were like my older sisters, always helping, listening, and guiding me. Ghina, you're my IB buddy, when there was an assignment that I didn't understand, I would call you to make sure we both didn't understand. Shayenne, you are literally my older sister. I'll always remember calling you whenever I need help and you will always answer, listen, and give me advice no matter what the situation is or what time it is.

To the ones who felt like brothers to me, Bader, Hamza Maged, Yousif, and Salman; you were not just regular classmates, but brothers who I can always count on. I am grateful to have met such friends like you.

To the incredible people who taught me inside and outside the classroom. To Mr Mahmoud Shetiwi: you always say "life is tough, but you have to be tougher" and this reminds me that resilience is key to overcoming obstacles and achieving goals. To Mrs. Vyshaki, Ms. Lisha, Ms. Deena, Mr. Bacem, Mr. Mahmood Budier, and Ms. Huda: you are incredible role models, showing us that effort leads to success. I am deeply grateful for teachers who cared for us like their own.

Lastly, to my amazing seniors, we made it! I'll forever cherish the hangouts, classes, and late-night Zoom calls where we explained lessons to each other before tests. Thank you for everything!

I began this school as a scared Grade 3 girl, crying on my first day because I was afraid that I wouldn't fit in and wanting to go back home. Now, leaving as a strong and confident senior, I realize how much I've changed. School has truly become my home, and now I find myself crying because I wish this journey could continue.

Although I worked hard for everything, I know I didn't do it alone;

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ الحمد لله رب العالمين
إِنَّ مَعَ الْعُسْرِ يُسْرًا

Where do I start? When every story has its chapters, but this one will always be one of my favorites. High school wasn't just about lessons and grades; it was about people, moments, and memories that shaped who I am today. But none of it would have been possible without the people who stood by me from the very beginning: my family. You have been my biggest blessing, my strongest support, and the reason I've come this far.

Through every step, your love gave me strength, and through every success, your joy made it brighter. When I doubted myself, you reminded me of what I was capable of. Every late night, every moment of stress, every small victory, I carried your faith and encouragement with me. This journey wasn't just mine; it was ours.

Baba Zood, الله يرحمك, with every step I take, I shed a tear, wishing you were here to see your smile so bright and clear.

Mom and Dad, you are my guiding lights and my greatest inspirations. Mom, your endless love, patience, and support have lifted me through every challenge, always making sure I feel encouraged, happy, and loved. Dad, your strength, wisdom, and care have always been my anchor, giving me confidence, courage, and the belief that I can overcome anything. Even in the hardest moments, both of you have been there for me, cheering me on, guiding me, and inspiring me to be my best. I am proud to be your son and forever grateful for your love.

Fahad, Shahad, and Khalifa, each of you has shaped my journey in a special way. Fahad, my older brother and mentor, you have always guided me, corrected my mistakes, and inspired me to grow. Shahad, my older sister and best friend, our bond is unbreakable. Your support, laughter, and shared moments have meant the world to me. Khalifa, my younger brother, you have been by my side everywhere, bringing energy, positivity, and love to every moment. I am truly grateful to have such an amazing family walking this journey with me. The family I found along the way, Hamad, your honesty, fun, and encouragement have always lifted me. You've been there through every laugh, challenge, and doubt, reminding me of my strength. I am truly grateful for your support, loyalty, and the memories we share. Bader, your kindness and guidance have made every challenge easier and every memory brighter. Abrar and Fatma, you are like sisters to me, not by blood but in every way that truly counts. Your energy, positivity, care, and laughter have inspired me and made every moment unforgettable. I am truly grateful for the love, support, and memories we share, and I will always cherish every moment together. As I step into the next chapter of my life, I carry all your love, guidance, and memories with me. Thank you for being my strength, my joy, and my inspiration every single day. Your support has shaped me, lifted me, and given me courage. I will cherish you always, now and forever. استودعكم الله

الحمد لله

As I come to the end of my senior year at AHIS, I want to thank everyone who has been part of my journey: my parents, siblings, friends, and teachers. AHIS has been more than a school; it has been a second home, full of memories, growth, and friendships I will carry forever. Leaving after 14 years is bittersweet. I am excited about what is next, but it is hard to leave behind the moments that made these years so special.

First, I want to thank my amazing parents. Mama and Baba, no words can capture how much you mean to me. You have been my constant support, guiding me through life's challenges, celebrating successes, and teaching me that effort matters more than perfection. You gave me a safe space to make mistakes, learn, and grow.

Mama, my best friend, your care, wisdom, and encouragement helped me become who I am today. I am grateful for all the talks, laughs, and moments we share. Baba, my hero, your guidance, patience, and belief in me gave me the strength to face challenges, and of course, your (not-so-funny) dad jokes that somehow made me laugh! Every hug, word of advice, and shared laugh has made all the difference. I will carry your love and lessons with me wherever I go.

To my siblings Nouf, Mohammed, Rayan, and Fahad, thank you for being such an important part of my life. Nouf, my built-in best friend, we always had each other's backs. Mohammed, for your thoughtfulness and humor that makes me smile. Rayan, for being my partner in fun. Fahad, for your energy that brightens life. I am grateful for all the memories we share.

To my soul sisters Leyan, Aya, and Bayan, thank you for making school life full of laughter. Leyan, for always being someone I can count on. Bayan, your humor and kindness leave a mark on everyone. Aya, your kindness made every day more fun.

To Danya, Sahar, and Fatima, thank you for the things that brightened school. Danya, your kindness and heartwarming hugs. Sahar, for the funny moments. Fatima, for being kind and supportive.

Thank you to all my teachers; thank you for your guidance, support, and dedication. Your encouragement and lessons prepared me for the future. Your patience, care, and commitment will never be forgotten.

As I say goodbye to AHIS, my heart is full of mixed emotions. It feels like yesterday I started this journey, and now I am ready to move to the next chapter. While it is hard to let go, I know endings bring growth and new opportunities. I leave AHIS with gratitude, love, and memories that will stay with me forever.

الحمد لله Class of 2026 has ended—and we made it!

بسم الله الرحمن الرحيم
الحمد لله الذي بنعمته تتم الصالحات

As I entered AHIS, I never imagined how quickly this journey would pass. What once felt so far away is now the end we have finally reached. With one last effort, we made it. I would like to begin by expressing my deepest gratitude to my parents for guiding me toward my goals and encouraging me to persevere, even when I wanted to give up. I will never forget the difficult days when you stood by my side and supported me without hesitation. Your unwavering love and strength mean more to me than words can express.

To my older brothers, Hassan and Hussain, your words and support inspired me throughout this journey. Thank you for believing in me even when I doubted myself, for always being good listeners, and for never giving up on me.

After 14 years at Al Hekma International School, I achieved so much and created countless memories with my teachers and friends. I still cannot believe how fast those years were. I remember graduating from elementary school and moving on to middle school like it was yesterday. I remember going to school early before the bell just to study with my friend Haneen, helping each other with difficult lessons. I cannot forget sitting in math class with Yara Makram, laughing about everything, and Dana Anas whose stories never failed to entertain us. Alyaa Abduljabbar, the kindest girl, thank you for always being by my side.

I will never forget walking through the hallways and having meaningful conversations with Sahar Junada and Lujain. Whenever I went through tough times, I turned to Mr. Bader. He was like a therapist to me, and I can never thank him enough for helping me through my toughest moments.

MUN was such a special experience, taking pictures, talking with my cousin Fatima Abbas, meeting new people, and especially Bader AlKuwaiti, the SG, you made MUN unforgettable for all of us. To my kindergarten friends Hala, Leyan, Bader AlKuwaiti, Ghina, and Fatima Hashim, we have been on a long journey together. I still remember fighting with Bader over silly things and making loom band bracelets in Grade 2 with Hala. Hala, you have the kindest heart and prettiest smile. Leyan, your positive energy means so much to me. Ghina and Fatima Hashim, I will never forget our school dances and long conversations together.

These years have taught me so much: stay confident, dedicated, and never give up. Never care about what others think of you.

I thank all my teachers who made my years at Al Hekma unforgettable. Ms. Rasha, thank you for supporting me during tough times. Ms. Lisha, I deeply appreciate your patience and guidance. Ms. Vyshaki, the sweetest soul who always spreads kindness. Mr. Mohamed, our supervisor, thank you for guiding us. Mr. Mahmoud Shetiwy, I will never forget how many questions I asked, you made math fun. Mrs. Javaria Babar, like a mother to us, your comforting words helped us through this journey. And finally, Ms. Fatima Habib, thank you for being a wonderful teacher and someone I could always talk to and spend time with.

Mohammed Abdulrahman Aamer

الحمد لله

Grateful am I, beyond words, for the blessings placed upon me and for the opportunity to gain experience, learn, and move forward in this world. For life itself, for strength during difficult moments, and for the chance to receive a quality education, my heart is filled with appreciation. Each step of this journey carried purpose, and each challenge shaped the person I am today.

I remember the first day I walked into school, full of energy and excitement for the experiences that have awaited me. Over the years, I have grown into a more thoughtful, compassionate, and determined individual. Through my academic journey, I pushed beyond my limits, took on challenges, and made the most of every opportunity presented to me. My achievements reflect the dedication and hard work I committed throughout this experience, and I am proud of the path I have taken.

To my parents, I express my deepest gratitude. Their support was Constant, and unwavering was their belief in me. They encouraged me to keep going even when the journey felt overwhelming. Their sacrifices, patience, and guidance were the foundation of my success. For the love they gave freely and the strength they passed on to me, forever thankful I will be.

To my friends, thank you for the laughter, joy, and unforgettable memories we shared. Your presence turned ordinary school days into moments of happiness and relief. In times of stress, comfort you provided, and in moments of pressure, support you gave. A special mention goes to my friend Hamza, who was always there whenever I felt overwhelmed before a test or a math quiz. His energy has a way of changing any mood, and with him, stress never lasted long. Jokes were always made, laughter always followed, and even the hardest days became easier. Growing up and learning with friends like you made this journey lighter, more enjoyable, and truly memorable.

Grateful I am to Mr. Bader Oulamine, my English teacher, for showing us how enjoyable and engaging learning can be. With passion and dedication, he provided guidance, creatively and critically challenged me to think, and to succeed he inspired me, pushing me toward reaching my full potential. Through different teaching methods and constant encouragement, he proved that learning does not have to be limited to textbooks alone. His lessons created an environment where curiosity was welcomed, confidence was built, and effort was valued. For making education meaningful and for demonstrating how impactful a teacher can be, I am profoundly grateful.

Finally, to myself, I offer recognition and respect. Long and challenging was this journey and making it through required patience and perseverance. I stood firm in the face of pressure, doubts, and expectations, and I did not give up. For the effort I invested, the growth I achieved, and the strength I discovered within myself, I am proud. This moment is a reward for endurance, and with confidence, I step forward into the future.

Aya Masood Bahman

As I look back on my school journey, I feel deeply grateful for the people and experiences that shaped who I am today. This was more than a place for lessons and exams; it was where I learned perseverance, friendship, responsibility, and self-belief. I thank Allah for guiding me through every step. Through challenges and successes, my faith taught me patience, hope, and gratitude. Each year brought lessons and memories that strengthened my character and faith, memories I will carry long after graduation.

I begin with the person who is always in my heart: my father. **اللله** **يبرحمك**. Not a day passes without missing you. I wish you could see me at this milestone. Hearing your voice and feeling your support are moments I long for. Losing you broke me, but your memory became my strength. You taught me resilience, patience, and love, even in your absence. I hope you are watching from above, smiling with pride.

كل تعب، كل دموع، كل نجاح، وكل خطوة وصلت لها... كلها لك

This dedication is for you, Baba, my first hero and forever role model. Alongside you in my heart is my dear grandfather. His departure left a void that can never be filled. He was the foundation of our family's strength, and his wisdom continues to guide me. I carry his legacy forward, just as I carry yours. I hope you are both watching from above, smiling together. To my family, especially my mom, siblings, and aunts and uncles, thank you for being my safe place. Mom, my strength, my heart, everything. You were not only a mother, but also a father, protector, and biggest supporter. You carried us through the hardest days with courage and love.

أمي، إنت الحنية والقُدوة. إنت السند اللّبي ما مال، والقلب اللّبي ما تعب

Everything I am today because of you.

To my siblings, thank you for the laughter, encouragement, and constant reminder that I am never alone.

وجودكم في حياتي نعمة أحمد الله عليها كل يوم

Leyan, Mohammed Jaffar, and Abooda, thank you for always standing by me and turning ordinary days into unforgettable memories. Leyan, you have been my best friend through it all, and I am grateful for your constant support. Bader, senior year would not have been the same without your determination, humor, and loyalty. Salman, your teamwork, and encouragement kept me motivated, while Hala and Bayan, your kindness and positivity made school feel at home.

To my cousins, Abrar, Hassan, Ali, Mohamed, and Fatima, thank you for filling my life with joy and love. I am truly blessed. Finally, I thank my teachers, Mr. Mohamed, Ms. Deena, Mr. Bader, Ms. Sakina, Ms. Lisha, and Ms. Somaya, for your guidance, patience, and belief in me. You inspired me to grow and strive for more.

As I move forward, I carry gratitude, confidence, and unforgettable memories. This school helped shape who I am, and for that, I will always be thankful.

Yasmeen Mujeeb Al Absy

Alhamdulillah. I want to take a moment to thank everyone I have shared special memories with. You have all helped me grow, mature, and learn to take life more easily.

I still remember my first day, nervous, quiet, and overthinking everything. I only spoke to teachers and felt too shy to talk to others. Then I met my best friend, Rawan Abdullah, who has always been by my side, both in school and outside. Dana Ateeq also brought joy into my days, always doing things that made class warmer. And Yara Makram, my laughing partner. I cannot go a day without laughing with her. If we do not laugh, something is missing.

I will never forget the iconic Mr. Mohammad, the supervisor I truly look up to, helped me change. Miss Lisha always made sure I was doing the right thing. Mr. Saeed always listened when I needed someone. Teachers are the kindest people.

There were times when life felt too heavy. I remember kneeling on my prayer mat, wishing everything would stop. But I am thankful it did not. School gave us activities, memories, and moments of joy. Even though I was not remarkably close to all my classmates, I always felt safe and comfortable around them.

Saying goodbye is hard. I never realized how much school would mean to me until I arrived here. The last moments before we all step into real life, the true struggles, ups, and downs, feel overwhelming. Balancing schoolwork and life were not easy. Assignments piled up, exams loomed, and outside challenges made things even tougher. Some days felt like it was too much to manage.

But day by day, life got better. The people around me, my friends and besties, were incredibly supportive, helping me stay positive when I felt overwhelmed. I discovered my own path and interests, which made me determined to continue and never give up. Knowing I am not alone in this journey made a significant difference. I am learning to take life one step at a time and feel more hopeful about the future.

Now, life feels brighter. Laughing is louder, hearts are lighter, and eyes are starting to glow again. Every talk, laugh, challenge, and shared moment shaped me into who I am today. I leave with gratitude in my heart and hope for everything that lies ahead.

Alhamdulillah. Thank you to everyone, Rawan Abdullah, Dana Ateeq, Yara Makram, Mr. Mohammad, Miss Lisha, Mr. Saeed, and all my friends and classmates, who made these years unforgettable.

The people around me gave me strength. I found my path, and I learned not to give up. I am taking life one step at a time. Now, laughter is louder, hearts are lighter, and eyes are starting to glow again.

Fatima Saddeeq Janahi

الحمد لله، وَمَا تَوْفِيقِي إِلَّا بِاللَّهِ

Writing this, I still remember my first day at this school. I was in kindergarten, crying, not wanting to go back home. Yet after all these years, I still feel the same. But this time, there is actually no going back. It's the actual end, from now on is a whole new journey for all of us. It's crazy and scary thinking of it, all these people you've grown up with, suddenly each one is busy with their own lives, each one alone.

I feel a mix of excitement and fear, knowing that the familiar faces I've laughed and cried with will soon be scattered, chasing their own dreams. It's hard to imagine how quiet everything will feel without them around. But through all these emotions, I can't help but feel deeply thankful for my parents. They have sacrificed so much for me, giving me everything they could to help me reach this point. Being their only child, I carry a promise in my heart, to never let them down, to work hard, and to make them proud in every step I take. Their love and support have been my anchor, and I want them to know that all their sacrifices mean the world to me. This new chapter may be uncertain, but with their strength behind me, I'm ready to face whatever comes next.

To my sister not by blood but by heart, Abrar, I will always be thankful for our friendship. You have changed me in so many ways and helped me become a better person. Because of you, I started to see life differently, more clearly and with more hope. You showed me how to be stronger and kinder, even when things were hard. When I felt like I had no one, you were there for me, listening and supporting me without judgment. That kind of friendship is rare, and I will always treasure it deeply. Our talks, your encouragement, and your presence gave me comfort and courage to keep going. I learned from you how important it is to care for others and to never give up, no matter how tough life gets.

Hamad, Hamad, my brothers and support throughout these past years of high school, I can never forget the times you lifted me up when I was feeling down. Your words, your patience, and your support helped me see strength within myself that I didn't know I had. Every conversation we shared, every piece of advice, and every moment you stood by me made a difference in ways I can't fully express.

Bader, my oldest friend since kindergarten, thank you for all the memories. We've been through so much together since day one at this school. You've always been there, and our friendship has been a constant comfort. Thank you for all the fun times and for being such a great friend.

الحمد لله الذي بنعمته تتم الصالحات.

And for my last words in my journey of , I would like to thank my parents for their never ending sacrifices, my friends for standing by me, and my teachers for their constant teaching and encouragement. Thank you from all my heart.

Ali Hamad Dashti

As I reflect on the extraordinary journey of the past few years, I must express my heartfelt gratitude to my family, my mother, father, and brother. I would not be the person I am today without their unwavering support and love. They have continually inspired me to strive for greatness and to navigate life's challenges. I deeply appreciate them, even when I may be difficult to handle at times. My utmost desire is to see smiles on their faces, and for that, I thank them for shaping the man I have become.

I would also like to dedicate a moment to acknowledge someone who has profoundly influenced my life and the lives of many others: Ms. Deena. Her unwavering support, infectious passion for learning, and commitment to creating a nurturing environment have transformed our school into a truly special place. To me, she is more than just an educator; she is like a mother who has stood by my side, imparting wisdom and guidance that have been instrumental in my growth. Furthermore, I want to express my sincere appreciation to Mr. Bader, Mr. Bacem, and Ms. Eman. The experiences and memories they've shared with me have made an indelible mark on my life. They have gone beyond their roles as teachers to become friends who have imparted invaluable lessons and brightened my days.

I extend my heartfelt thanks to my friends who have journeyed alongside me, making these years unforgettable. To Salman Aldoseri, Omar Abdulrahman, Bader Jamali, Aya Bahman, Leyan Abduljalil, Hala Mazin, Mohamed Shannar, Ali Janahi, Hadi Babar, Noor, and my cherished group of friends, Malak Ismail, Nouf Salem, Joree Abbas, Rabab Zulfikar, I cannot express enough gratitude. You have always been there for me, lifting my spirits on challenging days and supporting me through obstacles. I hold you in my heart and will always stand by you, just as you have stood by me.

For those who will read this, I'd like to share some wisdom I wish I had encountered earlier. Life can be exceedingly harsh, sometimes leading to feelings of despair. Remember, regardless of the challenges you face, always rise and embody the person you aspire to be. Strive for greatness and seek to make your parents proud; they are the ones who will always stand by you on your journey.

Friends may come and go, serving as important lessons along the way. Cherish the moments, but do not lose yourself in the process of trying to please others. Focus on your own happiness, learn to respect and love yourself, and prioritize your own well-being.

Reflecting on these past years, I recognize that I have faced a multitude of challenges, each with its own impact. These experiences have tested my strength and resilience, shaping my character and perspective. I take pride in having emerged not just stronger, but also more insightful, equipped with valuable life lessons about perseverance, empathy, and self-discovery. I am profoundly grateful for this journey, as it has been crucial in defining my identity and values. Each moment has served as a steppingstone toward becoming who I am today.

Malak Imran Ismail

To start off, الحمد لله. Looking back at my school years, my heart is filled with gratitude for every moment, lesson, and person who walked this journey with me. These years were more than studying, they were years of growth, discovery, laughter, and learning who I truly am. Every day, whether easy or challenging, shaped me into the person I am today.

First and always, I want to thank my family. To my mom, no words could ever fully capture how grateful I am for you. You were my comfort on hard days, my strength when I felt weak, and my motivation when I doubted myself. Every sacrifice you made lives within me, and you taught me the true meaning of love, patience, and dedication. To my dad, thank you for your guidance, care, and constant reminders to stay strong. You taught me resilience, patience, and how to keep going even when life felt overwhelming.

To my sisters, Ayah and Jenan, and my grandparents, thank you for being my safe place through every high and low. You were my backbone steady, unwavering, and full of love, reminding me of my worth even when I forgot it myself. To my cousins, Sofia and Layal, thank you for being more than family. You were my laughter in heavy moments, my comfort in silence, and proof that love can truly feel like home.

To my friends and classmates, especially the Al Werdi group: Joree, Rabab, Nouf, Fatima, Shayenne, and Natalie. There are no words that can express how thankful I am for you. We grew up together, watching each other change and rise. You are more than friends; you are my family. Joree, my twin soul and biggest supporter; Rabab, my calm in chaos; Nouf, my guidance when I feel lost; Fatima, my strength to keep trying; Shayenne, my shine to my shimmer; Natalie, my joy and laughter. Because of you, school was never just a place; it was a life we shared.

Through programs, extracurricular activities, AHISMUN, Trade Quest, and countless projects, I met classmates who inspired me and stood beside me. Thank you to all my classmates who supported me, encouraged me, and made every memory unforgettable. These bonds will stay with me wherever life takes me.

I am also deeply thankful to my teachers, especially Ms. Deena, Ms. Lisha, Ms. Vyshaki, and Mr. Bader, for believing in me and giving me opportunities to grow with confidence.

As this chapter closes, my heart feels both heavy and full. This ending is not easy, but I move forward carrying gratitude and memories that will never fade. This chapter may end, but it will always live within me, lighting my path and holding a permanent place in my heart.

Noof Fadhul Salim

As I come to the end of my school journey, I look back with gratitude, pride, and countless memories that have shaped who I am today. This dedication is for my school, my family, my friends, and my teachers who supported me throughout my school journey and helped shape who I am today. Looking back on these years, I realize how much I have grown, not only academically, but also personally. School has been more than a place to learn; it has been a place to explore, to challenge myself, and to create memories that I will carry with me for a lifetime. Every day has been a step toward becoming a more responsible, confident, and caring person, and I am grateful to everyone who has been part of this journey. First and foremost, I want to thank my parents. Your endless support, patience, and sacrifices gave me the strength to keep going, even during difficult moments. To my sister, thank you for always encouraging me and reminding me to believe in myself. Your support means more than words can express.

To my friends, Rabab, Malak, Joree, Natalie, and Fatima, thank you for turning ordinary school days into unforgettable memories. From shared laughs and group projects to stressful exams and late-night talks, you made this journey lighter and more joyful. Your friendship taught me the importance of trust, teamwork, and kindness.

I am especially grateful to my teachers, whose dedication and encouragement have been invaluable. Ms. Lisha's guidance and kindness made every lesson engaging and supportive. Ms. Vysaki's belief in my abilities pushed me to challenge myself and grow, not only academically but also personally. Mr. Mahmoud's encouragement inspired me to work harder and aim higher, teaching me the value of perseverance and determination. I also want to thank the school counselors and coordinators for always being there to listen, guide, and support us through both academic and personal challenges.

As I prepare to take the next steps in my life, I will carry with me the values my school has instilled in me: perseverance, respect, kindness, responsibility, and self-growth. Of course, none of this would have been possible without my family. They have given me endless love, support, and encouragement, making countless sacrifices to help me succeed. I am proud of what I have achieved and grateful to everyone who has helped me along the way. I look forward to the future with hope, confidence, and determination, ready to continue learning, growing, and making my school proud.

Minha Faris

Beginning with the name of Allah, who was with me in every moment of joy and difficulty, in times of ease and hardship. He made things possible for me when I thought they were not. I want to thank my parents for always supporting and encouraging me, no matter what. I would not be where I am today without them. I also want to thank my friends and teachers who were a big part of my school journey and taught me many important lessons.

To my friends, especially Rodayna, Yara, Alya, and everyone else I had the privilege to learn from, thank you for the memories, laughter, and lessons we shared. Some of the moments I value most were spent with you. I still clearly remember the senior breakfast when the whole senior class went to Avenues. After eating together, we went on a fun boat ride, took so many pictures, and then walked around the mall just enjoying each other's company. Thinking about that day brings tears to my eyes, because it reminds me of how special those moments were and how quickly time passed.

Another memorable experience was the Grade 10 field trip. We played many games, including the escape room, bowling, and skating. It was a day full of fun, excitement, and laughter, and it brought us closer together. Moments like these made school feel more than just classes and exams.

Not to forget Diversity Day, where we all represent different countries, cultures, and traditions. Everyone brought food from their culture and wore colorful traditional clothes. The school felt so lively that day, and it was honestly so much fun. It showed how diverse our community is and how we can all come together and celebrate our differences. It is truly a memory I will always remember.

I am very thankful to my teachers, especially Mr. Bacem, Mr. Mahmood Sheiaway, Mr. Bader, Mr. Saeed, Miss Vyshaki, Miss Lali, and Miss Eman Ibrahim, along with many others who supported me throughout the years. I am also truly thankful for Miss Deena, Miss Sowmya, and the amazing school staff who took care of our school's cleanliness and maintained that state every day. Their hard work often goes unnoticed, but it made our school a comfortable and welcoming place.

This school taught me to never give up on my dreams and to keep going even in the face of hardships. I am highly grateful to everyone who helped me achieve these experiences and memories that I will forever cherish for the rest of my life. Naturally, none of this would have been possible without the help, love, and guidance of Allah.

My journey at Al Hekma International School was short, beginning in Grade 11, yet its impact was far greater than its duration. In a world where growth is measured by years, this experience taught me that true development is measured by moments, responsibility, and trust. This chapter may have been brief, but it was intense, meaningful, and transformative in ways that will stay with me long after it ended. What truly set this journey apart was the confidence placed in me. I extend my sincere gratitude to all the staff and faculty of Al Hekma International School for trusting me, supporting me, and giving me opportunities that allowed me to grow beyond expectations. Being trusted shapes character. It creates accountability, sharpens discipline, and builds a powerful sense of purpose. This environment did more than educate me; it empowered me to step forward, take initiative, and believe in my abilities.

Throughout this journey, I experienced moments that challenged me to grow academically, socially, and personally. I learned the value of responsibility, the importance of consistency, and the impact of respectful collaboration. Al Hekma's influenced the way I think and act today.

Behind every step forward stands a solid foundation. To my mother and father, thank you for your sacrifices, guidance, and constant belief in me. Your support gave me stability and strength throughout this journey and reminded me to remain focused and grateful. To my sisters, Haya and Alyah, thank you for being my motivation and my reminder of what truly matters. Your presence inspires me to always strive to be better. I am grateful to Allah for every door that opened, every challenge that strengthened me, and every lesson that refined me. Not every moment was easy, but every moment was purposeful. This experience taught me that growth does not wait for time; it responds to effort, faith, and intention.

Though my time at Al Hekma International School was short, it left a lasting mark. I leave with clarity, confidence, gratitude, and readiness for what lies ahead.

الحمد لله على كل حال

Ganah Sayed Mohamed Shalaby

As I write this letter, I never imagined I would reach this moment, wear my graduation gown, and realize I would not see my classmates, teachers, and friends every day anymore. Without these people, my high school years would not have been meaningful. Even though I was one of the quietest people in school, I enjoyed the trivial things, the jokes, the laughs, every P.E. class, and the small moments that made school feel special.

I want to thank everyone who supported me throughout these years and made school feel like my second home. When I first came to Bahrain in grade 5, I felt like I was lost. I did not know the culture, and for a long time I felt like I did not belong here and wished I could go back home. Until grade 9, I often felt like "the quiet kid" and wished many times to go back to Egypt. But everything changed when I met the right people, understanding teachers and respectful classmates. By grade 11, I finally felt like I belonged. I became more confident, started presenting better in class, and even saw my grades improve.

To all my amazing friends, Alyaa Abduljabbar, Dana Anas, Shayenne Farouk, Khalid AlHashimi, Omar Hachicho, Ali Nemer, Adam Dawood, and many others I wish I could mention, thank you for being my friends. You all have a special place in my heart; you guys helped me change into the person who I am now. Your support and friendship helped shape who I am today; you all made me feel included and made me feel like I belong. I will always be grateful for the memories we share.

To Alyaa Abduljabbar, my best friend in grades 10 and 11, thank you for being there for me during my lowest moments and making my final school years unforgettable. Sitting next to each other, joking, helping one another, and even playing Royale High together are memories I will always cherish. I am so thankful to you and hope our friendship continues.

To Dana and Shayenne, I will deeply miss spending break times and hanging out with you in and outside of school. Dana, sitting next to you made classes more fun, and you always knew how to make me laugh and feel better. The time we spent together and the support you both gave me mean more than you know, and I will always cherish those memories.

Lastly, to all my teachers, especially Ms. Vyshaki, Ms. Lisha, and Mr. Mahmoud Shetiway, thank you for your patience, guidance, and belief in me. As I move on to a new chapter, I will carry these memories with me forever. This school did not just educate me; it made me feel like I belonged, and it will always feel like home.

Omar Ahmed AlMahmood

This dedication is for everyone who supported me throughout my school journey and helped me grow both academically and personally. Looking back, I realized school was not just about classes and grades, but a place where I discovered who I am, what I enjoy, and what truly matters to me. Every challenge, memory, and achievement shaped the person I am today.

First, I want to thank my family. My mom and dad have always supported and encouraged me, even during difficult times. They taught me responsibility, discipline, and the importance of never giving up. My sister has always been there with understanding and support, and I would also like to thank Abood, my parrot, who became a comforting presence during stressful moments.

AHIS has been a big part of my life since preschool and always felt more like home than just school. It helped me grow creatively, especially through art, which later introduced me to music. Winning art contests, performing, starting my own band, playing lead guitar, and providing backing vocals helped me express myself and gain confidence. Music became an outlet that allowed me to explore my creativity.

I am especially grateful for my friends Abdulhaadi, Ahmed AlSubaiee, Ali Nemer, Hamza Salamat, Adam Dawood, and Khalid Alhashemi, who made my school life unforgettable. Abdulhaadi and I shared countless memories as laughing non stop, those moments made school life more meaningful. Ahmed AlSubaiee was always great to talk to, especially about video games, superheroes, and music. Ali Nemer is one of the most open-minded and fun people I know. Hamza Salamat means a lot to me; having him back at AHIS brought me so much joy. He was always there to listen and support me. Adam Dawood and I have been best friends for years, and some of my favorite memories are simply trying to set up his Xbox 360 and playing games together. Khalid Alhashemi brought endless laughter.

I would like to thank my teachers, especially Mr. Bader, Mr. Bacem, Mr. Mahmood, Mr. Nasr, Ms. Javaria, Ms. Huda, Ms. Lisha, Ms. Adreen, Ms. Deena, Ms. Fatima, Ms. Sowmya, and Ms. Yamini. Their patience and guidance helped me grow academically and personally. Ms. Javaria supported me even outside class and made math encouraging and enjoyable. Ms. Lisha made physics meaningful and engaging. I share a special connection with Mr. Bader, as we share similar interests and musical tastes, which made school feel more personal. I am also grateful to Ms. Adreen for always supporting my career goals and hobbies.

As I move on to the next chapter of my life, I carry the lessons, memories, and friendships I gained along the way. I am thankful to every person who helped me grow and look toward the future with gratitude, confidence, and hope.

"You've got to be yourself. That is the best way to stand out."

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ
وَأَخِيرَ دَعْوَاهُمْ أَنْ الْحَمْدُ لِلَّهِ رَبِّ الْعَالَمِينَ

As I look back on my school journey, Al Hekma has been my second home since preschool and holds a very special place in my heart. I grew up here, learned my first lessons, and created memories I will never forget. Every corner of this school reminds me of a moment, a laugh, a challenge, or success. I still cannot believe that I have graduated and will no longer be a student here. Saying goodbye feels unreal, but I will always carry Al Hekma and its memories with me. I thank Allah first for guiding me through every step. Through every success and difficulty, my faith gave me strength, patience, and hope, reminding me that everything happens for a reason.

I owe my family more than words can express. I once thought life was easy on its own, not realizing that they were the ones making it easy for me. They carried the tiredness so I would not feel it, smiled so that I could smile, and supported me through every moment. My family taught me the meaning of love, patience, and care, and I will always treasure them. In this world, we truly have no one but our family.

اللهم أهلي حتى عتبات الجنة

My mom has always been by my side, supporting me through every step of my journey. On both hard and happy days, she listened, comforted me, and encouraged me to keep going. Her love gave me strength and confidence, and I am forever grateful. I love you so much.

My dad has also always been there for me, guiding and protecting me. His strength, advice, and belief in me pushed me forward even when things felt difficult. Thank you for every sacrifice, lesson, and moment of support. I love you, my hero.

أملك وأبوك اثنين مادونهم دون
هم لذة الدنيا باول وتالي

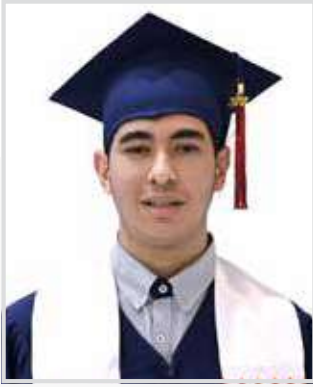

To my friends, thank you for making these years unforgettable, especially my trio Ameena and Dana. Ameena, my childhood friend, we grew up together from preschool to Grade 12, sharing every stage of life side by side. Our bond is truly one of a kind, and I hope we stay close forever. Dana, I am grateful for the strong friendship we built over the past four years. Distance never changed our closeness, and I will always value having you in my life.

To our group "خليها على الله," thank you for the laughs, support, memories, and loyalty we shared. Our bond, positive energy, and unforgettable moments made school life brighter, and I hope this friendship lasts forever.

I am deeply thankful to my teachers, especially Ms. Lisha, Ms. Fatima, Mr. Bacem, Mr. Mahmoud Shetiwy, Mr. Bader, Mr. Nasser, Mr. Mahmoud Alshaawish, and Mr. Mahmoud Bedier. I also thank Ms. Maya, Ms. Rasha, Ms. Mariam, Ms. Zahra, Ms. Eman, and Mr. Mohammed for their guidance and support.

Lastly, الحمد لله for every blessing in my life. I am grateful for my family, friends, teachers, and all the memories that shaped who I am today.

فَلَنْ يَفْضِلَ اللَّهُ وَبِرَحْمَتِهِ فَبِذَلِكَ فَلْيَفْرَحُوا هُوَ خَيْرٌ مِمَّا يَجْمَعُونَ

Yamen Hossam Mekawy

This dedication is for my parents and for my future.

As I look back at my school journey, I feel proud, thankful, and emotional. These years were not always easy, but they shaped who I am today. First, I want to thank my mother and father. Without them, none of this would be possible. They supported me through every challenge and celebrated every small success. They taught me patience, responsibility, and resilience, and they always reminded me to believe in myself, even when I doubted myself.

I also want to thank my friend, Omar Mehanna. School life became easier and more enjoyable because of his support and friendship. We shared many moments, studying to training and competing, and those memories will always stay with me. Having someone by your side who pushes you to do better truly makes a difference.

I am incredibly grateful to my teachers, especially Mr. Bader and Mr. Shetiwy. They did more than just teach lessons; they motivated me and helped shape my character. Their guidance taught me discipline, focus, and respect. I also want to thank Ms. Rasha for her constant encouragement and support. Knowing that my teachers believed in me pushed me to work harder and stay committed.

Some of my proudest memories come from school achievements. Winning the BAS U18 tournament with the school team was an unforgettable moment that taught me the importance of teamwork and perseverance. Qualifying for the Sheikh Nasser Tournament group stages was another major achievement that showed me how dedication and effort pay off. Academically, being a Principal Honor Roll student and receiving Student of the Month awards for Religion and Discipline meant a lot to me. These achievements reminded me that a balance between hard work and good character is important.

Throughout my school years, I learned valuable lessons about patience, responsibility, and resilience. I learned that setbacks are part of growth and that success comes from consistency and belief.

As I move forward into the future, I will carry these lessons with me. I am thankful for everyone who supported me along this journey, and I hope to continue making my parents, teachers, and school proud. This chapter may be ending, but a new one is just beginning.

It is strange how school days felt so long, yet these 14 years at AHIS went by so fast. Looking back, I am filled with gratitude for everything I have experienced. I realize how much I have changed since I first started. Every talk with a friend, every lesson in class, and every day helped me grow into the person I am today, and I am truly thankful for every moment.

To my parents

Mama, my best friend, thank you for always being by my side. I am who I am today because of your constant support and unconditional love. Baba, my personal hero, thank you for being my backbone, for your patience, and for offering limitless support no matter what the situation is. I leave high school with a diploma in my hand and the world's best support system in my heart.

To my brother

Thank you for being my first friend and biggest rival. We have had our fair share of disagreements, but there is no one else I would rather have by my side. Thank you for the endless bonding moments and for always having my back, even when we do not see eye to eye.

To my soul sisters

Thank you for making these years unforgettable. Aya, thank you for always being by my side and adding that perfectly touch to everything we do. Hala, you have been with me since day one; I am grateful for your kind heart and your advice when I need it most. Bayan, you are the kindest and most fun person I know, and your energy brings pure joy to every room. I am so lucky to have you all as my chosen family.

To friends

Bader, thank you for all the laughs and memories over the years. Fatima Ali, thank you for all the help and cherished memories. Salman, thank you for brightening the mood every single day and for being just annoying enough to make me smile even when I am down. And of course, thank you to Mission Impossible (Aya, Mohammed Jaffar, and Abooda) for making school days unforgettable and full of laughter.

To my teachers

Ms. Deena and Ms. Sowmya, thank you for being more like mothers than teachers. I am grateful for your belief in me, the doors you have opened, and the many laughs and long talks we shared. Thank you for always having my back. To Mr. Mohammed, Ms. Lisha, Ms. Vyshaki, Mr. Bader, Ms. Amna, Ms. Javaria, and Mr. Nasser, thank you for your guidance and patience. Each of you played a vital role in my growth, challenging me to think deeper and helping me reach my potential.

It is hard to imagine these hallways without the people who made them special. As we move on, I will miss the friends who became my family. You all made these years more than a school experience; you made them a home. Thank you for the memories that will last a lifetime.

Class of 2026, we made it!

Hamzeh Mahmoud AlSalamat

To everyone, regardless of age: I dedicate these words to you. My time here has taught me that while school is a major milestone, the lessons that truly matter are those of the heart. Be kind! Lead with empathy! Choose honesty! These are not just words; they are the values I hold above everything else. I genuinely believe that kindness is the most powerful thing we can offer one another and the best way to move through life. To anyone who feels hesitant or holds back: Be brave! Do the thing you are scared of doing. Take that leap, talk to the person you want to be friends with, and build those connections. Reaching out is what profoundly changes your life and turns a building into a community. My favorite memories happened because I chose to engage. I will never forget my birthday celebration at the coffee shop next to school, because I was traveling the next day and everyone else was absent; it was just me and one of my best friends. That quiet afternoon meant more than a huge party ever could. It proved that kindness shines brightly in the quiet moments.

I will always treasure our mornings spent talking about the most random things; those conversations were the highlight of my day. Even the COVID lockdown became the best year of my life because my friend and I stayed connected, playing quick games in the park before rushing back for online classes. I learned that with empathy and the right people by your side, any challenge can become a joyful memory. School was a phase, but one I will reminisce about for as long as I live. To my mom and dad: thank you for your unwavering love and for being my foundation. To my friends: you are my second family, and I admire you more than words can say. Lastly, thank you to my teachers for your guidance and for helping me reach this milestone. To everyone else: Stay kind. Stay empathetic. Thank you for making this journey unforgettable.

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ، الْحَمْدُ لِلَّهِ رَبِّ الْعَالَمِينَ

As I reach the end of this chapter, I look back with gratitude on the years that shaped me into who I am today. School was not only a place of learning, but a space where I grew, learned patience, faced challenges, and created memories that will stay with me forever.

First and foremost, I dedicate this journey to my family, my greatest source of strength. Mama, you are my safe place and my best friend. Your love, advice, and constant reassurance carried me through every moment of doubt. You believed in me even when I struggled to believe in myself, and for that, I am endlessly thankful. Baba, your support has always been steady and unconditional. You showed me what strength, discipline, and commitment look like, and I am proud to be your daughter. Your example continues to inspire me to work hard and aim higher.

To my older brother, Faisal, watching you graduate last year became one of my biggest motivations. Your determination encouraged me to stay focused and complete my own journey with confidence. To my little sister, Mariam, your love, excitement, and the way you look up to me remind me every day that I can be a source of inspiration to others. You motivate me to be the best version of myself. To my grandparents, cousins, aunts, and uncles, thank you for your constant encouragement, laughter, and support, which made this journey lighter and more meaningful.

To my friends, those within school and beyond it, thank you for walking beside me through every high and low. You were my support system, my comfort, and my motivation. The laughter, memories, and growth we shared will always be part of me, no matter where life takes us. I am grateful to my teachers for believing in my potential and pushing me to grow. You challenged me to think differently, encouraged me to curiosity, and gave me the confidence to chase my goals beyond the classroom. Your lessons will stay with me far beyond school.

I also dedicate this achievement to myself for the strength to keep going, the courage to face challenges, and the determination to never give up.

اللهم مع ختام هذه المرحلة ، أسألك أن تجعل ما مضى ذكرى جميلة، وما هو قادم خيراً مما أتمنى

As I leave school behind, I carry with me the love, lessons, and values my family, cousins, friends, and teachers gave me. This is not just an ending; it is the beginning of a new journey, and I step forward with confidence, gratitude, and hope for the future.

Mohammed Ahmed Shannar

From late-night study sessions to spontaneous adventures, you filled these years with laughter and unforgettable memories. I'm so lucky to have shared this chapter of my life with you.

A heartfelt thank you to my teachers, especially Mrs. Lisha, Mr. Bacem, and Coach Nasr. You pushed me to do my best and helped me discover strengths I didn't know I had.

Another highlight was participating in the model United Nations. Working with the student leadership team was an eye-opening experience. Organizing events, collaborating with staff, and helping our school community taught me about responsibility, empathy, and the power of giving back.

Throughout it all, I have learned so much, never give up, treat others with kindness, and always stay true to yourself. Al Hekma International School has not just prepared me academically but also helped me grow into a better person. As I look forward to the future, I carry these lessons and memories with me.

Khalil Ebrahim Shamlooh

الحمد لله الذي بنعمته تتم الصالحات، واللهم لك الحمد كما ينبغي لجلال وجهك وعظيم سلطانتك، واللهم لك الحمد حتى ترضى، ولك الحمد بعد الرضا، ولك الحمد إذا رضيت.

I can hardly believe that I, Khalil Ebrahim Shamlooh, graduated after 14 years filled with growth, memories, and lessons that passed faster than I ever imagined. What once felt like a long journey now feels like a beautiful chapter that closed in the blink of an eye. These years were not only about academics but also about learning confidence and dedication and discovering who I truly am.

{بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ}
{قَلَّا تَقُلْ لَهُمَا أَفَّ وَلَدَ تَنْهَرُهُمَا وَقُلْ لَهُمَا قَوْلًا كَرِيمًا}

The paradise of my life, my mother. She is the reason I am here today and the reason I overcame every obstacle in my path. Her motivation, guidance, and endless support gave me strength in my hardest moments. She taught me patience, kindness, and perseverance, and her words always lifted me when I doubted myself. I can never fully express how grateful I am. Thank you, Mom; your love means everything to me. My father, my idol, thank you for shaping the person I am today. You taught me how to face life with confidence and responsibility, how to solve problems instead of giving up, and how to depend on myself. From fixing things around the house to teaching me the value of hard work and patience, your lessons will stay with me forever.

My little sister, Soso, holds a special place in my heart. From annoying her on purpose to protecting her whenever she needs me, she will always be my little sister. She takes my hoodies and asks for everything, and I can never say no. I love you and promise to always be there for you.

And to my other little sister, even if you don't understand all this yet, know that you mean the world to me. Your smile and laughter brighten my days, and I promise to guide, support, and protect you always. I love you more than words can say.

I am incredibly thankful for my friends, Hussain, Abdulaziz, Ali Janahi, Hamza Maged, and Hamza Hassan and for all the friends I couldn't mention. Each of you made my school years unforgettable. A special thank you to my group "خليها على الله" for always having my back and becoming more than friends; you became family.

Some moments will always stay close to my heart, especially Senior Padel 2025 and AHIS MUN 2025. I am also proud of my football journey, winning 1st place in Under 18 Football (2025), a historic and unforgettable ending.

Finally, I thank all my teachers, especially Mr. Nasr, Mr. Mahmoud Bedier, Mr. Mahmoud Shetivy, Dr. Saeed, Ms. Lisha, and Ms. Adreen, for believing in me and pushing me to aim higher.

As I move forward, I carry these memories, lessons, and friendships with me.

أستودعكم الله

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ
(وَأَذِرْ دَعْوَاهُمْ أَنْ الْحَمْدُ لِلَّهِ رَبِّ الْعَالَمِينَ)

As I look back at my time in high school, I feel a mix of happiness and gratitude. These years at AHIS have truly been special, shaping who I am today.

From the very first day, I felt embraced by a warm and supportive community at AHIS. While I made many friends who became like family members, I wanted to take a moment to express my deepest gratitude to my parents. Thank you, Dad and Mom, for raising me with love and guidance. Your support has been invaluable, and you were always there to help me through challenges and celebrate my successes. I am especially thankful to my friends Ali Alghatam, Hamza Maged, Abdulaziz Omar, Khalil Ebrahim, and Ali Janahi. You stood by me during tough times, and we shared countless laughs together. Each moment spent with all of you has made my high school experience vibrant and truly memorable. Your friendship, combined with my parents' support, has enriched my life in ways I will always cherish.

Football has been a huge part of my life during these years. I played on the school team for several years and joined a club to further pursue my passion for sport. The thrill of playing matches, practicing with my teammates, and celebrating our victories was incredible. I learned the importance of teamwork and dedication, and these experiences will stay with me forever. The joy of winning games and the bond formed with my teammates made each moment worthwhile.

I also want to thank my teachers for their guidance and support. A special shoutout goes to Mr. Anas, who left our school last year, for his inspiring teaching. He helped me grow academically and personally. I am also grateful to Mr. Mohammed and Ms. Vysahki, for making learning enjoyable and motivating. Your encouragement made a significant difference in my life.

As I prepare to move on to the next chapter, I will carry out the lessons and memories from AHIS with me. These years have given me the confidence to pursue my dreams, whether in football or other areas of my life.

Thank you all for being a part of this amazing journey. I look forward to what the future holds, but I will always cherish the time I spent at AHIS. I also want to take a moment to wish my sister the best of luck. I hope she graduates with the best marks and continues to shine in all her endeavors.

«بسم الله الرحمن الرحيم الحمد لله دائماً وأبداً»

As I look back to my first days at AHIS, all the way from KG, I remember holding my parents' hands and crying, refusing to let go. I was afraid that school would take me away from my family. I never knew that this place would create a second family. A journey that started here from a shy girl to a confident graduate who achieved all of her dreams.

To my lovely parents, you mean the world to me. Your belief in me made me who I am today. I wouldn't have reached this point in my life without you.

Thank you, Mama, my one and only best friend. Thank you for every single day you stood by my side, for never leaving me when I felt lost, and for praying for me. You always pushed me to go after everything I dreamed of, teaching me to face life without fear and to believe in myself even when I doubted. I will never forget what you always told me, "من جد وجد ومن زرع حصد". Without you, Mama, I wouldn't be where I am today.

Thank you, Baba, for everything you have done for me throughout these years. From day one, you taught me, guided me, and stayed up with me through long nights, helping me through my hardest moments. You always pushed me to give my all in life and to never give up on any challenges I face, helping me discover strengths I never knew I had and encouraging me to keep going, always for my own benefit. Your support has shaped my strength and determination.

To my beloved Brother Talal, to whom I look up to, thank you for every little help and support you gave me during my rough days. Our humor always managed to light me up, even in my hardest moments. Thank you for being my encouragement. You have always been there for me. I appreciate you more than you will ever know.

To my friends, thank you for the memories, laughter, and support. You are like sisters and brothers to me, I wish you nothing but beautiful years ahead. A special thank you to my constant supporter in my school journey, Fatima Hashim. To my friends outside school, thank you for your support and for celebrating my achievements. And to my Class of 2026, we leave with memories that we created together.

To Ms.Vysakhi, Ms. Lisha, Mr. Mahmoud Bedier, Mr. Mahmoud Shetiwy, and Mr. Bacem thank you for your guidance. I will never forget your unwavering support.

Thank you to Ms. Sowmya and Ms.Deena for believing in me, helping me grow more confident, and giving me the chance to be part of AHISMUN VIII Core Team. I would like to thank my Core Team (Bader, Omar Abdullrahman, Hassan Bahman) who stood by my side and shared so many memories, late meetings, and laughter with me. And thank you to my whole team for supporting me throughout this journey.

Thank you, AHIS, for everything, and we continue our lifelong learning.

Abdul Haadi Shahzad

It was a Sunday morning in September 2023 when my bus arrived at the doorstep of AHIS and my first day had begun. Since then, I have transformed as a student, as a man, and as a person. I would like to thank Allah for making me confident enough to face every challenge thrown my way, helping me become stronger during my three years at AHIS.

I would like to thank my parents for pushing me toward academic excellence. Without their support, I would not be where I am today. Every talk, lesson, and lecture taught me how to become a better man. I would also like to thank my sister Hidaya for encouraging me when I was not in the mood.

I would like to thank my teachers, Mr. Bader, Mr. Bacem, Mr. Shetiwy, Mr. Nasr, Ms. Lisha, Ms. Deena, Ms. Adreen, and Ms. Iman, for pushing me toward academic success and encouraging me to participate in extracurricular activities. I would also like to thank teachers who did not teach me directly but still had a positive impact on me, such as Ms. Charlize and Mr. Faisal, who always gave me honest advice. A special shoutout goes to the one and only Mr. Mohammad, and wise man whose knowledge of American cars is unmatched. I had a wonderful time with you in Turkey as our captain. Watching you drive the ATV through the forests of Sapanca will forever remain a beautiful memory. Saving the best for last, I want to thank all my friends who stayed with me through the highs and lows.

First and foremost, Dashti is more like family and a brother than a school friend. From driving around together to studying, swimming, working out, and having late-night conversations, he has proven to be a loyal friend. Standing by my side through thick and thin, he has always been a real one. I am proud to have him in my circle.

Ali Nemer, no less than a brother, has always inspired me with his passion in academic and extracurricular activities. As my first friend in AHIS, I have countless memories and a 10GB album of pictures with him. From fun moments to serious ones, we have been through it all.

Thirdly, Omar Mahmoud, you have always supported me, even during difficult moments. From playing Call of Duty on public servers to creating unforgettable memories, you truly stayed by my side as a real friend.

Malak Imran, thank you for being such a friendly and wise person. I will always cherish the moments we shared in Trade Quest. I would also like to thank all the alumni who guided us through high school: Zaid Wazani, Ali AlAnni, Hasan Janahi, Ahmed Jassim, Mohammad Shams, Hashim Amjad, and Rashid Khadem. They were like older brothers who guided and protected their juniors.

Finally, to my juniors with whom I had an amazing last year, good luck in all your future endeavors. Younis, Saif, Naydi, Shamsi, Mannaei, Jahromi, Ayham, Zayani, Shehabi, Badoor, Mahdi, Maya, Juju, Lea, and Zainab, all of you will always be close to my heart.

Long Live Your Glory, O My Homeland!

Al Hekma International School proudly organized a distinctive National Bazaar in celebration of the National Day of the Kingdom of Bahrain. The campus was beautifully adorned in red and white, creating a joyful atmosphere filled with pride and national belonging.

School corridors came alive with Bahraini flags and patriotic messages, while students expressed their deep love for their homeland and loyalty to the wise leadership through active participation. Dressed proudly in traditional and national attire, they embodied a strong sense of identity and pride in their heritage. The celebration featured creative musical and performance segments presented by students, reflecting their genuine sense of belonging and national pride. جائزة اليونسكو الملك حمد بن عيسى آل خليفة لاستخدام تكنولوجيا المعلومات والاتصال في التعليم!

STREAM المستدامة، بالإضافة إلى فوزها بجائزتين مرموقتين في معرض GESS دبي.

وكان مشروع الطالب (Moss Project) أبرز إنجازات هذا العام، وهو نموذج مبتكر ومستدام مستوحى من برجي مركز البحرين التجاري العالمي. صمم الطلاب وبنوا هيكلًا ذاتي الاكتفاء يعتمد على الطاقة الحيوية التي تنتجها الطالب الطبيعية لتوليد الطاقة النظيفة والأكسجين، مما يجسد العلاقة بين الطبيعة والهندسة الحديثة. وقد عُرض البرج مصحوبًا بصناديق مضيئة لأهداف التنمية المستدامة (SDG Light Boxes)، كرمز لدمج أهداف الاستدامة في التعليم والتكنولوجيا. يعكس المشروع إبداع الطلاب ومهاراتهم البحثية وقدرتهم على تحويل المفاهيم البيئية إلى ابتكارات علمية ملموسة، وهو مثال متميز على تطبيق مفهوم STREAM في التعليم، حيث تتكامل مجالات العلوم والتكنولوجيا والبحث والهندسة والفنون والرياضيات لإلهام حلول واقعية تساهم في بناء مستقبل أكثر خضرة وذكاءً.

وبصفتها أول مدرسة معتمدة في البحرين في مجال STREAM، تواصل مدرسة الحكمة الدولية مسيرتها الريادية في دمج الابتكار والاستدامة والبحث العلمي عبر مختلف التخصصات، كما تسعى من خلال نهجها STREAM إلى تنمية جيل من المبدعين العالميين القادرين على إحداث تغيير إيجابي والمساهمة في بناء عالم أكثر استدامة وتقنًا تكنولوجياً.

تفتخر مدرسة الحكمة الدولية بمشاركتها في جائزة اليونسكو الملك حمد بن عيسى آل خليفة لاستخدام تكنولوجيا المعلومات والاتصال في التعليم، والتي تستضيفها مملكة البحرين هذا العام بمناسبة الذكرى العشرين لتأسيس الجائزة. يُعد هذا الحدث الدولي المرموق احتفالًا بالابتكار والإبداع والريادة في دمج التكنولوجيا لتعزيز عملية التعليم والتعلم حول العالم. وتعكس مشاركة المدرسة في هذه النسخة المميزة التزامها المستمر بالابتكار التربوي والاستدامة والتميز، كما تسلط الضوء على دورها الريادي في تعزيز الثقافة الرقمية والمواطنة المسؤولة والوعي العالمي بما يتماشى مع رؤية اليونسكو وأولويات مملكة البحرين في التعليم النوعي والتنمية المستدامة.

في مدرسة الحكمة الدولية، لا تُعتبر الاستدامة مجرد موضوع دراسي بل هي نهج تفكير وثقافة متجذرة في بيئة التعلم. ونسعى من خلالها إلى تمكين الطلبة من التفكير النقدي، والتصرف بمسؤولية، والابتكار بأسلوب مستدام. تُنفذ جميع مشاريعنا بما يتماشى مع رؤية البحرين ٢٠٣٠ وخطة البحرين ٢٠٦٠ وأهداف التنمية المستدامة للأمم المتحدة.

وعلى مدى ثلاثة عشر عامًا، تفخر المدرسة بكونها مدرسة منتسبة لليونسكو وواحدة من الأعضاء المؤسسين في برنامج المدارس المستدامة في مملكة البحرين. ويشارك طلابنا بفعالية في المبادرات البيئية محليًا ودوليًا، وقد حصلت المدرسة على العديد من الجوائز، منها التكريم من حملة يوم الأرض التابعة لشبكة CNN، ومنظمة ENO العالمية، ووزارة التربية والتعليم على مشروع الحديقة المدرسية. كما نالت المدرسة جوائز تقديرية لدورها كسفير بيئي ولتميزها في مشاريع

UNESCO King Hamad Bin Isa Al Khalifa Prize for the Use of ICT in Education!

Al Hekma International School proudly takes part in the UNESCO King Hamad Bin Isa Al Khalifa Prize for the Use of ICT in Education, hosted this year by the Kingdom of Bahrain on the occasion of the prize's 20th anniversary. This prestigious international event celebrates innovation, creativity, and leadership in the integration of technology to enhance teaching and learning worldwide. Our participation in this exceptional edition of the UNESCO Prize reflects AHIS's ongoing commitment to educational innovation, sustainability, and excellence. It also highlights the school's dedication to fostering digital literacy, responsible citizenship, and global awareness, values that align with UNESCO's vision and Bahrain's national priorities for quality education and sustainable development.

At Al Hekma International School, sustainability is not merely a topic we teach, it is a mindset we cultivate. Our goal is to empower students to think critically, act responsibly, and innovate sustainably. Every project we implement is designed to align with Bahrain Vision 2030, Blueprint Bahrain 2060, and the UNESCO Sustainable Development Goals (SDGs). For the past 13 years, we have proudly served as a UNESCO-affiliated school and are recognized as one of the founding members of the Sustainable Schools Program in Bahrain. Our students actively participate in both local and international sustainability initiatives, and our school has been honored with multiple awards, including recognition from the CNN Earth Day Campaign, ENO Schools, and the Ministry of Education for our School Garden Project. We have also received awards for our role as Environmental Ambassadors and for our STREAM Sustainable Projects, earning two distinguished awards from GESS Dubai.

The highlight of the year was the Moss Project, an innovative and sustainable model inspired by Bahrain's World Trade Center Twin Towers. Students designed and built a self-sustaining structure powered by natural moss, which produces clean energy and oxygen while representing the link between nature and modern engineering. The tower was displayed with SDG Light Boxes, symbolizing the integration of sustainability goals in education and technology. The project reflected the students' creativity, research skills, and their ability to transform environmental concepts into tangible scientific innovation. It stood out as an exceptional example of applied STREAM learning, showcasing how Science, Technology, Research, Engineering, Arts, and Math can merge to inspire real-world solutions and promote a greener, smarter future. As the first certified STREAM school in Bahrain, Al Hekma International School continues to lead with innovation and purpose, embedding sustainability, research, and technology across all disciplines. Through its STREAM approach, AHIS nurtures globally minded innovators who are equipped to design meaningful change and contribute to a more sustainable and technologically advanced world.

قدّم طلابنا بكل فخر عرضًا حول برنامج الحرم المدرسي للمرحلة الثانوية، مسلطين الضوء على الجهود المتميزة التي تُنفذ في حديقتنا التعليمية للزراعة المستدامة، بما في ذلك المبادرات البيئية التي يقودها الطلاب والممارسات البيئية الواقعية التي يطبقونها. وقد عكس عرضهم روح البحث والمسؤولية والالتزام بالاستدامة البيئية التي تميز AHIS.

تضمنت القمة برنامجًا ثريًا من الفعاليات، شمل ورش عمل للطهي المستدام، ومناظرات بيئية، وأنشطة تطبيقية عملية، وعروضًا طلابية قدمتها مدارس من مختلف أنحاء مملكة البحرين.

ونحن فخورون بشكل خاص بالإعلان عن فوز طالبتنا في المرحلة الثانوية، دانا أنور السيد، بجائزة أفضل متحدثة في جلسات المناظرة البيئية للمرحلة الثانوية، وذلك من بين اثنتي عشرة مدرسة خاصة. ويعكس هذا الإنجاز المتميز ثقة طلابنا بأنفسهم، ومهاراتهم في التفكير النقدي، وقدرتهم العالية على التواصل الفعال.

تكريم مدرسة الحكمة الدولية في جوائز البحرين للتعليم ٢٠٢٥

شاركت مدرسة الحكمة الدولية بكل فخر في جوائز البحرين للتعليم ٢٠٢٥، التي نظمتها صحيفة جلف إنسايدر، حيث تم تكريم المؤسسات التعليمية في المملكة تقديراً لجهودها في الابتكار التربوي

وخلال الحدث، استعرضت المدرسة مبادرة مسار الذكاء الاصطناعي (AI Pathway)، وهو إطار مدرسي شامل يدمج الذكاء الاصطناعي في التعليم والتعلم والقيادة وفق ضوابط أخلاقية وتطبيقية واضحة. ولا يقتصر هذا التوجه على استخدام الأدوات التقنية فحسب، بل يعزز الاستخدام المسؤول للذكاء الاصطناعي، ويدعم التطور المعرفي، ويرفع كفاءة التعلم لكل من الطلبة والمعلمين.

ويعكس هذا التكريم التزام المدرسة المستمر بالابتكار الهادف وإعداد الطلبة لمستقبل يقوده الذكاء الاصطناعي.

... ١٠٠ يوم من النمو... ومحبة تدوم مدى الحياة في روضة مدرسة الحكمة الدولية!

احتفل أطفالنا الصغار بهذه المناسبة بأسلوبهم الإبداعي من خلال قمصانهم المميزة التي زينوها بـ "١٠٠ عنصر"، لكن أجمل لحظات اليوم كانت ذلك التواصل الإنساني الرائع حين استقبلنا أجدادهم وجدّاتهم في صفوفنا. من الرسائل العفوية المليئة بالمشاعر التي عبّر بها الأطفال، إلى الألعاب والأنشطة التفاعلية التي امتلأت بالضحكات وروح المنافسة الجميلة، كان صباحًا استثنائيًا يجمع بين الأجيال في أجواء من الفرح والدفء. إنها لحظات لا تُنسى ومحطات ثمينة في رحلة الطفولة، تصنع ذكريات تبقى في القلب، وتؤكد أن عائلة مدرسة الحكمة الدولية ليست مجرد مدرسة... بل بيت يجمعنا جميعًا.

100 days of growth and a lifetime of love at AHIS Kindergarten!

Our little ones celebrated in style with their creative "100 items" shirts, but the highlight was the beautiful connection made as we welcomed our beloved grandparents into our classrooms. From the sweet, heartfelt messages shared by the children to the laughter-filled games and competitions, it was a morning of pure joy and bridging generations. These are the precious milestones and lifelong memories that make our AHIS family so special.

الاستدامة برؤية اليونسكو في مدرسة الحكمة الدولية

يُجسّد طلبة لجنة التعليم الأخضر واليونسكو في مدرسة الحكمة الدولية مفهوم الاستدامة عملياً من خلال استخدام جهاز تحويل بقايا الطعام إلى سماد عضوي، ضمن مبادرة بيئية تنسجم مع دور المدرسة كمدرسة منتسبة لليونسكو وعضو مؤسس في شراكة المدارس المستدامة في مملكة البحرين. يقود الطلبة هذا المشروع من خلال جمع بقايا الطعام من مقصف المدرسة ووجباتهم اليومية، بهدف تقليل الهدر الغذائي وتحويله إلى سماد عضوي غني بالعناصر الغذائية. ويُعاد استخدام هذا السماد لدعم حديقة المدرسة، والمحمية الزجاجية، ومساحات التعلم الخاصة بالزراعة المستدامة (الزراعة الدائمة).

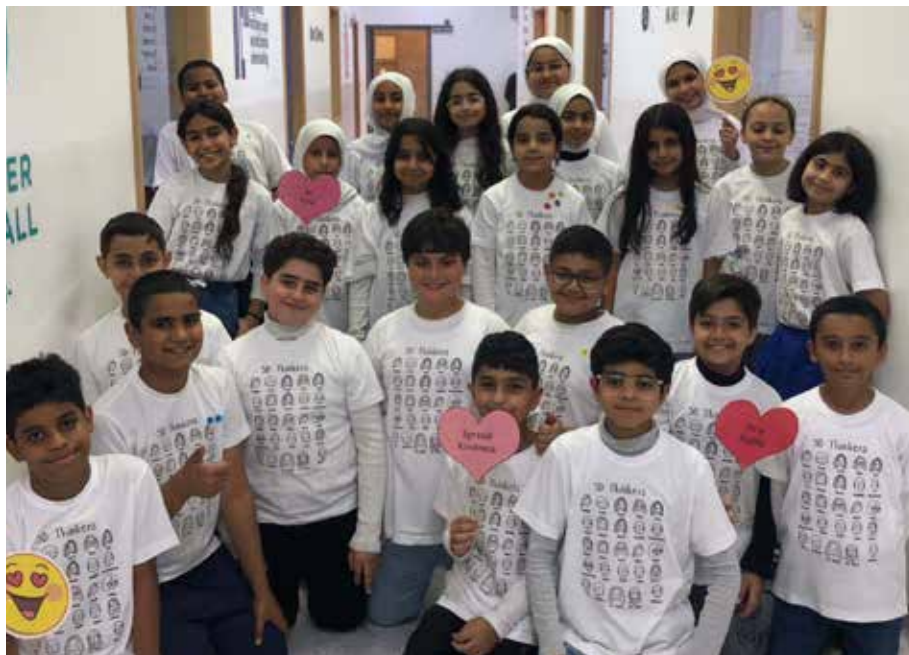

ومن خلال هذه التجربة، يربط الطلبة بين ما يتعلمونه في الصفوف الدراسية والتطبيق البيئي الواقعي، ويعززون سلوكياتهم البيئية المسؤولة، ويدركون دورة الاستدامة الكاملة التي تبدأ من تقليل النفايات وتنتهي بالنمو والإنتاج. وقد أطلق الطلبة بكل فخر على الجهاز اسم «سمادنا المدرسي».

UNESCO Sustainability in Action at AHIS

Our Green Education and UNESCO Committee students are using our compost making machine to transform food waste into organic compost as part of a hands on sustainability initiative aligned with Al Hekma International School's role as a UNESCO school and a founding member of the Bahrain Sustainable Schools Partnership. This student led project focuses on collecting food leftovers from the school cafeteria and students' lunches, reducing food waste while creating nutrient rich compost that is later used to support our school garden, greenhouse, and permaculture learning spaces. Through this experience, students connect classroom learning with real environmental practice, develop responsible ecological habits, and understand the full sustainability cycle from waste to growth. Our students proudly named the machine "School Made Compost".

ES Spirit Day wasn't just about outfits; it was about kindness in action.

Through our "Be a Buddy – Spread Kindness" theme, our students showed us how small gestures, kind words, and thoughtful actions can make a big difference in someone's day.

It was a beautiful reminder that when we choose kindness, we strengthen our sense of belonging and school spirit.

Thank you to our Elementary Student Council and our amazing students for spreading positivity all around our campus

انطلاقة الصف الثامن: بداية رحلة الثانوية

في الثاني عشر من مايو ٢٠٢٦، استضافت مدرسة الحكمة الدولية بكل فخر حفل «الانتقال من المرحلة الإعدادية إلى المرحلة الثانوية»، احتفاءً بطلبة الصف الثامن واستعدادهم لبدء رحلتهم في المرحلة الثانوية.

تضمن الحفل كلمات وتأملات من الطلبة، وعرضًا مرئيًا لذكرياتهم، بالإضافة إلى عرض ملهم حول وظائف المستقبل المدعومة بالذكاء الاصطناعي. كما تم تعريف الطلبة وأولياء الأمور بأهم متطلبات المرحلة الثانوية وموضوعاتها، بما في ذلك المعدل التراكمي (GPA)، والمواد المتقدمة، والتخطيط الأكاديمي، والاستعداد الجامعي، والانضباط الطلابي، والإرشاد الاجتماعي، والنمو الشخصي.

واختتم الحفل بتوزيع الشهادات والتقارير الجماعية، إيذانًا ببداية فصل جديد ومثير في حياة طلبة الصف الثامن مع انتقالهم إلى المرحلة الثانوية. ونحن فخورون جدًا بطلبتنا، ونتطلع إلى رؤية إنجازاتهم ونجاحاتهم المستقبلية في المرحلة الثانوية وما بعدها.

Grade 8 Rising: The Journey to High School Begins!

Al Hekma International School proudly hosted its “Transition Ceremony: Middle to High School,” celebrating Grade 8 students as they prepared to begin their high school journey.

The ceremony included student reflections, a memories video presentation, and an inspiring AI future careers showcase. Students and parents were also introduced to important high school expectations and topics, including GPA, honors subjects, academic planning, university readiness, student discipline, social counseling, and personal growth.

The event concluded with certificate distribution and group photos, marking the beginning of an exciting new chapter for Grade 8 students as they transition into high school. We are incredibly proud of our Grade 8 students and look forward to seeing their future achievements and success in high school and beyond.
